Wolfville Patriotic.

To the Editor of THE ACADIAN: Dear Sir,—I noted with no little amusement a letter entitled "Memorial Hospital", over the non de plume "One Interested", in the Western Chronicle last week. As the writer of this article was so generous as to mention a literary attempt of mine some weeks ago I feel that it would be only fair for me to return the compliment. I am therefore, Sir, taking this opportunity of congratulating the Chronicle's correspondent upon the interest he or she appears to have in Wolfville and Wolfville's returned soldiers. It might be in keeping to state that although some of our own officials appear to be immigrants from St. John's Hollow it is an undebatable fact that there is probably not a more patriotic town in the Province than this little Wolfville of ours. If our Kentville friend would like to follow up statistics in this matter I do not think that he will proceed far before becoming completely snowed under. No doubt now that Wolfville's overseas men are all returned the town will give our interested informant a few pointers in the art of civic reception. I am confident that when the returned soldiers in this community are in need of any assistance from the town that we will find a body of citizens who are sufficiently patriotic to give us all we require a good many times over. I do not think it is necessary for me to bring the Memorial Hospital into this little note. I doubt greatly if arguments put forward by "One Interested" will have any momentous weight when the placing of this building comes under serious consideration.

Yours truly, C. O. F.

Thirty Years Ago.

The following items are taken from the files of THE ACADIAN of thirty years ago.
