

BUILDING PERMITS NEARING THE MILLION DOLLAR MARK

SIXTY-SEVEN PERMITS ISSUED FOR JUNE, WITH ONE DAY STILL AVAILABLE FOR FILING—TOTAL FOR MONTH REACHES \$177,020 AND UP-TO-DATE FOR THE SEASON \$905,015—REVENUES FIGURE LARGELY IN BUILDING OPERATIONS—LARGE BUSINESS BLOCK.

From Saturday Morning's Leader. Up to last evening, with one more working day still available, the building permits issued for June numbered yesterday 67, representing an aggregate of \$1,770,220.

The total for June includes a large number of residences, the largest being the R. H. Williams block, \$40,000 and the J. W. Smith block, \$35,000. Although the work of excavation for the new McKenzie and Brown block is now pretty well advanced, the permit has not yet been taken out, so that it is not included in the figures for June, which would otherwise be well over the \$2,000,000.

- The following is a list of the permits issued for buildings of a valuation exceeding \$1,000: A. E. Risk, terrace, \$18,000. W. A. Wilson, residence, \$3,000. R. H. Williams, business block, \$40,000. J. J. Ehman, residence, \$1,400. W. S. Bennett, residence, \$1,800. W. F. Vansant, residence, \$1,800.

ADDRESS ON BIBLE SOCIETY

REV. E. SALTER SPEAKS ON THE WORK OF THE BIBLE SOCIETY

From Thursday Morning's Leader. There was an excellent attendance in the Knox church schoolroom last night to listen to the Rev. E. Salter's address on the work of the Bible Society and its Canadian auxiliaries. Mayor Smith occupied the chair and introduced Mr. Salter, who was whose address had been announced as "Babel and Bible."

BUCHERS APPEAL TO CITY COUNCIL

COMPLAIN THAT THEY HAVE NO PROPER SLAUGHTERING FACILITIES.

The Health Committee of the City Council have been approached by the number of the city butchers with regard to the facilities afforded to them for slaughtering. Somewhat less than two years ago the City Council, during the mayoralty of H. W. Laird, made a clean sweep of the city limits and entered into a contract with W. J. Tutge whereby in return for certain concessions made by the city he was to establish an abattoir within a mile of the city at a cost of not less than \$10,000 and to slaughter at certain agreed upon rates all the cattle, hogs and sheep which might be brought to his abattoir.

CITY WARDEN TO BE PROSECUTED

ATTORNEY GENERAL'S DEPT. ENTERS PROCEEDINGS AGAINST PROPRIETORS.

The Attorney General's department has entered proceedings under the Liquor Licence Ordinance against the proprietors of the Victoria, Waverley and Clayton. The complaint is the same in each case, the charge being that the proprietors are guilty of an offence under section 64 of the Liquor Licence Ordinance by reason of the manner in which the premises were found in the bar-room during prohibited hours, viz. on the morning of Sunday, June 24th.

GREAT ACTIVITY IN FARM LANDS

REAL ESTATE DEALERS REPORT BUYERS NUMEROUS

The last ten days have seen a great increase of activity in the city with regard to real estate business and real estate men are generally agreed that the next three months will see a large and steadily increasing volume of sales. In the early part of the year, owing largely to the lateness of the spring and the consequent uncertainty of crop prospects, followed by a sudden tightening of the money market due to the attitude of the banks in the East, things were somewhat quieter than might reasonably have been expected at that season of the year.

RECENT CITY SALES

Among the sales of city property recorded during the week ending Monday, July 1st, were: 125 ft. front lot, sold by P. McAra, Jr., for \$3,800, and the house on Smith Street, owned by Messrs. Hamilton, Myrton and Haslam, disposed of yesterday by Cook & McCallan at a figure in excess of \$7,000 to Alex. MacVicar.

JUDGE DISMISSES CASE

Judge Newlands Objects to Debt Collecting by Criminal Procedure.

From Thursday's Morning Leader. Charles Hill, of Galt, appeared before Judge Newland yesterday in answer to a charge charging him with obtaining certain moneys by means of false pretences from Chas. Parls, in August last. A jury was empanelled to try the case.

Evidence having been adduced his lordship said there was no case made out to go to the jury. It seemed to him simply an action to collect a civil debt by criminal procedure, and that was not allowed. He thought it was time judges had the right to make parties in actions of this kind pay all the costs of the proceedings. He discharged the jury, and also the accused.

