HE JUNCTION HIGH SCHOOL.

ce with a resolution pres Mayor Bond a public meeting was in Campbell's Hail, Toronto Junction,

held in Campbell's Hall, Toronto dunotion, last evening for the purpose of discussing the advisability of the council granting \$5000 asked for by the board to complete the new High school building.

The original estimates by the architect provided for a building costing about \$21,000, but the board attempted to build the school by day labor, and after proceeding for some time they found that it would cost much more than the architect's estimate. After making several demands on the council and spending about \$33,000, the building was still in an uncompleted condition, and \$5000 more is required to complete it.

Mayor Bond stated that he called the meeting to get the sense of the latepayers, but he was opposed to placing any more money in the hands of the board, at he considered them incompetent and an utter failure as a school board. The people must say whether they wished the council to vote the money or the board must resign.

Todd, John Patterson, Peter Phillips, H. T. Law, J. F. Holden, Dr. Gilmour, Dr. Williams and W. Wilcex all spoke in favor of granting the necessary \$5000 to complete the building, the speakers believing that it is worse han folly to invest \$33,000 and then for the lack of \$5000 necessary to complete to allow such a fine building to stand idle. A resolution was then carried without a dissenting voice, as follows:

"Moved by A. J. Anderson, seconded by H. T. Law, That it is the express desire of the ratepayers and electors that the municipal council take immediate steps to place in the hands of the High School Board the sum of \$5000 required for the final completion of the High school building, and that the money be provided without the necessity of a bylaw by popular vote."

After the resolution had been unanimously carried Mayor Bond announced that he would support the granting of the money by the council.

TORONTO'S GREAT CARPET HOUSE.

The notable advantage, apparent to all visitors here, is that in the selection of carpets they have the choice of not only all the new patterns shown everywhere, but also an additional large number of new patterns which are shown nowhere else. It is the very complete and unusually large variety—not only in styles, patterns and grades of carpets, but also in prices—which gives this house a special distinction not shared by any other carpet concern in Toronto. We have carpets as low as 20 cents per yard, and the prices range from that to \$3 per yard, and some of the patterns in our 20-cent grades are the carpets usually offered elsewhere at 35 or 40 cents. As the largest importers of carpets, we are always
