EAST LAMBTON LIBERALS.

CONVENTION POSTPONED, SELECTION OF A CANDIDATE UNTIL JANUARY.

Address by Hon. A. J. McKay, F. F. Pardee H. J. Pettypiece and Others.

A convention of the Liberals of East Lambton was held in the Music Hall, Watford, on Friday afternoon.

The President, R. J. McCormick, of Warwick, presided.

On the platform were Hon. A. G. McKay, leader of the Opposition; F. F. Pardee, M. P., West Lambton; H. J. Pettypiece, ex-M.P.P., M. A. Smith, Forest; S. Bailey, Plympton; Dr. Coulter, Petrolia, and others.

The convention had been called so hurriedly on account of it being the only vacant date Mr. McKay had this month, and the roads being in such a bad condition it was thought advisable to postpone the nomination until every section of the riding could be more fully represented.

On motion of M. A. Smith, seconded by S. Bailey it was decided to defer the selection of a candidate until a date in January to be fixed by the President and Secretary, when candidates for both the Commons and the Legislature would be named.

Mr. McCormick stated the object of the meeting. It had been called very hurriedly, and as a result the attendance, while very large, was not as representative as it might be. It had been suggested that the naming of a candidate be left until some later date, when every portion of the riding would be represented. He was perfectly willing that that should be done. The convention could adjourn and then listen to Hon. A. G. McKay. He was certain that the Liberals of East Lambton would be delighted with the new leader. He was a man who had endeared himself to the party in Ontario, and was bound to be a most successful leader. He was a capable politician, one of whom all might well be proud. It was indeed a great pleasure to have him present. He had great pleasure in introducing him to the convention.

F. F. Pardee, M. P., West Lambton, was first called upon. Mr. Pardee paid a high tribute to Mr. McKay's qualities as a leader, and dealt briefly with Dominion issues.

Mr. H. J. Pettypiece, Forest, ex-M.P.P., was the next speaker. He was glad that there was such a large representation at the convention. He gave a resume of his work in the Provincial House. He had made a close study of railway taxation. That was a very live question and was one that should be brought more clearly before the people. He had been charged with deserting his bill in the House, but he denied it absolutely. In fact, it had been said that his defeat had been due to this desertion, he was proud of it, for he would rather stand with his leader and be defeated, than desert him and be a member of Parliament. He had been loyal to his leader. Whatever might be his position in the future, he was bound to insist upon the Government taking up the question of more equitable taxation. He thanked the electors for their generous support during the last general election.

Mr. Duncan White, of Bonasquet, criticized the Whitney Government's policy with regard to education. The members of that Government had shown themselves to be utterly opposed to the interests of the people in this matter. He especially found fault with the abolition of the model school. This school was the poor man's friend, as it gave his children an opportunity fitting themselves for the teaching profession, a profession that was now closed to them, owing to the fact that the new school regulations made a term in the normal imperative. Many a man could send his children through the model and after that they could work themselves through the normal school, or into other professions. Now that door of opportunity was closed to them. This was not fair, and such legislation was not wise. He also appealed for a more equitable revision of the tariff, as it discriminated too much in favor of the manufacturer, and not enough in favor of the farmer, who produced a great part of the wealth of the country.

Hon. A. G. McKay was well received on rising. He thanked them for the generous manner in which his name had been received. In coming to East Lambton he felt that he had come to a constituency that had been and was still a stronghold of Liberalism. He was convinced that after the next general election East Lambton would again send a representative to assist him in his work in the house. Liberalism had always stood by the people. It was the spirit of Liberalism that the people should rule. He congratulated the Liberals of East Lambton in that it had been independent. Liberalism had stood for liberty, truth and right dealing, and the party would ever keep that in view. The party should select good men, men of independent mind and strength of character. Liberalism always took man as a thinking animal, and gave him a chance. In an address of an hour the speaker criticized the record of the Whitney Government dealing with their educational policy, the power problem, reforestation, licenses, and the spoils system and in his closing remarks he paid a splendid tribute to the administration of Sir Wilfrid Laurier, and his colleagues. A most economical management of the nation's affairs had been given. He criticized the petty, peevish, Pecksniffian, criticism of the Conservative party. "I am expecting East Lambton to do its duty," he said in conclusion. "You will send me a representative to help on the cause of good legislation. East Lambton belongs to us and it will come to its own."

Mr. F. G. Inwood, the general secretary for Ontario, made a brief speech, in which he urged the necessity of a good organization. He had great confidence in Hon. A. G. McKay, Ontario had great

confidence in him, and he would be premier of Ontario in a very short time.

The meeting broke up with cheers for Sir Wilfrid Laurier, Hon. A. G. McKay and the King.

BADLY RUN DOWN.

Dr. Williams' Pink Pills Came to the Rescue After Doctors Treatment Failed.

The life of any constant traveller is always a hard one, but those whose work compel them to take long tiresome rides over rough roads, exposed to all conditions of weather, are in constant danger of losing their health. The extreme heat of summer or the piercing winds of winter sap their strength, the kidneys become diseased or rheumatism sets in. What is needed to withstand this hardship is rich, red blood—the pure blood that Dr. Williams' Pink Pills can alone make. These pills are the travellers never-failing friend. Concerning them Mr. George Dalpe, of St. Eloi, Que., says:—"I am a grain dealer and am obliged to make frequent trips, sometimes very tiring. I returned home from one of these trips last summer very much fatigued. I was overheated and tried to cool and rest myself by lounging on the verandah till late at night. I caught cold and the next day I did not feel at all well. I had a headache, pains in my stomach and was very weak. I went to see a doctor but he said I would be alright in a day or so, so I started on another trip. I had not gone far before I felt very ill and had to return home and go to bed. I had chills, headache, pains in my stomach and kidneys. The doctor came to see me, and he said I was over-worked. He treated me for several months but instead of improving I continually grew worse. I wasted away almost to a skeleton and really thought I was going to die. One day my wife returned from the village with a supply of Dr. Williams' Pink Pills. She urged me to take them as she said they had been very highly recommended to her. I did so and by the time I had taken four boxes I felt enough benefit to decide me to continue them and I took about a dozen boxes. They fully cured me and today I am able to go about my work without feeling fatigued."

Fatigue, on the least exertion is a sign that the blood is poor. Replace the bad blood with good blood and labor will be a pleasure. Dr. Williams' Pink Pills make pure, red blood. That is why they cure anaemia, rheumatism, kidney trouble, indigestion, heart palpitation and the nerve racking ills of girlhood and womanhood. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Co., Brockville, Ont.

Small Business.

The following item from a London paper shows heartless cruelty on the part of the officials concerned that should cause them to be ashamed to call themselves dispensers of justice.—"Lewis Kennedy appeared before Squire James at the court house Friday charged with vagrancy. When arrested he was going around the country selling little pictures for what people would give him and earning his meals by doing odd jobs. He is deaf and dumb, and communicates with a slate and pencil. When arrested he had some fifteen dollars on him. He claimed that he was doing no harm, and earning his living as best he could.

When the authorities got through with him yesterday he had about enough to pay for one day's lodgings left from his fifteen dollars, and this with winter coming on, and he not as young and resourceful as he used to be."
