CLARENCE ATTACK MORE BELIEVABLE THAN REPORTED.

Influenza complicated with pneumonia. He is in a very serious condition. It is considered highly probable that unless there is soon a change for the better Her Majesty will not be crowned.

LONDON, Jan. 12.—Reports from Sandringham state that pneumonia, from which the Duke of Clarence is suffering, has developed into a more serious type than is announced by the physicians in their statements to the public.

The Queen, who is sojourning at Osborne House, Isle of Wight, is very anxious regarding the condition of her grandson and has ordered that information be immediately telegraphed to her of the slightest change in the Duke's condition.

It is considered highly probable that unless there is soon a change for the better Her Majesty will not be crowned.

Special precautions have now been taken to prevent reports from approaching the Hall. The official statement issued by the Duke's physicians is that the Duke is suffering from influenza, but that his strength is well maintained, and that no improvement can be expected.

ARTHUR CHAMBERLAIN'S CONDITION KEPT HIS BROTHER HOME.

LONDON, Jan. 12.—Influenza is widespread in Birmingham, and a number of persons are suffering from it. Arthur Chamberlain's condition is such that he is unable to leave his home.

Among the sufferers from the disease is John O'Sullivan, the noted Catholic divine.

The Earl of Clarendon is ill with influenza. All the London hospitals are filled with patients suffering from influenza.

There were 2208 cases in Copenhagen last week. The mortality in Cork County, Ireland, is heavy.

Influenza continues to spread in France. Grip is attaining serious proportions in Madrid.

COURT TOLSTOI ON RUSSIA.

He defends the Government of the Czar.

LONDON, Jan. 12.—An article by Count Tolstoy on the subject of the famine in Russia appears in this morning's Daily Telegraph. In it he criticizes the court, and reproaches against the Russian Government, and its officials present an exaggerated and distorted picture of the famine.

He admits that much drunkenness prevails, and that many cases of insanity are being reported. He states that thirty people die of starvation daily, and that many children are dying.

He says that the famine is not due to a lack of food, but to the mismanagement of the Government. He says that the Government should do more to relieve the suffering.
