

DUNDAS HAD A GREAT DAY.

Citizens' Celebration Yesterday a Very Successful Affair.

It Took the Form of a Burlesque Circus.

Last of the Local Rifle Matches on Saturday.

Dundas, Aug. 3.—"A burlesque circus is away ahead of a real circus," was the verdict yesterday of Dundas people, as well as of a good many people of the surrounding locality. The great event for which the Citizens' Committee has been preparing for so long came off yesterday, and was a great success from every point of view.

- A trifle later vehicles gorgeously arrayed began to move towards the west end. These quaint, comical outfits intensified the interest already manifested in the day's programme. From 11.30 to 1.30 there was a lull in proceedings, but soon music—classical, comical and uproarious—was heard proceeding from the west. Then came the procession—and a great procession it was—ludicrous, comical, hilarious and mirth-provoking. The procession was as follows: Marshal, in livery, 7 feet tall, on small grey pony. 7th Regiment Band. Carriage with Mayor and members of Citizens' Committee. Col. Grafton's drag. Yellow knights on horseback. Wagon with sea lions. Wagon with birds of rare colors. Wagon with monkey and a giraffe of immense height. Mike Sullivan's Indian chief and papooses. Cunliffe's automobile, with clowns, actors, and freaks of various kinds. Waldock's rube band. Hydro-Electric wagon. H. G. Smith's smoke wagon. Irish jaunting car with colored occupants. Wild boar wagon. Knights, athletes, etc. Wagon "Swinging on Grape Vine." Jones Bros' steam calliope. Pulling "Hurry-go-round" outfit. Balloon wagon with Burja's Spiclers. Lyons' bear wagon. Cowper's monkey wagon. Ernest Builder's ponies. Signal Corps' rube band. Karsh's King John. Karsh's Queen Elizabeth float.

Besides those there were knights, riders, actors, and freaks, too many to enumerate. Arriving at the park, a scene both animating and inspiring was presented. Thousands of people were there. The grounds were thickly dotted with tents, refreshment booths and game stands, and the old pavilion lawn was found moved to the west side, on a line with the log cabin and the grand stands.

The log cabin, in charge of the Ladies' Auxiliary, was a great centre of attraction. The main circus tent did a great business, in charge of Messrs. Collinson, Paupet, Rainer and Wilbert Cowper. Among the performers were Slakwinesky, Franey, Wilson, with clowns, teddy bears, Builder's ponies. A "bone" player from Hamilton did some good work in this tent, and was greeted with much applause.

The circus, in charge of Jos. W. Boyle and Ed. Conley, the principal feature of which was the "talking band," was the centre of considerable interest. The Midway, the firemen's contribution to the side shows, was in charge of Frank Nelson, Robt. Karsh, W. Ryeroff and W. Wall's with Bert Carson's spicler. Mr. and Mrs. Tom Thumb, a snake charmer, a tattooed man, and a young Zulu and other freaks exhibited. A Punch and Judy show was also in evidence, and the Strong foot troupe, from the Y. M. C. A., gave some athletic exhibitions, under charge of F. Green, of Hamilton. The electric lady's tent came in for (Continued on Page 3.)

HARPER CASE.

Hamilton Presbytery Is Meeting This Afternoon.

Hamilton Presbytery met in Knox Church this afternoon to deal with the case of Rev. F. H. Harper, of the Drummond Hill Church, Niagara Falls. It will be remembered that at the last regular meeting of Presbytery a committee was appointed to investigate certain rumors which had become the common talk of the congregation. The committee met and the chairman, Sir Thomas Taylor, was authorized to prepare a report to be submitted at a special meeting to-day. Rev. Mr. Harper then surprised the committee by sending in his resignation. The Drummond Hill Church also had a meeting, and appointed a committee to attend the meeting to-day. Sir Thomas Taylor has his report ready, but the resignation complicates matters. The outcome of this meeting will be looked for with interest.

BAD FIRE.

Lightning Caused Heavy Loss at Fiddler's Green.

Unaccompanied by rain, a severe thunder storm passed over this city about 2 o'clock this morning. In some parts of the surrounding country the rain was very heavy and the thunder and lightning worse than here. At Fiddler's Green, Ancaster, lightning struck the house of Mr. Win. Allen Smith, and completely destroyed the dwelling and carriage house. Mr. Smith's buildings were among the best in the township. Fortunately the barns were not burned, and some of the contents of the dwelling and carriage house were saved, but four horses were killed. The loss will be heavy.

ALICE SONES IN ROCHESTER.

Girl Who Eloped From Hamilton and Two Men In Trouble.

