Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to breakup the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in the For Consumption, and all diseases that lead to it, such as Cughs, neglected Colds, Bronchitis, Asthma and all diseases of the 'angs, Allen's it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per hottle. The 25-cent bottle are put out to answer the constant call for a Good and Low-Priced COUGH CURR.
