

Economy that Costs

CHEAP LABOR is too costly for us. A cutter could easily cost us ten thousand dollars per year more than his salary if he didn't know his business.

This is why we can't afford to have any but the best work people on Semi-ready. When we get these, we hold them through liberal treatment and proper appreciation.

As a consequence, Semi-ready clothes are conscientiously made—with smooth shoulders, close-fitting collars, and that indefinable effect which spells "style."

Just try on a "Semi-ready" if you'd see what a well-balanced coat can do for your figure.

END OF THE BOWLING SEASON
LIKELY TO BE SEEN TODAYFinals and Doubles in Club
Tournament To Be Played
This Afternoon.

This afternoon will likely see the closing of bowling on the greens of the London Bowling Club for this year. The finals in the club tournament doubles and singles are being played, and unless fine weather continues, there will not be much more playing this season. The year's work—if it can be called work to bowl, row, or play tennis—has been carried through without a single hitch. The increase in membership had a great deal to do with this, and the affairs of this well-constituted organization have never been in better condition than now. The year has been one of prosperity and flourishing growth.

Bowling, which is the most important feature of the club, has as its members, however, been as it never before, for a fine afternoon did not pass without the summer without a game being played.

Although the club's stock of water-craft was supplemented at the beginning of the season, it was generally well taxed, while the tennis courts were the scene of frequent contests.

The first rink match, which had a large number of entries, was won by the rink captained by M. J. Kent. His third man was W. J. Hayward, his second E. Massey, and his lead H. Kirkpatrick.

HOCKEY.

PEEL'S REINSTATEMENT.

On the action of the Ontario hockey executive regarding the application for Harry Peel's reinstatement depends entirely whether or not London will have a team in the association this year.

If the executive places Peel in his old class the St. John's A. C. will place a team in the league. If not, London will be unrepresented. The St. John's A. C. claims it will be able to put a strong team in the league. It should therefore be assisted by the O. H. A. with the reinstatement of Peel.

FOOTBALL.

ANOTHER TIE GAME.

The association league game scheduled for yesterday was played at Wolseley Park, and resulted in a draw, each side scoring one goal.

This is the fourth time in the series for the cup that the contending parties have finished even. The games are most interesting exhibitions of football, and draw more attention from the citizens of London.

YESTERDAY'S TURF WINNERS.

At Brighton Beach—Bolina (Gannon), 6 to 1 and 5 to 2; Mamie Worth (Burns), 2 to 1 and 3 to 5; Votua (Hicks), even, and 1 to 3; Rostand (Odom), 15 to 20 and out; Daisy Green (Higgs), 7 to 5 and 1 to 2; Golden Drop (Fuller), 8 to 5 and 7 to 10.

At Memphis—Ardlight, Jay, Mc-

mother, Mrs. L. H. Smith, returned to her home in Riverside, Cal., this week.

Mr. W. H. H. Adams, is well, and his farm implements and stock and moving here. He will be home in a few days.

Mr. Cuddy is looking upon a very successful farmer, and we predict him the same success in his new business.

The brave husband who has been doing his best to keep one or two of his resolutions, made nearly a year ago, will have to go slow before entering on that job, which, before the work is half completed, the "hubby" is generally hoarse at the end, with a clear ring to his voice, and the work is half completed. The best way to keep down your ire when the joints of the pipe don't seem to keep your hand on a rusty length, and your first thought is blood-poisoning, etc., is just to keep up a good, lively chatter, and don't allow as dumb as an oyster, and the trick of our own way. Thus you will get steadily, and after it's all over you will be warbling "Tim Flanagan" Wake.

STRATHROY.

Strathroy, Oct. 22.—A little girl attending the Calvary school on Thursday, while eating an apple, got a piece lodged in her throat. She told her teacher, Miss Zavitz, about it, who advised the child to take a drink of water. This did not help matters, and Dr. Berdon's services being called the child soon got well.

Dr. C. H. Reynolds is becoming quite noted for his splendid articles contributed from time to time to the sports and journals. The doctor intends giving a special paper at Rochester, N. Y., next week, which, no doubt, will be greatly appreciated.

We learn that the usual amount of ammunition was sold to the sports for Thanksgiving Day shooting in this vicinity. Everything in sight in the shape of game wild or tame that happened to be in the woods came in for the usual amount of buckshot, slugs or any other shooting material that would fit in a gun.

Your correspondent was startled the other day by a friend asking him if he knew why Strathroy was called "Chimneytown." It was a puzzle, and we gave it up. Our friend stated that he had frequently heard the term used by outsiders when speaking of this place, and gave the further information that more corpses of people who had perished lived here are brought here for burial than in the case in any other Canadian town. While this may be a sort of compliment for Strathroy, we know and feel that our business industries, stores, schools, churches, moral tone and everything that goes to make up a first-class town, are very much alive and strictly up to date.

The Daughters of the King held a very successful social at the residence of Mr. James Wright on Wednesday evening of this week in aid of the parish room building fund. Light refreshments were served, a splendid programme rendered and some \$25 or over placed to the credit of the building fund.

RHEUMATISM CURED

A Right Way and a Wrong Way to Treat the Trouble.

Li linents and outward Applications Cannot Cure—The Disease Must Be Treated Through the Blood.

Rheumatism is one of the most common ailments with which humanity is afflicted, and there are few troubles which cause more acute suffering. It is a prevalent ailment, also, that if a person once contracts rheumatism it is bound to return in cold or damp weather. This is due to the fact that the system is not thoroughly driven out of the system, but it must be treated through the blood, as it is a blood disease. Having the effect of driving out the blood with liniments and ointments never cures rheumatism, though perhaps it may give temporary relief. Dr. Williams' Pink Pills have cured more cases of rheumatism than perhaps any other disease except anæmia. These pills drive the rheumatic poison out of the system by their action on the blood, and the trouble rarely returns if the treatment is persisted in until the blood is in a thoroughly healthy condition.

As an illustration of how even the most aggravated forms of this trouble yield to Dr. Williams' Pink Pills, the case of Mr. J. J. Richards, of Port Colborne, Ont., may be cited. Mr. Richards says: "About three years ago I suffered from a most severe attack of rheumatism. I could neither lie down nor sit up with any degree of ease, and I became so weak that I was unable to do any work. I tried many other remedies, but to no avail. I tried another and still another, but with no better results. By this time I had become so reduced in flesh that my friends hardly knew me. I could not move hand or foot and had to be turned in bed in sheets. The pain I endured was something awful. One day I was urged to try Dr. Williams' Pink Pills, and after taking a few boxes there was an appreciable change for the better; the pain began to leave me, and my joints began to lumber. I kept on taking the pills until I had used a dozen boxes, by which time every trace of the trouble had disappeared. I firmly believe that had I not been for Dr. Williams' Pink Pills I should have been a rheumatic cripple for life."

These pills not only cure rheumatism, but all other blood and nervous diseases, such as exanthema, indigestion, kidney troubles, neuritis, partial paralysis, St. Vitus dance, etc. The genuine "Pink Pills" carry the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by all medicine dealers at 50 cents per box, by mail, prepaid, by writing to the Dr. Williams' Medicine Company, Brockville, Ont.