A despatch from Rochester, N. Y., tells of a fight between Davila Bouret, 69 Manhattan street, Rochester, and Fred. Scott, formerly of Hamilton, because of jealousy over a girl named Alice Sones, of Hamilton. The men were arrested for fighting on the street, and arraigned in the Police Court, and Scott was sentenced to 30 days in jail. Alice Sones was arraigned on a charge of vagrancy and was detained. Efforts will be made to deport her back to Canada. Scott said he was formerly the girl's "beau," and he was angered when he saw her with Bouret. The girl alleged that she was taken to Rochester from here, by the man, to whom she is engaged. She gave her address as 69 Manhattan street, Rochester, N. Y. Alice Sones' home in Hamilton was at 285 Gerth street south, and her people are highly respected. It will be remembered that about two months ago she eloped with Scott, making her escape from her bedroom window in the night. She had been keeping company with Scott for some time. He used to drive a rig delivering meat for wholesale butchers on the market. The parents of the girl were very much against her keeping company with Scott, but she would not listen. The present trouble is the outcome of her escapade then.

A GREAT AD. FOR HAMILTON.

Stanley Mills & Co. Sending Out 100,000 Catalogues.

The citizens of Hamilton, and particularly those interested in the Greater Hamilton movement, will be interested in the fact that the issue of 100,000 general merchandise catalogues published by the enterprising firm of Stanley Mills & Company, of this city, is now in process of mailing. For the next three weeks or so there will be one and sometimes two lorry loads per day of these catalogues sent to the Post Office, ready addressed for sorting and despatch to individual addresses in Yukon, British Columbia, Alberta, Saskatchewan, Manitoba, Ontario and the Maritime provinces and also to some foreign points. Just this week Stanley Mills & Company made a shipment of churns manufactured in Hamilton by the Dowswell Manufacturing Company and also some other smaller items in hardware lines to Reykjavik, Iceland. This shipment goes via New York and Copenhagen, Denmark, and will be from two to three months reaching destination. There is never an issue of catalogues made by Stanley Mills & Company that does not in some prominent place make a feature of the fact that Hamilton is the best located city in Canada for the distribution of general merchandise, particularly anything in the line of hardware, and it cannot be gainsaid that this issue of 100,000 catalogues for the coming fall season will be of practical benefit, not only to Stanley Mills & Company, but to Hamilton manufacturers and workmen generally. Almost two full carloads of paper are used in making these 100,000 books and to give an idea of the magnitude of this printing job, it is interesting to know that between 800 and 900 pounds of ink is used.

LOST AN ARM.

Distressing Accident at Cotton Mill This Morning.

Philip Keinesik, 277 Bay street north, met with a painful accident this morning while at his work at the Canadian colored cotton mills, MacNab street north. By some means his arm got caught in the carding machine and was badly lacerated. He was at once taken to the City Hospital in the ambulance, where arm. Dr. Balfe performed the operation, and the injured man is doing as well as can be expected.

THROWN FROM BICYCLE.

A boy named Douglas Allen was thrown from his bicycle on Saturday and had the tip of his finger taken off and was otherwise badly shaken up. He was riding down King street, and endeavored to turn at Ferguson avenue, but his wheel slipped and caught in the track, and he was thrown and fell on the side of his head. The bicycle was damaged considerably.

SPAIN QUIETER TO-DAY.

Putting Rebellion Down—Pretender Jaime Won't Interfere—Alfonso's Popularity Declining—Queen Victoria Not Liked.

SPANISH MONARCHS WHOSE THRONES ARE IN DANGER—ALFONSO XIII., QUEEN VICTORIA AND THEIR OLDEST CHILD, THE PRINCE OF THE ASTURIAS.

Madrid, Aug. 3.—A statement issued by the Minister of the Interior to-day declares that tranquillity now reigns throughout Spain except in certain isolated localities of Catalonia.

A column of troops composed of artillery, cavalry and infantry to-day is marching on Sabadell, 100 miles from Barcelona, where the insurgents still are holding out, with orders to repress mercilessly any resistance that may be encountered.

The first train out of Barcelona since the troubles began there arrived at Cerebre last night, bringing copies of newspapers. After pointing out that their accounts of the fighting at Barcelona had been censored, the papers publish a list of thirty-five churches and convents which were burned between July 26 and July 30.

Whether or not the ring-leaders who were captured and tried and condemned by court-martial actually have been executed is not yet clear. Some reports declare that General Santiago has not yet approved the death sentences in the cases of these men. It is known, however, that Emiliano Iglesias, editor of the Progresso, was shot without trial in the fortress.

