Adversity

The strongest men have come through the greatest adversities. Willa that are tried and tested are the ones that win. Take your troubles like a man. Adversity with its blasting winds sometimes sweeps us off our feet. But dropping worry on the spot lets us wing ourselves away in helpful thought. Adversity is the only true balance in which to weigh friendships. Prosperity makes many friends, but adversity is left to shift for itself. Learn the pulse of character that comes from making the best of bad bargains. (Copyright, 1922, by Basil L. Smith).
