IT COMES HIGH.

What it Cost a Tammany Brave to be
Defeated.

NEW YORK, Nov. 11.—Of all the candidates at the election of Nov. 6 who have thus far filed their expense accounts, Wm. Bohmer, Tammany nominee for sheriff, spent the most money. It cost Mr. Bohmer \$14,980.40 to be defeated. Of this amount he spent \$4,819.20 for lithographs and printing; for stationery, clerk hire and circulars, \$3,293.83; Tammany hall rent, \$2,000; \$1,652 went for postage; for posters and letter writing he spent \$1,294.19; for advertising in the daily papers, \$821; for advertising in periodicals, \$613; for cab hire, \$210; for telegrams, \$75.34; for expressage, \$53.24; car fare, \$38.60, and for wagons and drivers, \$55.

Hears of His Election and Dies.
PORTLAND, Ind., Nov. 11.—John English was elected by the Republicans of this county as sheriff. Mr. English was at the polls all day of the election and was taken sick at night and died next day with neuralgia of the heart.

The Coddling Moth Pest.
Apple shippers to British Columbia are having trouble over the coddling moth this season. Recently a carload of Ontario apples was seized and destroyed at Vancouver on account of the fruit being infested with this pest. The C. P. R. has issued a notice to fruit men that unless the greatest care is exercised by them with regard to infested fruit the company will require all charges on shipments to be prepaid.

Water Instead of Wine.
PHILADELPHIA, Pa., Nov. 10.—The time-honored custom of breaking a bottle of champagne on the bows of a vessel when it is launched does not meet with the approval of the W. C. T. U. of Philadelphia. At a meeting of the union yesterday the custom was condemned and a committee was appointed to wait upon the president of the Cramp Shipbuilding Company, and present him with a bottle containing river water and request him that it be used by Mrs. Cleveland on Monday in christening the St. Louis instead of a bottle of champagne. A communication was also sent to Mrs. Cleveland, notifying her of their request not to use wine in christening the St. Louis.

DOCTORS INTERESTED.

They Cannot But Accept the Testimony of Two of Their Prominent Brethren.

MONTREAL, Nov. 12.—The letters of Dr. McCormick, of Richmond, and of Dr. E. A. Ross, of Portland, recently published over their own signatures and testifying to their complete cure from Bright's disease and Diabetes respectively, by the use of Dodd's Kidney Pills, have established to the satisfaction of medical men generally, that the pills do all that is claimed for them by their manufacturers. Both physicians are known as men well up in their professions, whose word can be absolutely relied on and who rarely make mistakes. The result of these letters will be an enormous sale of Dodd's Kidney Pills in Montreal.

The finest family trees do not grow in arid regions.
The great lung healer is found in the excellent medicine sold as Fickie's Anti-Consumptive Syrup. It soothes and diminishes the sensibility of the membrane of the throat and air passages and is a sovereign remedy for all coughs, colds, hoarseness, pain or soreness in the chest, bronchitis, etc. It has cured many when supposed to be far advanced in consumption.

BOTHWELL.

(Agent for the ADVERTISER, James F. L.)
BOTHWELL, Nov. 10.—This used to be a bustling place during the oil excit, but of late years it has ceased to min its time and energy. There is a absence of that pluck and enterprise which is needed to build up a town. I speak of the business men, for they are pushing all their might—every man for his own—devils take the hindmost, so to speak. I allude to the lack of energetic forethought and action on the part of the town. Where is it? There are eleven chaises every year by men who are supposed to be the welfare of the town at heart. Three or four town fathers, but out of the lot me half of them seem capable of grasping any question of public utility, at least don't do it. Early in March last the town council is supposed to have passed a resolution to the effect that the town council be informed of the rates, nobody could tell anybody anything but for eight long months, up to Nov. 5, the town council is supposed to meet for business on the first Monday of each month. I betook myself to the council in good season last Monday, but the business is attended to. Next week, I may take up some of the items which I have referred to, as a nut to crack.

Gerrard Ellwood, an old resident of the town, passed away this day at the old age of 88. He had been complainor some months past and went over to see some of his family at St. Thomas, whither he had been invited by a friend, and while there he fell from which he never recovered. The old gentleman was an anguine exponent of a pension for his services in the troubles of 1837.

FROM NORTHERN NORWAY

A Valuable Discovery Made in a Far-Off Land.

The Wonderful Remedial and Nourishing Properties of Cod Liver Oil

A Priceless Gift from the Land of the Midnight Sun.

There has been nothing discovered in medical science to take the place of Cod Liver Oil. It is somewhat singular at there should be obtained from the liver of a fish a nourishment and remedial oil which cannot be supplanted by some other food-medicine, but, nevertheless, such is undisputed fact.

How Cod Liver Oil was discovered is definitely known. It is certain, however, that up in the cold regions of the north the natives long ago made use of all the paraffin fish they caught that could be possible made available for food and the problem of the lack of food was solved.

About 50 years ago the medical world in civilized countries became impressed with Cod Liver Oil, and by close observation and experiment physicians found that Cod Liver Oil could be made a wonderful lip to their profession. The result of investigation proved that after Cod Liver Oil was taken into the system it became an emulsion, just as milk is an emulsion of butter. This knowledge resulted twenty years ago in the appearance of Scott's Emulsion, which has now become a world-famed preparation.

Scott's Emulsion has taken the place of Cod-liver Oil, that is, in its raw state, Scott's Emulsion and Cod-liver Oil of a course are the same thing, except that in Scott's Emulsion the taste of the oil is completely disguised, and all of the objections advanced by a nervous person with a weak stomach are entirely overcome. Scott's Emulsion saves the digestive organs the work of converting the oil into an emulsion, but it does not result in any unnatural process of digestion and assimilation.

Scott's Emulsion aids the digestive of other foods in the stomach, and is non-passive and assimilated in the natural way. Anything which is either digested or assimilated in an unnatural manner should be taken only on a doctor's prescription.

The endorsement by physicians of Scott's Emulsion is its home test of its efficacy in all diseases or unhealthy conditions indicated by excessive wasting, Scott's Emulsion aids medical science more than any other nourishment. Scott's Emulsion elaps a dyspeptic person by aiding the digestion of other foods, and to a person who is failing in health it gives increased appetite and promotes the making of solid flesh and gives vital strength. It enriches the blood, makes new lung-tissue and overcomes all wasting tendencies.

In cases of inflammation of throat and lungs Scott's Emulsion has no equal in power to afford quick relief. It cures the most stubborn cough, soothes and cures sore throat, and overcomes all the airy stages of consumption.

In the wasting of the vital elements of the blood Scott's Emulsion also works wonders. Anemic or scrofulous persons are made well by it, and there is restored the pure skin and healthy color.

It is almost useless to refer to Scott's Emulsion as a nourishment for babies and children. Its name is a household word in hundreds of thousands of families where there were thin babies and children who were thin and pale. Babies and children thrive on Scott's Emulsion. It induces a healthy habit of eating.

Scott's Emulsion is for sale by all druggists at 50 cents and \$1. Pamphlet mailed free on application to Scott & Bowne, Belleville.

It Isn't "The Same As" and it isn't "as good as," no matter what any grocer may tell you about any imitation of Pearlina. He makes more money on it—but do you want to ruin your clothes for his profit? The imitations of Pearlina are sold at a lower price, naturally, for they're not as good. Some are dangerous, and would be dear at any price. There's nothing equal to Pearlina, the original washing compound, which saves the most work in washing and cleaning, and doesn't do harm. Pearlina is never peddled, and offers no prizes. Every package is a prize in itself. Beware of imitations. 574 JAMES PYLE, N.Y.
