Agriculture Aided By Victory Loan

Wonderful Trade Expansion Due to Success of Canada's Loan Issues

Since the war started Canadian agriculture has grown in importance as a national industry. More than ever it is a source of strength to the country. The demand by Great Britain for food, not only for her soldiers but for her civilian population, has opened a market of tremendous possibilities. In 1915 our total agricultural exports amounted to \$205,000,000. At the end of the fiscal year of 1917-18, the total had jumped to \$740,000,000.

This wonderful addition to the National wealth was, to a large extent, due to the Victory Loan of 1917. It was so in this way: Great Britain found that, owing to her vast expenditures on her army and navy, and the necessity of giving monetary aid to some of her stricken Allies, she was no longer able to pay for her purchases of food with ready cash. Rather than see our products lose a sure market the Dominion Government decided to advance such sums out of the proceeds of the Loan issues to pay for a good part of the food that was sent to Great Britain. The farmers had been asked to "produce more food" and they had responded with a will; it was, of course, for the Government to see that the increased production was marketed.

In this way Canada's entire exportable surplus of wheat, cheese, bacon and other commodities was financed. This year there will be for export possibly 100,000,000 bushels of wheat valued at \$225,000,000. If the proceeds of the Victory Loan meet the expectations of the Finance Minister a great part of this wheat will be financed by the Government. The export of cheese will be over \$40,000,000, and of butter, eggs and condensed milk another \$10,000,000. Bacon runs into millions. In the past twelve months the Government has advanced nearly \$100,000,000 to finance exports of live stock products.

IN FLANDERS' FIELDS.

In Flanders' fields, the poppies grow Between the crosses, row on row, That mark our place; and in the sky The larks, still bravely singing fly, Scarce heard amid the guns below.

We are the dead. Short days ago We lived, felt dawn, saw sunset glow, Loved and were loved; and now we lie In Flanders' fields.

Take up our quarrel with the foe. To you, from falling hands we throw The torch. Be yours to lift it high. If ye break faith with us who die, We shall not sleep, though poppies blow In Flanders' fields.

Pills for Nervous Troubles.—The stomach is the centre of the nervous system, and when the stomach suspends healthy action the result is manifest in disturbances of the nerves. If allowed to persist, nervous debility, a dangerous ailment, may ensue. The first consideration is to restore the stomach to proper action, and their is no readier remedy for this than Parmelee's Vegetable Pills. Thousands can attest the virtue of these pills in curing nervous disorders.

SCIENCE AND INDUSTRY AID VICTORY LOAN

As an instance of how science and industry have co-operated to win the war, it is interesting to note that Sir Thomas White, K.C.M.G., Minister of Finance, has made a special "His Master's Voice" Record for the purpose of actually informing the Canadian Public in his own voice concerning the need of the second Victory Loan.

Science has thus made it possible for the voice of the Finance Minister to be heard in thousands of places in every part of the Country at the same time.

The illustration shows Sir Thomas "caught in the act" as he made his special recording at the laboratories of the Berliner Gram-o-phone Company, Limited, Montreal.
