

and along Wyndham and Huskisson streets, the procession stopped at McCrae's woolen factory, the several rooms of which had been decorated for the reception of the visitors. The cleanliness and good order there was every where apparent contributed in a large measure to the pleasure of the short stay in this establishment. Here also, the departure of the party elicited hearty cheers from the employees. Returning by Huskisson street, the next stoppage was at Bell's Organ Factory, the visit to which was enlivened by the performance of the National Anthem on one of the instruments. A similar visit was paid also to Jackson & Co's. organ and melodeon factory adjoining. As the procession moved along Market street it was lustily cheered by the large concourse of people who had assembled in the hope of getting a good view of the Governor. At each of the establishments visited Lord Dufferin was introduced to the managers of the various departments, and by the interest he manifested in the various specimens of mechanical ingenuity that were shown him, repaid the proprietors for any trouble they were put to in the reception of their visitors.

**THE DEPARTURE.**  
It was now about eleven o'clock, and the party proceeded to the Great Western Station up Wyndham and along Paisley street. On the common opposite the station four squads of the Wellington Field Battery were stationed under command of Captain Macdonald. The Governor alighted and made an inspection of the Battery, complimenting the captain on the excellent appearance of the corps. Near the platform at the station was standing the special train which was to convey the vice-regal party to the other places which they were to visit, and Captain Bruce's company were formed into line and constituted a guard of honor. An immense crowd of citizens had assembled at this point, and occupied also the space in front of the Newton House. The Governor General and Lady Dufferin here took leave of the Mayor, thanking him for the reception accorded them, and expressing their satisfaction with the manner in which they had been entertained. They were received at the train by Mr. W. K. Muir, Managing Director of the C. W. R. The Governor stepped into the car a royal salute was fired by the Battery this noise from the guns was increased by the explosion of a number of fog signals which had been placed on the track, as well as by the rousing cheers of the crowd, which continued its demonstration until the train had moved some distance onward. When the last car of the train was fully out of sight the citizens turned and moved homeward, the carriages forming into line and proceeding by the Waterloo Road to the Town Hall, which was reached about half-past eleven o'clock.

The unusual bustle created by the arrival of the distinguished visitors had almost totally subsided by the afternoon, and many of our citizens took advantage of the civic holiday to have a run into the country. Everything passed off most pleasantly and nothing occurred to mar the unfeigned pleasure with which the Town of Guelph received the Governor-General and suite to her unbounded hospitality.

In the afternoon the Mayor and the Council, and a number of gentlemen, were invited to lunch at Mr. Lemon's residence.

We may add that the weather was excellent, that all the arrangements for the reception and entertainment of their Excellencies were very efficiently carried out. The different committees of the Council laboured earnestly to make it the success which it was, and in every way worthy of our good town, and the satisfaction which His Excellency expressed at all that was done, showed they had not labored in vain. He left Guelph with a most favorable impression of the Town—its site, substantial appearance and industries—and both he and Lady Dufferin were highly pleased at the warm welcome they received from all classes.

**Young Men's Christian Association.**  
Port Hope, Aug. 21.  
After the opening exercises, and some preliminary business,

Sheriff Thomas, of Hamilton, presented the report of the Committee on the Executive Committee's report. It recommended the appointment of Mr. T. J. Wilkie as General Secretary for the Dominion, and that the Association increase their subscriptions by \$300 for this object. The Committee stated that \$1,100 would be required during the ensuing year. An executive Committee, with Geo. Hague, of Toronto, Chairman, and comprising D. McCrae, of Guelph, among its members, was appointed. After some discussion the report was adopted.

Mr. Moore then presented the auditor's report. There was a balance in hand from last year of \$205; Association had contributed \$400, and \$112 had been received from other sources. The expenditure had amounted to \$747, including \$243 expenses of deputations, leaving a balance of \$29 due to the Treasurer.

Sheriff Thomas then read a paper on "The Executive Work, its province and plans for the future." It showed the great advantages which had resulted from the organization of International and Provincial Executive Committees in guiding the work of local Associations. It insisted on the necessity of a general paid secretary, and of liberal contributions to the Executive Committee to enable them to carry out a complete system of visitation, which would result in doubling the number of Associations.

In reference to the \$1,100 called for to carry out the ideas of the Executive Committee, Dr. McGuire, of Guelph, considered that it was a large amount to bind the Association as an Association to pay. He hoped it might be raised by individual subscriptions, but they should count the cost before they bound themselves in this way.

Mr. Taggart, of Pennsylvania, said he had been connected with similar work to that which they were discussing, in his own State. He urged them to have greater trust in God and believe that their difficulties even would work for their good. In Pennsylvania about \$1,000 were subscribed for this purpose. They would find it better to cut off some of their home work than to curtail this kind of missionary work.

A motion by Dr. McGuire, that the next Convention be held in Montreal, was carried.

Mr. Allchin, Secretary of the Guelph Association, submitted a resolution recommending the use of the hymn-book compiled by Mr. Wilkie, of Toronto, which was adopted.

A resolution in favor of Prohibition was passed.

Mr. Joseph Townsend, editor of the *Flora Express*, gave an account of the work in which they had organized an Association in that village.

Rev. Mr. Carey, of Dundas, also referred to the success of the Association in Elora.

After several resolutions in regard to Association work in the Dominion, the Convention closed. The farewell meeting was held in the Music Hall, which was crowded. Addresses were delivered by many of the members. Music was furnished by the choir, and several choice selections were sung. After the speeches the meeting resolved itself into a praise and promise meeting, and the responses were heartily made by the audience. Altogether this has been a most excellent Convention, and an immense amount of Christian work has been accomplished—work which, it is hoped, will be the means of doing much good in many towns and cities in the Dominion.

**BUSH MEETING.**—The British Episcopal Methodists of Guelph will hold a meeting on Sunday next in Mr. Gow's bush commencing at ten o'clock a.m.

At the last meeting of the Municipal Council of Godric's Plain Township Mr. James Patton was appointed Clerk in room of the late Dr. Stokes.

**THE GUELPH ECONOMICAL COOKING RANGE**  
A combined close or open fire cooking apparatus, with or without hot air chambers, or hot water boilers, for Bath and culinary purposes. This range is fitted with one oven, and one boiler, or with two or more ovens, grilling stove, hot closets, &c. The ovens are converted into roasters, and properly ventilated to carry off steam and odor while cooking. When not cooking, it can be used as an open grate, making a cheerful fire, while the consumption of fuel is materially lessened. In offering this Guelph Range to the public, we are confident that we are giving them an article that cannot fail to recommend itself to all, both as regards general utility and saving in fuel. The sizes range from 3 to 10 feet, and larger sizes if required. They can be seen at the store of Mr. Geo. Howard, Quebec Street, Guelph.