LYNX SHOT IN C.P.R. YARDS HERE

YARDMASTER HAWKER KILLED FINE SPECIMEN IN EARLY MORNING

From Thursday Morning's Leader. A fine specimen of a female lynx, or wild cat, was shot at 6 o'clock yesterday morning by yardmaster W. T. Hawker, of the C.P.R. The animal was seen sauntering about idly in the stock yards not far from the lot in the Saskatchewan Fuel Company. Through the day many citizens viewed the body of the lynx with interest as it lay in state on top of a bale in the railway freight station. It was over four feet long and had the appearance of having been a powerful brute. It was being sent to Winnipeg to be stuffed.

Talking of stuffing one is reminded that the process was already begun yesterday, as many theories are probably responsible for the ingenuity which conceived them, than for their probable relation to facts. It is a pity that the lynx in the presence of the lynx in Regina. Doubtless, however, there is a certain type of intelligence which excites an insatiable desire for wild cat stories. In the absence of any strong evidence to the contrary, it is probable that the lynx, whose soul went up in the early morning air of yesterday, was a tree never taller than the trunk of a tree usually employed by a lynx, viz. by its feet.

How to Care for Trees

The following article on trees and tree-growing has been forwarded to the Leader and having regard to the interest which we feel all should have in a subject so intimately connected with the appearance of any city—Ed. Leader.

They are planted now for better or for worse and not a wheelbarrow of soil is thrown away and resuscitated this spring or if we begged a few seedlings from the government or our neighbor, we have them and we want them to grow. We will not discuss planting now, as that is done. If you are offering a fall right where it is.

Pruning—The time to cut off a limb is when your knife is sharp. If you see a limb where it should not be, do not wait till next year. Cut it now. Do not forget that the trunk of a tree never thickens. A limb that comes out a foot from the ground will be only 12 inches above the ground in 25 years—if it is still on the tree. No matter how small your tree is, do not leave a limb lower than you want your tree to "head out." The proper height is a matter of taste. I would head poplars and cottonwoods lower than the Manitoba maple, as the former grow "up" while the latter grow "down." I would suggest that poplars and cottonwoods be headed not less than four and maples not less than six feet from the ground unless you want them as a windbreak. For an example of properly trimmed young maple and poplar trees look at those in front of Mr. D. McCallum's residence, McIntyre street, opposite Rev. Mr. Hill's. My reason for referring to this place is that the two varieties are side by side. For an example of properly grown trees look at those planted on the Catholic mission grounds on Scotch street and the large number planted this spring on Lakeview.

If your trees seem to be alive but are not starting to grow, it is not enough. I would advise that, unless you are sure they are not planted too deeply, you remove the soil for a considerable space round the tree and let the tree "warm up." Put your washing water and other things in a tub, and they will warm up. A little later we will discuss varieties of trees, shrubs and agents desirable in Saskatchewan.

SHORTHORN HERD REALIZES \$3,705

SELL THEIR CELEBRATED PURE BRED STOCK

From Thursday Morning's Leader. In the Exhibition grounds yesterday afternoon the whole Shorthorn herd belonging to A. and G. Mutch, Craigie Mains, Lumsden, was sold by public auction, the auctioneer being G. P. Bellows from Missouri. The total of \$3,705 must be considered a very fair figure as the bidding throughout the afternoon, if not excited, was well maintained. Many choice animals were amongst those sold. The two highest priced beasts sold were a cow, Golden Gloster, \$250 and the latter \$255. Both these fell to Paul Bredt, Regina. The details of the sale are as follows:—

