

THE ACADIAN.

WOLFVILLE, N. S., JULY 12, 1915

Editorial Briefs.

The Food Controller's suggestion that more fish be eaten is made because the more general the use of fish the lighter the demand for meats, which can be shipped overseas.

The rain of the past week has been of immense benefit to growing crops. The grass lands which were looking alarmingly poor before the rain now give much better promise of a crop.

The late rains rendered the roads in many sections almost impassable. Where new work had been done the automobiles made havoc and it will be some time before good roads can be expected under the present way of road making.

Great Britain's celebration of Independence Day was a splendid evidence of the friendly relations of two great peoples whose war aims and world aims are similar and who should always be found working together for world liberty and world peace.

"Victory Bread."

That Canada is at war will be brought home to every man, woman and child next month when all bread made from standard wheat flour must be labeled "Victory Bread" and mixed with a percentage of substitutes for wheat flour.

The new Order defines substitutes for wheat as corn, oats, barley, rice, rye, buckwheat, potatoes and any mixture of same; potato flour, bran shorts, oatmeal, rolled oats, corn meal, corn starch, hominy, corn grits, rice meal and potato meal.

On and after July 1st one pound of wheat substitute must be used by all bakers, confectioners and public eating places with every nine pounds of standard wheat flour in making any bakery products, and the same rule shall apply to every person in Canada who bakes bread, rolls or pastry for private consumption.

It is provided in this Order that on and after July 15th no licensed dealer shall sell for private consumption east of, but not including Port Arthur white flour who does not purchase from him substitutes in the proportion of not less than one pound to two pounds of standard flour.

Always Aim at Low Prices. Finally, in the matter of price, it has always been the policy of the Willys-Overland Company to make and market their product at the lowest possible margin.

A Letter with the Right Ring.

The following letter was received by a Wolfville lady recently and is handed to THE ACADIAN for publication. We gladly give it space. The noble sentiment is most worthy of the writer, and of our soldier boys generally.

My dear Miss—Your very welcome letter of April 15th, in answer to my acknowledgment, to hand a few days ago. I am sure it was a good long letter, and I can assure you again I was more than pleased to get it. If there is anything we like better than letters, it is more letters, especially the cherry kind as it was my pleasure to receive from you.

OPERA HOUSE WOLFVILLE

Friday and Saturday, July 12-13 "THOSE WHO PAY"

A keen real Special Production which packed the Majestic at Halifax for three days last week. Who is it that pays when we fall to resist temptation? Is it the man or woman? Should a good woman who falls through no fault of her own be condemned? Are the Social Laws fair to women? You will find this interesting question frankly discussed and answered in "Those Who Pay." See this play because it has become drawing-room conversation and club discussion and you surely want to have your say!
