became worse and worse.—At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live.

LOST HER SPEECH. The annexed certificate tells a simple and truthful story of suffering and relief. There are thousands of similar cases in this city and Brooklyn, and yet there are thousands of parents let their children die for fear of being humbugged, or to save a few shillings.

DR. TOWNSEND—I take pleasure in stating, for the benefit of those whom it may concern, that my daughter, two years and six months old, was afflicted with general debility and loss of speech. She was given up as past recovery by our family physician; but fortunately I was recommended by a friend to try your Sarsaparilla.

JOSEPH TAYLOR, 128, York Street, Brooklyn.

TWO CHILDREN SAVED. Very few families indeed—in fact we had not heard of one—that used Dr. Townsend's Sarsaparilla in time, but my children died. The certificate we publish is conclusive evidence of its value, and is only another instance of its saving the lives of children.

Dr. Townsend—Dear Sir: I had two children cured by your Sarsaparilla of the summer complaint and dysentery; one was only 15 months old and the other 3 years. They were very much reduced, and we expected they would die; they were given up by two respectable physicians—When the Doctor informed us that we must lose them, we resolved to try your Sarsaparilla, and we had not so much as to be told that it was worth nothing, but we were very thankful that we did for it undervalued the value of both. I write this that others may be induced to use it.

Myrtle-Avenue, Brooklyn, Sept. 13, 1847.

LADY SAVED. The following is from a very respectable farmer residing at Hampton:—Dr. Townsend—Dear Sir: My wife has been suffering so severely from the Dyspepsia and general derangement of the system, that we supposed she must die. The physicians could not resist the disease, and she would have died beyond doubt, if we had not given her your Sarsaparilla. It has saved her life, and she is now entirely restored, and is gaining strength and health. She still continues the use of it.

Yours respectfully, ELIZA ABRAM.

COULD NOT WALK. Dr. Townsend's Sarsaparilla is the very best remedy for female complaints there is no disputing; thousands and thousands of weak and debilitated females that were prostrated by these diseases, which 5 miles are subject, were soon in the enjoyment of robust health.

Dr. Townsend—Dear Sir: My wife has for the last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints, such as females are liable to; she got so bad at length that she was entirely unable to walk, and was bed-ridden; and a child; she commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking several bottles she is restored. Being a singular case I have thought it might do good to publish it. She used a number of remedies that done her no good previously.

Yours respectfully, JOHN MULLEN, 87, Norfolk-street.

DYSPEPSIA. No fluid or medicine has ever been discovered which so fully resembles the gastric juice or saliva, in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla. It positively cures every case of dyspepsia, however severe or chronic.

Dr. Townsend—Dear Sir: I have been afflicted for several years with dyspepsia; its worst forms, attended with sourness of stomach, loss of appetite, extreme heart-burn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain it; a small portion on my stomach. I tried the usual remedies, but they had little or no effect; I was in a few weeks reduced to a state of extreme weakness, and I was in a few weeks reduced to a state of extreme weakness, and I was in a few weeks reduced to a state of extreme weakness.

For Sale (wholesale and retail) by JOSEPH BOWLES, 130, CHEMIST STREET, and JOHN MUSSON & CO., QUEBEC.

\$900 REWARD. TO THE persons who will prove that Jules Haehl's Vegetable Liquid Hair Dye is not the best—the very best—yet known in this country or Europe.
