VOL. LII.

HAMILTON, CANADA, TUESDAY, OCTOBER 5, 1909.

NO. 235.

CITY NAMES THE TERMS.

Makes No Concessions to Residents of Section 8.

Municipal Board Will Have to Do the Adjusting.

Electors In Annex Will Vote In Wards 1 and 7.

The Annexation Committee yesterday afternoon fixed the terms, which it will urge the Ontario Railway and Municipal Board to incorporate in the order for the annexation of the district east of Sherman avenue. A conference will be held with the township people on Friday night. It is not expected that they will agree with the conditions fixed, and it will be for the board when it meets on Nov. 2 to adjust the matter. No provi-sion is made in the terms decided on by the city for any concessions to the rate-payers of school section 8, whose efforts payers of school section 8, whose efforts to be incorporated as a police village, the city contends, is successfully blocked by the annexation order. These property owners, however, believe they have a very strong case. They expect the board to deal fairly with them. What they will demand is a ten-year township assessment at the city rate. The terms fixed by the committee yesterday were as follows:

Parts of lots 5 and 6, 150 feet of Trolley street to 150 feet east of Ottawa street and 150 feet south of Main and

Following the session of the Annexation Committee a sub-committee of the Finance Committee had a session to discuss the redivision of the city into wards. Some of the aldermen favored a new ward, embracing all the district to be annexed east of the present limits of Ward 7. The chief objection to this was that there would be 24 aldermen

was that there would be 24 aldermen and four controllers next year.

To avoid this, next year the ratepayers in the annex south of King street will vote in Ward I this year, and those north of King street in Ward 7. This would leave the Council free to submit a by-law to the people in January, providing for the reduction of the number of aldermen from each ward to two, which with a new ward would make a Council of sixteen aldermen. The other scheme is to make four big wards, with scheme is to make four big wards, with

BUYING IN BRANTFORD.

Col. Grafton, of Dundas, Purchases Store Property.

Concerning the purchase of Brantford property by Col. Grafton, of Dundas, already referred to, the Brantford Expos-

ready referred to, the Brantiora Expositor of Monday says:

One of the biggest property deals of the year, in this city, is announced today. By it the three stores of the Shannon estate, situated on the south side of Colborne street, pass into the hends of Col. J. J. Grafton, of Dundas, the head of the Grafton Company, which operates in this city directly opposite the property in question. It is understood that in this city directly opposite the property in question. It is understood that the deal is merely an investment on the part of Mr. Grafton, who is already a heavy property owner along the front street. The new stores which are embraced in the latest transfer, include the premises ocupied bye G. H. Malcolm, by Frank Martin, and by Minnes Brothers. Frank Martin, and by Minnes Brothers. The stores themselves are assessed for \$3,800, \$3,400 and 4,800 respectively. In addition, of course, there are the apartments above. It is announced that the price paid by Col. Grafton is in the neighborhood of \$25,000. In addition to these places of business, Mr. Grafton's holdings include the store which the Grafton Company occupies at present, the premises in which the Hammell stand is leasted, and the store occupied by the is located, and the store occupied by the Knox Company, all on the north side of Colborne street.

CORNISHMEN.

Made Presentations to Two Members Who Are Leaving.

About twenty of the members of the Cornishmen's Society gathered at the home of Mr. John Webber last night to bid him and Mr. William Gibb farewell, as they shortly will leave for Cornwall.

Mr. Gibb was presented with a Ribb Mr. Gibb was presented with a Bible and Mr. Webber with a hymn book. The presentation was made by Messrs. Tregenza and Williams, both of whom gave short addresses, in which they spoke of their regret at the departure of their fellow members, but hoped they would be successful in the old country. Mr. Webber and Mr. Gibb both responded.

NO DELAY

The Police Have Hard Case in Dental Supply Robberies.

they failed to begin an investigation of a robbery at Dr. Robertson's dental office. until 36 hours after the robbery was re-ported. Detective Inspector McMahon ported. Detective Inspector McMahon was on dusy that night when the doctor called up. The doctor stated that the only thing he knew to be missing at the time was a bag, which he described. Within less than an hour of the time the robbery was reported every pawnshop in Hamilton was yisited by the Inspector himself in a search for the handbag, and the proprietors warned to be on the watch for the thief. The doctor, the night he reported the robbery, requested that the premises be watched that night and Sunday night, and this was done. Dr. Robertson told the officer yesterday that he had no complainta to make about the way the police had handled his report.

The police say that the burglar is a man who has worked in a dental office, probably in Buffalo or Detroit. Two years ago he mads a wholesale raid through the Province, and, in Toronto, rifled scores of dental offices.

After making a clean-up here a week ago Saturday he went through the ental offices in Buffalo on Sunday. He picks out only the best stuff, and most valuable work, displaying his experience. The fact that hardly any of the stuff can be identified again makes the chances of his capture slim unless he is caught red-handed.

