Keen Demand From Western Ontario For Government's Refunding Loan.

FINE SECURITY

For the first time in the history o Dominion finance the banks and bond houses of the country are being tested as to their ability to sell a great government loan, by their individual efforts and on the strength of value and security of the bonds. Today a refunding loan to meet the ma turing Victory bonds to the value of \$172,000,000, is offered and advertised to the public through the various bond houses and banks in the Dowhile practicing with the O. R. minion, a wonderfully attractive investment, according to local brokers on Saturday afternoon. Beard was kicked in the jaw while attempting 20-year bond with the whole of Can-

The bonds are offered in \$100, \$500 and \$1,000 amounts, and in five and twenty year terms. The cash prices are 99 for the five-year bond and 98.25 for the 20-year bond. They are 5 per cent bonds and mature in 1928 and 1943 respectively. Local brokers point out that in the event government reserves the right mit any individual holding to \$50,-

Retail Demand Keen. Every broker in London reports

hat the retail demand of the loan is very strong and keen, and they say that they expect the demand to become stronger now that the sale is officially opened to the public. Of the whole issue the five-year bonds the whole issue the five-year bonds are limited to 10 per cent of the whole, the government not wishing to have more than this quantity. to have more than this quantity com-

ing due in 1928.

In the matter of conversion, the London, Sept. 24.—London news-papers are beginning to assume the matter of fifteen days' interest, apa appearance of picture galleries with from the fact that he continues

the premier place they have been holding. The two conferences will be going on at the same time. With reference to editorial comment on the coming conferences, the Liberal papers seem to evince more concern than the others, the reason being fear the comment of papers seem to evince more concern that has already that he can being fear to over the demand that has already and the flying glass severed an been made arguing that it shows how the public appreciate, the good how the public appreciate, the good that he can and the strength legs are equalthis statement was correct when he appeared this morning to tell why he appeared this morning that the appeared this morning that the appeared this morning that the appeared this morning to tell why he appeared this morning to tell which the appeared this morning to tel ing to the holders of the bonds, and that the whole amount of \$172,000.
