line of the pistols. If he had been silent he might have blown the whole thing, but he was a nervous little chap, so found no difficulty in believing that we man who never helps anybody, who were shot while trying to fix their bayonets. Then we rushed on into the within, and there he lay with his brains which was pinned upon the table, while the chaplain stood with a smoking pistol in his hand at his elbow. The two mates had both been seized by the crew, and the whole business seemed' to be settled.

"'The stateroom was next the cabin, gether, for we were just mad with the feeling that we were free once more. There were lockers all around, and Wilson, the sham chaplain, knocked one of them in, and pulled out a dozen that every third word, beginning with the first, would give a message which might ve'll drive old Trevor to despair.

"It was short and terse the warning, as I now read it to my companion:
"The game is un. Hudson has told bill. Fiv for your life."

"Victor Trevor sank his face into his baking hands. It must be that, I suppose," said he. This is worse than death, for it means disgrace as well. But what is the meaning of these had particularly noticed when we were led down the quay. He was a young man with a clear, hairless face, a long, thin nose and rather nut-cracker jaws. He carried his head very jauntily in

> tenant and ten of his men. The swingthere ever a slaughter house like that ship! Prendergast was like a raging devil, and he picked the soldiers up as if they had been children and threw them overboard alive or dead. There was one sergeant that was horribly wounded and yet kept on swimming 'Hullo chummy!' said he, 'what's for a surprising time, until some one in mercy blew out his brains. When the fighting was over there was no one left of our enemies except just the war-

dens, the mates and the doctor. "'It was over them that the great quarrel arose. There were many of us who were glad enough to win back our freedom, and yet who had no wish to have murder on our souls. It was one thing to knock the soldiers over with their muskets in their hands satlors said that we would not see it done. But there was no moving Prendergast and those who were with him. Our only chance to safety lay in making a clean job of it, said he, and he would not leave a tongue with power to wag in a witness box. It nearly came to our sharing the fate of the prisoners, but at last he said that if we wished we might take a boat and We jumped at the offer, for we go. were already sick of these bloodthirsty doings, and we saw that there would be worse before it was done. We we given a suit of sallor togs each, barrel of water, two casks, one of junk and one of biscuits, and a compass. Prendergast threw us over a chart, told us that we were shipwrecked mariners whose ship had foundered in latitude 15 degrees and longitude 25

degress west and then cut the painter "'And now I come to the most surprising part of my stery, my dear son. The seamen had hauled the fore-yard aback during the rising, but now as we left them they brought it square again, and as there was a light wind from the north and east the bark began to draw slowly away from us. Our party, were sitting in the sheets working out our position and planning what coast we should make was a nice question, for the Cape de Verdes were about five hundred miles to the north of us, and the African coast about seven hundred to the east. On the whole, as the wind was being at that time nearly hull down on our starboard quarter. Suddenly as we looked at her we saw a dense cloud of smoke shoot up from which hung like a monstrous tree upon the sky line. A few seconds later a roar like thunder burst upon our Scott. In an instant we swept the boat's head round again and pulled with all our strength for the place where the haze still trailing over the

A. D. Burhaus, in Recreation. Victoria and Niagara.

It was on the 22nd of November, 1855, that the friendly natives with whom he was traveling brought Dr. David Livingstone for the first time within sight and sound of the wonderful cataract on the Zambesi River, now know as the Vic-toria Falls. Before finding it the good missionary had journeyed for nearly two missionary had journeyed for hearly two years, and from his point of departure at Kuruman, in Cape Colony, had trav-ersed quite 4,000 miles of hitherto un-known country.

Today one takes the train at Cape

Kimberley on Thursday, reaches Buluwayo on Saturday, and late in the afternoon of uSnday begins to see in the disboat, lay rising and falling, upon the long, smooth rollers, and Evans and I, who were the most educated of the The natives call it "Mosi-oa-tuni." meaning "the roaring smoke." miles away the spray thrown back from the depths of the tremendous cavern into which the river tumbles, appears like a which the river tumbles, appears like a column of smoke rising from a burning village, and during the last mile of the railway journey the roar of the falling water becomes noticeable. Finally, when the edge of the chasm is reached, if the coming round to north, we thought river is in flood, the eye and ear are that Sierra Leone might be best, and turned our head in that direction, the marvels anywhere else on the planet. The first question that is asked of an American who has seen this African wonder generally is, "How does it compare with Niagara?" There is no possibility of comparison. The two are as different as day and night. Niagara is a perfect a roar like thunder burst upon our picture in a lovely natural framework. ears, and as the smoke thinned away there was no sign left of the Gloria less rock, trembling verdure and gliding water is a touch of majestic beauty. Victoria is simply a phenomenon, a terrific gash in the floor of an apparently unending plain, which, as one gazes, simply swallows the river in a manner that produces almost a thrill of horror.—Century water marked the scene of the cat-