ARE AFTER PHYSICIANS.

Will Prosecute Those Who Fail to Report Cases.

Two More Health Inspectors Will be Required.

Rates on Baths and Closets to be Reduced.

Trouble is brewing for the doctors who do not obey the law, and report cases of infectious and contagious diseases. Dr. McGillivray has been structed by Chairman Crooks, of the Board of Health, to prosecute physicians who are negligent in making reports. This action followed the discovery of five cases of typhoid fever on Canada street, which were not reported at the health office. J. H. Collinson, president of St. George's Society, who called the attention of the city officials to the matter, wrote a letter to Dr. Mc-Gillivray to-day in which he freed the health department from any blame, as no report had been made there. Mr. Collinson is rather inclined to blame the hospital doctors for not reporting the Board of Health, to prosecute physi-Collinson is rather inclined to blame the cases. He stated that he was quite confident the matter would be well looked after by Dr. McGillivray. The doctor admitted to-day that there was a lot of typhoid in the city, but he does not think there is any occasion for alarm or people boiling drinking water.

Don't "treat" the police. It's mis-

As soon as the new annex comes into Hamilton the city will be asked to appoint two more health inspectors. The doctor says this will be absolutely necessary. Sixteen years ago the board had four inspectors. Now it has only three. One of these is kept busy at the smallpox hospital, and the other two have more work than they can handle. The doctor was forced to-day to press have more work than they can handle. The doctor was forced to-day to press Relief Officer McMenemy into service, when he required an inspector to go to Canada street. It is believed another case of trahoid has developed there as a result of the unsanitary conditions and the residents along the street are becoming alarmed. Five new cases of typhoid were reported yesterday.

The most important item on the Board of Works' long order sheet tonight is the programme of new road work for next year. The streets it is
proposed to pave, with an estimate of
the cost, have been decided upon by a
sub-committee, and the board will be
asked to approve of these.

John Mills was granted a permit to-day for three frame houses on Chest-nut avenue, between Cannon and Barton streets, to cost \$2,800.

The first definite move made by the sub-committee revising the waterworks by-law was the decision yesterday afternoon to strike \$1 cach off the bath and closet rates, making the bath rate \$1 and the closet rate \$2. This means a loss in revenue to the city of \$20,277. Aid. Morris, Lees, Milne, and Chairman Clurk were appointed a deputation to go to Toronto and see what has been done there about revising the water rates. They will likely visit Toronto on Taursday.

The suggestion to abolish the city weigh scales system and in place thereof appoint a coal inspector, has been squelehed. The Markets sub-committee met last night to talk over the scheau, which was broached by Ald. Copper, and decided that the present system was much better for the protection of citizens. Another weigh scale will likely be established. The committee is making an inspection of the scales this afternoon.

S. D. Biggar, K.C., acting for James J. Foran, Saltfleet, has issued Dental Supply Robberies.

The police to-day gave an emphatic denial to the story in a local paper that they failed to begin an investigation of a robbery at Dr. Robertson's dental office, until 36 hours after the robbery was reported. The doctor stated that the only thing he knew to be missing at the time was a bag, which he described, Within less than an hour of the time the robbery was reported every pawnshop in Hamilton was yisited by the Inspector himself in a search for the handbag, and the proprietors warned to be on the watch for the thief. Street Railway Likely to Coniplete Its Reconstruction.

The Street Railway Committee had a conference this morning with General-Manager Hawkens and Traction Manager Coleman regarding the company's plans for re-construction work next year. Although no definite assurance has been given yet the aldermen said they were able to guther from what had passed that the company had practically made up its mind to rebuild the balance of its system next year, including James street north of Barton street. Stuart street, York street, from Queen west to the cemetry, King street west from Queen to Margaret street and Locke street. The aldermen say the company seems to be quite willing to go ahead with the work, but the question seems to be money. However, an intimation was given that enough funds were in sight to go ahead with the work.

Mr. Coleman will figure out with City Engineer Macallum and Secretary Brennan the city's proportion of the cost, and when this is ready another meeting will be held.

The committee was also given an intimation that the company would order several new cars about the first of January and place them on the routes early in the spring. Although no definite assurance has been

TWO CLAIMS.

Girl Adopted by Hamilton Family Entitled to Money.

Two applications have been received by the Surrogate Court for the administration of the estate of the late Walter G. Freeman, Toronto, who died a short time ago, leaving an estate variously estimated at from \$3,000 to \$3.000. In one petition the Toronto General Trusts Co. ask, as the instance of the father and brother of the deceased, that the property be given into their charge. They claim that Freeman's wife, who is still living, was

man's wife, who is still living, was divorced from him some five or six years ago, and has no interest whatever in the estate, which, according to their computation, is worth \$5,073.