The greatest excitement reigns among the working classes. Reports received here direct from Madrid say that King Alfonso is greatly depressed over the interior situation. He desired to throw his personal popularity in the scale and it was with difficulty that he could be dissuaded from going to Barcelona in person. Premier Maura told him it would be equivalent to suicide to enter that hotbed of anarchy.

BUTCHERY WAS TERRIBLE.

Oran, Algeria, Aug. 2.—The steamer Emir came in here to-day from Mellilla, and her officers, referring to the fighting there between the Spaniards and the Moors of July 27, say the former made the mistake of advancing in solid masses through a gorge dominated on both sides by hills where the enemy mowed them down as fast as they issued from the pass. The unfortunate soldiers of Spain did not know where the fusilades came from. The butchery was terrible. Many of the Spaniards had only just disembarked and were without rations.

BRITISH CRUISERS DESPATCHED.

London, Aug. 2.—A despatch from Gibraltar says that the British cruisers Lancaster and Suffolk, together with four torpedo-boat destroyers, have sailed for Moroccan waters.

DON JAIME TALKS.

Vienna, Aug. 3.—Don Jaime, the pretender to the Spanish throne, declared, in an interview here yesterday, that he had no intention of interfering in the present crisis in Spain, and said that his retirement to Frohsdorf in lower Austria, far from the Spanish frontier, was proof of his peaceful purposes.

"The Carlist party is a party of order," said Don Jaime. "I never will take upon myself to bring an entire people into danger for my own ends. Never will I lead Spaniards against Spaniards. Should I return to Spain to restore order, an army it would be only to restore order. This might happen should the revolutionaries drive out King Alfonso or the welfare of the country require it. The popularity of King Alfonso is declining through no fault of his own, and Queen Victoria is certainly less liked than the King. Spaniards dread foreign influence; Victoria has remained a stranger too long, and the people never will forgive her."

Don Jaime is of the opinion that the war in Morocco was unavoidable, and he fears that it will last a long time.

Reservoir Burst

Fort Morgan, Col., Aug. 3.—The Empire reservoir, 28 miles west of here, containing more than a billion cubic feet of water and irrigating 40,000 acres of land in Morgan and Weld Counties, broke the retaining walls yesterday. The deluge cut a swath half a mile wide through the richest farming lands in this region, inflicting damage estimated at half a million dollars. No lives were lost.

THE MAN IN OVERALLS

What did you do with yourself yesterday? Is that your dog that is always barking at night? The judge thinks that Thaw is afflicted with exaggerated ego. But I know a lot of people who have that complaint, imagining that they are the whole tip, and still they are around loose.

Another agitation for an auditorium for the city should begin soon. It's a toss up between Ald. Hopkins and Martin Malone as to who will be the first to prevent the mountaineers from getting that water supply.

The consensus of opinion is that the tussock moth is not in any way responsible for the scarlet fever epidemic. This is published in justice to Mr. Tussock.

Who is tampering with the good roads gang on the mayoralty question? Better send a detective down to look around. Of course, Mr. Stewart knows nothing about it.

If any of you have \$5,000 or \$10,000 to give away come on with a playground. Money could not be better invested.

How did you like the duel story in Saturday's Times? Pretty good, wasn't it? A belt lige trip these warm evenings might do the baby good. Try it.

The man who lives in the next block took his wife up to see the Dundurn bears yesterday afternoon. He says he does not believe in keeping his wife's nose at the grindstone all the time.

The store clerks appreciate the 5 o'clock closing hour. Don't you stand in my way.

I am afraid my colored friends are forgetting what they owe to Emancipation Day. I should hate to think that any Hamilton pupil was guilty of perpetrating any of those fool answers which appeared in Saturday's Times.

Are my wings on straight will be the next question. No doubt Ald. Hopkins is thinking up some other plan to block the mountain water scheme.

There is no truth in the report that the Hamilton hotel men are to help the temperance people in the local option fight in Dundas because the closing of the saloons there would bring trade to Hamilton.

If you know of any blind boy or girl or those with defective eyesight, tell them that Principal Gardiner, of Brantford, would like to get in touch with them.

Can the earthquake in Mexico be described as a movement in real estate? Being a failure at Ottawa, Mr. Stewart is anxious to get back to the City Hall, I am told. More hot water for the City Hallers.

DISMISSED.

It Was Driver's Mistake In Leaving Beer.