- Amaranth 2nd, red cow, calved 1901, \$170. James Rehill, Lumsden. Necklake 24th, red cow, calved 1901, \$270. J. A. Hanson, Cardston. Strington Flower, red cow, calved 1903, \$210. P. Bredt, Regina. Golden Drop, red cow, calved 1902, \$180. J. Cheyne, Manor. Gloster Flower, red cow, calved 1904, \$150. P. Bredt, Regina. Craigie Mains Leaver, red cow, calved 1903, \$105. J. Rehill, Lumsden. Necklake 29th, red cow, calved 1903, \$105. W. L. Lawler, Lumsden. Northern Bounce, red cow, calved 1902, \$85. J. A. Logan, Cardston. Victoria Pearl, red cow, calved 1902, \$150. J. E. Martin, Cardston. Duchess of Gloster, red cow, calved 1903, \$90. T. M. Bryce, Yellow Grass. Amaranth 2nd, red cow, calved 1905, \$105. W. L. Lawler, Lumsden. Craigie Mains Leaver, red cow, calved 1901, \$250. P. Bredt, Regina. Craigie Mains Leaver, red cow, calved 1903, \$160. J. Rehill, Lumsden. Duchess of Gloster 17th, red heifer, calved 1905, \$40. J. Rehill, Lumsden. Prairie Flower, red heifer, calved 1906, \$70. J. Rehill, Lumsden. Craigie Mains Leaver, red bull, calved 1905, \$65. T. M. Bryce, Yellow Grass. Fair Beauty, red cow, calved 1901, \$70. C. B. Heston, and J. N. Wood, Bladworth. Amaranth 3rd, red heifer, calved 1907, \$85. J. Cheyne, Manor. Necklake 30th, red heifer, calved 1906, \$80. G. H. Kidd, Lumsden. Bravish Bud, red cow, calved 1906, \$100. P. Bredt, Regina. Golden Prince, red bull, calved 1906, \$130. R. H. Rogers, Regina. Craigie Mains Leaver, red bull, calved 1906, \$90. W. McLaren, Pense. Walter Scott, red bull, calved 1906, \$40. W. H. Wapnamaker, Grand Coulee. Craigie Mains Prince, red bull, calved 1905, \$105. J. Rehill, Lumsden. Prince of Sunnyside, red bull, calved 1906, \$125. J. E. Martin, Cardston. A red bull, \$150. G. A. Logan, Tuxford. A red bull, \$255. P. Bredt, Regina.

AN IMPORTANT INDUSTRY TO REGINA'S EXPANDING MANUFACTURES

Handling every article of furniture dealt in by the average retailer, the Saskatchewan Upholstering Co. ships the hardwood frame work of their furniture from the factory to the upholsterer being done by the company's own skilled workmen in their work-shops here. The men in their work-shops here, however, before long to make arrangements whereby they will get a great deal of the hard-work required for the furniture trade, the out-put of their factory in dependent of supplies from outside the Province.

The present intention of the company is to build a track, warehouse and factory on the north-west side of the city which will enable them to more expeditiously ship in their finished goods. The personnel of the company, as previously stated in the Leader, is composed of men who have had a long experience in the business of furniture. Many of them have had some time been connected with the furniture department of the McCauley and G. A. Evans having had many years practical experience of the manufacturing side of the business.

STAR THEATRICAL EVENT OF YEAR

PREPARATIONS UNDER WAY FOR "THE NEW YORK IDEA" AT THE AUDITORIUM JULY 4.

Active preparations for the engagement of Mrs. Fiske and the Manhattan company at the Auditorium July 4, the biggest dramatic event that ever happened in Western Canada—began yesterday. Manager Robert Price and Philip Jackson, of the advance party, were busy at the busy day representative, spent a busy day in starting the work for the performance of "The New York Idea" on July 4th. To accommodate the scenery of the production, all of which Mrs. Fiske brings with her, the scenery now in the rink must be removed. Equipment for hand increased electrical facilities. A number of new dressing rooms are to be built.

Mrs. Fiske and her associates will arrive here in a special car from Montreal. The house in Calgary is already sold out and a second performance was arranged to meet the demand. There is every indication that the engagement in Regina will also be to an immense audience of the rink. The big seating capacity of the rink. Mrs. Fiske's engagement is the topic of conversation throughout this section. Orders for seats have been received from Moose Jaw, Indian Head and even more distant points. Never has a Western Canadian town had such a distinguished group of players as Mrs. Fiske and the members of the Manhattan company. Mrs. Fiske herself is by general consent the greatest of American actresses and the most distinguished woman who has ever visited Regina. Not only is she without a superior as an actress; she is also one of the greatest of stage managers and personally directs the rehearsals of all her plays. For years she has been noted, too, for her fight against the theatrical trust, which controls most of the first class theatres in the United States. She is the only American star of prominence who has never appeared in a first theatre and her long struggle against the trust is one of the most interesting chapters in American dramatic history.

Among the many honors which Mrs. Fiske has received is that of being asked to address the students of Harvard University. Upon only one other woman—Eleonora Duse—has this distinction been conferred. Sara Bernhardt in a recent interview in Paris characterized Mrs. Fiske as "America's greatest actress." "Mrs. Fiske," she said, "I consider unquestionably the first among American dramatic artists." Bernhardt's tribute was telegraphed throughout the country and was echoed by Mrs. Fiske's legion of admirers.

The company which Mrs. Fiske brings with her comprises some of the most noted players on the American stage. It is precisely the same troupe that appeared with Mrs. Fiske in New York all last winter, when a number of our people saw "The New York Idea." All of these are enthusiastic over it and are going again.