The other petition is from Mrs. Freeman, who denies that she was ever divorced from her husband. Furthermore, she declares that there is a child living, who should inherit the property. This child, Lillian May Freeman, she says, was adopted by a family named Jones, living in Hamilton, about 15 years ago. Since then she has heard nothing of or from her daughter. Her valuation of the property is \$3,381.

Action For Damages Against the City This Morning.

The action brought by Geo. C. Thomson on behalf of J. W. Hammond, against the city for \$60 damages for injuries to a horse, caused by the lack of made protection on the Jolley Cut road, was tried this morning at the Division Court before Judge Monck. City Solicitor Wadbefore Judge Monck. City Solicitor Waddell appeared for the city and argued that sufficient protection was afforded for all but frisky horses, and the city should not be held liable in such cases. Mr. Thomson said that sufficient protection should be afforded for all. The fence at the spot where the accident occurred was of very little use for when the horse backed against it, it broke and the horse went down the mountain side for considerable distance. Mr. Waddell argued that the damage had not been as much as the plaintiff was suing for and called witnesses to bear out his contentions. Judgment was reserved.

It was stated that Mr. Lobb would very probably make an effort to have clause 7 struck out when the city goes to make terms with the commission. This is the clause which guarantees the city the same privileges as other municipalities.

Another provision in the resolution drafted by the City Solicitor, and which the aldermen will insist on, gives the city the right in case it uses Hydro power at any time for street lighting to sell eight or ten-hour power to manufacturers for about \$10 a horse-power. St. Thomas has already been granted this privilege.

Serious Charge Against Wm. Clarkson, Mountain Top.

There was a very serious charge entered against George Henderson, 5 Hunter street west, on the Police Court roster this morning, but happily there was no case against him, and nothing to support the charge of an offense against

his own daughter.

Defendant pleaded not guilty very emphatically and said the charge was a revelation to him. He elected to be tried by Magistrate Jelfs. He was told of the seriousness of the charge, and said he was aware of that. When asked if he would like to be remanded for a day to get a lawyer, he said he could not afford one. His Worship then asked Mr. George S. Kerr, K. C., who was present, to act for Henderson, remarking to the defendant that he could not have

Dr. McGillivray was called, and said the little girl, Isabella Henderson, aged 10, was brought to him by her mother and another woman and on examination and another woman and on examination he found nothing to warrant the charge. The mother of the girl was sworn, but her testimony did not in any way reflect upon him. Cross-examined by Mr. Kerr, Mrs. Henderson said her husband was kind to her and the children. His only fault was he drank ocasionally. After Henderson had been discharged he assisted his wife to leave the courtroom. She is in delicate health and seemed almost hysterical. His demanor throughout the trial made a very favorable impression.

He came up this morning and was remanded till to-morrow. He was not asked to plead.

A. M. Lewis asked for bail, which was refused, as the Magistrate said he has learned the charge is a serious one.

Though his hair is white with the frost of years, John Hannick has much of the youthful agility left, at least that inference may be taken from the evidence of T. H. Pratt against him in the charge of vagrancy. Mr. Pratt said that defendant had been put in St. Peter's. Home and the House of Refuge, but scaled the fence and made his escape. Last night P. C. Cameron arrested him.

him.

"How long have you been a resident of Hamilton?" he was asked.

"Fifty years."

"Then he can't be convicted of vagrancy, according to the statute." Then, turning to Hannick, his Worship said: "You can go, but if you come up again on any other charge I'll give it to you

"The Indian list has been not proved "The Indian list has been not proved to be in existence yet." That statement was made by the Magistrate this morning when John Warren was on the grill for being drunk. He is believed to be one of the listed. He got off this morning by paying the customary \$2.

David Manion, 113 Ferguson avenue. drove his rig across Mrs. Gleason's lawn. He admitted it when arraigned for trespass. He was fined \$2.

Harry Langer, called the sergeant, but no, one answered to that name in court.
Lewis Birkovitch, loudly called the sergeant; again no response.
"The case is dismissed," said the Magistrate, "because neither of the

parties appear. Langer had a charge tered against him, and Birkovitch was the complainant.

Yesterday afternoon County Constable Jess gathered in Harry Taylor. 228 Duke street, and Joseph Marks, Chicago. The youths were arrested for crap shooting outside the Jockey Club Gates. When they were arraigned this morning the charge was altered to vagrancy. A. M. Lewis. for the defence, commented on the charge being altered. However, they both pleaded not guilty. His worship contended that games of chance were no worse outside the Jockey Club grounds than they were inside. The case was dismissed.

Henry Holton sued Frank Holden for \$9.50 wages due. He got judgment for the amount.

"I'm an old soldier; give me a chance, your worship, and I'll not touch another drop, said Harry Owen, who is a resident at the House of Refuge. The military reference caught on, for he
