A SIX MILLION WORD ENCYCLOPAEDIA for \$3.30.

"The Everyman's Encyclopaedia" in Twelve Volumes.

The work is issued as a practical and comprehensive reference Encyclopaedia, contains more references than any other Encyclopaedia published at twice the price. It gives all the information required by the ordinary reader and student. The greatest care has been exercised in its compilation, and only the very best available authorities have been consulted. Unless an Encyclopaedia is furnished with information that is up to date, its office as well as knowledge is purely of a nominal character.

"The Everyman's Encyclopaedia" is just completed. Only a few sets left. Remember the price, 12 volumes for

It's a mighty hard job to get a person to take any other brand of Paint once they get into the habit of using

"Matchless."

Many merchants who have been foolish enough to make this effort have found it no easy task, and where they did succeed, it eventually did not pay them.

There's a Reason.