"THE SORCERER" SCORES A SUCCESS

PHILHARMONIC SOCIETY GIVES BRILLIANT PERFORMANCE OF OPERA

From Thursday Morning's Leader. The Philharmonic Society last evening placed another success to its credit with the presentation of "The Sorcerer," under the conductorship of Mr. Lapre. From whatever standpoint the opera must rank with other of the previous efforts of the association, it will rank high as a masterpiece of dramatic art. The plot of "The Sorcerer" is one of the most known to require telling. The administering of a love potion to an entire village by the well-to-do firm of J. W. Wells & Co., family of the town, is a story which is well known here and there. As John Wellington Wells, the character of the opera, is a man of means, it is not surprising that he should have been represented as being clothed in grasshoppers and as eating the oil of sweet almonds. The opera is in a foreign language and as much as \$600,000 was sometimes paid for the work.

And still there is a large amount of translation to be undertaken of the society. Although the work of translating the Bible for 104 years, there was in India alone some 150 languages into which the Bible has not yet been translated. With regard to the publications of the society he would not enter into any details, but they would have a number of what the society was doing when he told them that with every tick of the clock another copy of the Bible was being printed from the press in one of 508 languages. They had sixty printing departments scattered throughout the world, and many had been printed from plates and others had to be photographed. Every day a pile as high as the Empire State Building in America was being sent forth.

All over the world they had established a system of free distribution from which the distribution of the Bibles was undertaken. Everywhere they found that the society had been very helpful to the churches and the churches and in fact many ministers had said they did not know what the churches would do without the society. In the case of Galleitians in western Canada the society was doing a great work. They had sought every Galleitian in which they could possibly lay their hands, and now they were having a large number of nations which were being distributed to Canada. In Siberia they were distributing Bibles among the exiles and in western Canada they had a Christian work. Their collectors in different parts of the world had undergone terrible sufferings in furthering the work of the society. Many had even been put to death.

Their work taught them that the degradation of nations rested very largely on the degradation of womanhood and that the greatest of the world depended upon the emancipation of its women. Woman was the corner-stone of national life. Japan was not great because it was beginning to treat its women after the manner of civilized countries. In the "dark" land of India the dawn was rising and already six women out of every thousand were able to read, mainly through the efforts of the mission societies.

In western Canada 45 languages were spoken and throughout the whole of Canada over 60. The society had a collector stationed at Winnipeg with instructions to present a Bible to every foreign immigrant. There was one school in Winnipeg where 20 different languages were spoken. The speaker reported to the difficulty of buying a Bible in different towns in the west which happened in British Columbia when a returned good journeyman and true swore upon a copy of Gulliver's travels. The mistake was discovered by a Jew who thought he had sworn to the New Testament instead of the Old. Some people might think the Bible Society earned large dividends, but that was not the case. They sold Bibles to the western Indians for 50 cents while they cost a dollar to produce, and they sold Bibles to the natives of India for a half price, which had cost a half price.

After the meeting some interesting publications of the Bible Society in different tongues, were inspected and several members of the audience enrolled themselves as members. Ordinarily a membership obtained on payment of \$1 and life membership on payment of \$50.

PARK SANITARIUM BECOMES "REGINA HOSPITAL" UNDER GREY NUNS

From Thursday Morning's Leader. The Park Sanitarium, which was recently taken over by the Order of Grey Nuns, has been opened yesterday afternoon by His Honor Lieutenant Governor Forset, Madame Forset, and the Hon. Mrs. Forset. In introducing His Honor Father Suffa, O.M.I., said that he thought it caused by the fact that the Regina Hospital was introduced to come to the Queen City of the West. The hospital, which is situated on the east side of the city, is a fine building and is well equipped with all the modern appliances. It is a very pleasant place and is well suited for the treatment of the sick and the aged. The nuns are very kind and attentive and the patients are very comfortable. The hospital is a great blessing to the city and is a credit to the Order of Grey Nuns. The nuns are very kind and attentive and the patients are very comfortable. The hospital is a great blessing to the city and is a credit to the Order of Grey Nuns.

From Thursday Morning's Leader. The Park Sanitarium, which was recently taken over by the Order of Grey Nuns, has been opened yesterday afternoon by His Honor Lieutenant Governor Forset, Madame Forset, and the Hon. Mrs. Forset. In introducing His Honor Father Suffa, O.M.I., said that he thought it caused by the fact that the Regina Hospital was introduced to come to the Queen City of the West. The hospital, which is situated on the east side of the city, is a fine building and is well equipped with all the modern appliances. It is a very pleasant place and is well suited for the treatment of the sick and the aged. The nuns are very kind and attentive and the patients are very comfortable. The hospital is a great blessing to the city and is a credit to the Order of Grey Nuns.