Andrew Gerrard and wife, who are now running the Valley Inn Hotel, were charged before Mayor Lawerson and W. Lawson, J.P., at Dundas on Saturday with having sold beer without a license. The case was dismissed. On June 14 the liquor inspector called at the hotel and found several cases of a beverage. He purchased two bottles for 20 cents and sent samples to the Government to be analyzed. The report was that the stuff contained more than the minimum of alcohol and Gerrard and his wife were summoned. The explanation offered was that the deliverer had made a mistake and left the wrong stuff while on his route and discovered his mistake when he reached Burlington. He then turned back to correct his blunder, but during the interval the inspector made a call and discovered the beer. The defendants denied all knowledge of the charge as they said they were away when the cases were left.

Col. Gwyn acted for the prosecution and Mr. M. J. O'Reilly, K.C., for the defence.

BICYCLES STOLEN.

The following have reported to the police department having had their bicycles stolen: Hilton Springstead, 113 John street south, a Cleveland stolen at the Gayety Theatre last night. F. Hilton, 150 King street west, had his bicycle stolen from his home on Sunday night last. He described it as Royal City make. J. Cook, 68 Cheever street, bicycle stolen from his shed, a Diamond, No. 97,876.

CELEBRATED THE HOLIDAY.

Many Cases in the Police Court This Morning.

Another Fine In a Sunday Ice Cream Case.

Minor Theft Case Dismissed—Other Cases Heard.

Such an eventful day as Civic Holiday in Hamilton caused several citizens and visitors to entertain the erroneous idea that it could not be adequately celebrated without numerous visits to places where the tumultuous waters are sold. No less than nine out of the 18 cases on the roster were due to over indulgence and several bore evidence of forcible arguments on their physiognomies.

Edward Sparrow, a resident of the Hotel Bethel, paid \$2 for inebriety. Bosa Gabriel said it was his first offence. He is not a householder, so he must pay \$2.

Jennie Johnson, a Grimshy lady of dark complexion, was asked to donate \$2.

William Hogan, 110 Emerald street north, got drunk on the Sabbath and was fined \$5.

James Breen said he had a pretty good time yesterday, and was asked to pay \$2.

Fred Cunningham, an old man with many scars caused recently, said he was drunk last night and was fined \$2.

John Jamieson, an Indian from Caledonia, was around the Terminal Station for several hours yesterday, carrying an overdose of fire water. He paid \$2.

Albert Crolley stood up when his name was called and pleaded guilty to being drunk and disorderly. P. C. Barrett said Crolley was endeavoring to raise the premises of the Hamilton Lunch Company. For such conduct he paid \$5.

Louis Swartz came over from Toronto and got so drunk and disorderly that he endeavored to rip up the poles belonging to the street railway company. He was fined \$10.

Frederick Canzile, 17 Park street north, was charged with smuggling cigars across the border at Niagara Falls. Information was laid by the Inland Revenue Department and Canzile was arrested here. He was remanded till to-morrow.

John Southern, 23 Sidney street, was charged with attempting to rob James Breen. Breen said he was out all day, having a good time and remembered nothing.

L. A. Dawson said he saw Breen reclining on the sidewalk near Park and Merrick streets, and saw Southern and another man pick Breen up. Southern asked Breen if he had any money. Dawson said he saw Southern put his hand in Breen's pocket. He sent for the police, and Southern was arrested.

Charlie Smith took the witness stand and began to talk with a big chew of gum in his mouth. "Take that gum out of your mouth," commanded his worship, Smith obeyed. His evidence corroborated Dawson's story.

Southern said he saw Breen lying on the sidewalk drunk, and with intentions altruistic picked him up, but he never once placed his hand in his pocket.

The magistrate dismissed the case. George Kerr appeared for the defendant. George Gray was arraigned on a charge of stealing cabbages, and was remanded till Thursday.

Henry Sachals, 105 James street north, was charged with selling ice cream on Sunday contrary to the Lord's day act. The old arguments were gone over on both sides and Sachals was fined \$5.

George Kerr appeared for the defendant and intimated the case will likely be appealed.

Herbert Summerville, Toronto, was charged with stealing a suit of clothes and suit case from Alex. Fleming, a rooming-house keeper on James street. The theft is alleged to have taken place last February. Summerville came to Hamilton last week from Niagara Falls and gave himself up to the police. Mr. Fleming did not wish to press the charge, so the magistrate let Summerville go after giving him some good advice.

BAILIFFS IN, TOO.

The time given by the License Commissioners to certain hotel keepers and liquor dealers in which to get out of business expired at 7 o'clock on Saturday evening. Inspector Sturdy said this morning that they had all closed up, and carried out the letter of the law fully. The bailiffs are now in possession of two of the hotels.
