Prohibition of Impure Ice. The proposal to prohibit the cutting of ice in the Toronto bay or in other local waters unfit for domestic use may seriously incon-venience ice dealers if enforced by the Board of Health, but it will be a good thing for the people at large. The ice produced from im-pure water is necessarily impure and should not be allowed to enter the market. Not-withstanding the regulations now in force if is a matter of common knowledge that ice intended for cooling knowledge that ice intended for cooling and gave great sat purposes alone is used for purposes where its impurities do damage to the health of citizens. The largest and best invoice of novelties ever imported to the city by the popular Mr. Moore will arrive and be placed upon exhibi-tion at the Musee on Monday and will con-It would require the most vigilant and arbitrary system of inspection to prevent deal ers from selling cooling ice for domestic use ers from selling cooling ice for domestic use and to prevent a certain class of restaur-ateurs and hotel men from buying cooling ice and using it on the sly for higher pur-poses. So long as impure ice is cut and sold under any pretext, it will be inisused. The only way to secure public health against attack is to legislate impure ice anot be confined to stipulated uses without an ex-

stable, getting himself there unhurt, but wreek-ing his sulky. Summary: Arlington Stakes, Class 2.20, Trotting-Mollie S. Lightfoot 1, Rachel B. 3, Lady Ulster 3. Time 2.2416, 2.233/4, 2.231/6. Osgoode Hall won the toss and played with sun and wind at their backs. During the first half Ottawa was not in it. Osgoode Hall played systematically, Smellie massing well. Senkler get the ball from a pass by Smellie, made a good run and obtained a try, from which Pops kicked a goal. Osgoode Hall next got two rouges. Then Moss gota try, which Pope again con-verted into a goal. Osgoode Hall also got a try and two more rouges. Smellie was warned by the referee for using improper language. At the east of first half Oscoode Hall had 20 points to nothiag. In second half Ottawa played a much bet-ter game, being stronger in scrimmage than their opponents. Their backs, however, were weak and frequently muffed the ball. Cross secured a try and shortly after Osgoode got another rouge, Martin obtained a try thrown from touch. Then Ot tawa obtained another rouge, Osgoode and Ottawa each got ane more rouge. When time was called score stood Osgoode Hall 30

The suggestion that the proposed prohibition of impure ice should come into force by easy stages, that is, by shutting dealers away from Ash-bridge's Bay and Grenadier Pond this year, from Toronto Bay next year and so on, is not a good one, for if the ice is impure it matters not where it comes from this year or next. grounds on Saturday afternoon, and none were sorry that they went. Seldom in the history of baseball in this city, even in the palmiest days of professionalism, has more excitement been evinced by the spectators than at this game. Baseball fellowers will remember the great game with Newark, when Toronto won the Internation-al pennant and the grand stand went wild. Well, that was the only game that has sur-passed yesterday's for excitement. Nature showed up a most beautiful day, and the field was in excellent condition. Intense rivalry was exhibited by both clubs and this, coupled with the fact that \$200 was up on the game, made the men play as they never did before. The decisions of the Umpire caused a good deal of kicking, but this was due more to the excitement of the players than to any inefficiency on that official's part. this was due more to the excitement of the players than to any inefficiency on that official's part. The Besvers went first to bat, but could act do anything with Thompson and were retired without a run. The same thing hap-pened them in the second, but in the third they batted the National pitcher for 2 runs. The National's got I run in the first inning, nothing in the second or third and 1 in the fourth. When the Beavers had finished their seventh inning the score was even, each team having two runs. The Nationals then went in with a vim, and by bunching their hits made three runs. With only two innings to play and three runs in the lead, the Nationals seemed to have a pretty sure thing; but the Beavers pulled together in the Sth and added two more runs to their sever. The Nationals were sut out in their part of the innung, and the 9th opened with this team wai refused to go not use her way the pro-ing in the Shamrock team. Guinn was played all summer with the Capitals of Ottawa and only came to Montreal this week. The matter was de-bated for an hour and a number of propositions were made but none agreed to. At 4 o'clock the Cornwalls drove off the field to their hotel.

Nationals were shut out in their part of the inning, and the 9th opened with this team only one run absad. The Beavers opened out in grand style and got two more runs, thus leading by one, and everyone thought that they had the game. The Nationals, however, tied the score with only one man out, and then the crowd did yell. Horns were tooted and everybody yelled. What Shakespeare Might Have Said,

What Shakespeare Might Have Said, To take or not to take: that is the question. Whether 'its better for a man to suffer The pangs and torments of indigestion, Or something take, and, in its taking, end them. Shakespeare didn't say that, but very likely he would have said something similar if he were lived agonies from indigestion. Of course he would have gone on to say that a man must be a fool not to take the ''something'' which would put an end to the ''something'' which would put an end to the ''something'' which would of, if he could get it. Now it is a fact that weak ened, impoverished blood things on indigestion, which is the cause of dyspensis, constipation-a poisoned condition of the whole system—and it is a fact, also, that Dr. Pierce's Golden Medical Discovery will so purify the blood and enrich it that all the weakened organs are rovitalized and strengthened.
