CHARADE.
My first oft makes a suit;
My next a suit when made;
And in my whole, when put to-
gether,

Full many a suit is laid.
GEOGRAPHICAL REBUSSES.
What English city, curtailed, be-
comes the connecting link between
birds and beasts?

What part, curtailed, becomes a
bird?
What city, beheaded, names a wo-
man?

What islands, beheaded, become a
lazy insect?
What island, curtailed, becomes a
parent?

What should every one who gets up
in trade begin as a house?
My first walks on my second and
my whole, My whole sometimes runs
by the road but often across the
fields.

ANSWERS TO PUZZLES OF OCT. 2.
Because it is all face and figure, has
no head to speak of, is hard to stop
when it is wound up, and has a
striking way of calling attention to
itself every hour of the day.

When shooting.
The more you lick it the faster it
goes.
When they set it themselves by
standing.

Because trains run over sleepers.
Because the worse people get the
often they visit them.

THE RULE OF ACHIEVEMENT.
"What shall I do?" My boy, do not
stand asking.
Take hold of something, whatever
you can.

Grasp with a will whatever needs do-
ing;
Still standing ready, when one work
is done,

Another to seize, and onward pur-
suing.
In duty, your course, find the victo-
ry won.

Do your best for today, trusting God
for tomorrow.
Don't be afraid of a jest or a sneer.
Be cheerful and hopeful, and no trou-
ble borrow;
Keep your heart pure—your head
cool and clear.

Because you have contracted ordi-
nary colds and recovered from them
without treatment of any kind, do
not for a moment imagine that colds
are not dangerous. Everyone knows
that pneumonia and chronic catarrh
have their origin in a common cold.
Consumption is not caused by a cold
but the cold prepares the system for
the reception and development of the
germs that would not otherwise have
found lodgment. It is the same with
all infectious diseases. Diphtheria,
scarlet fever, measles and whooping
cough are much more likely to be
contracted when the child has a cold.

You will see from this that more
real danger lurks in a cold than in
any other of the common ailments.
The easiest and quickest way to cure
a cold is to take Chamberlain's
Cough Remedy. The many remarkable
cures effected by this preparation
have made it a staple article of trade
sale by W. A. Warren, Pharm. B.

An Irishman was seen one hot day
laboriously turning a windlass which
hoisted a bucket of rock from a shaft.
A clergyman who was passing said
with concern: "My friend, why don't
you cover your head?" "This hot sun
will affect your brain." "Brains, is it?"
said the man, as he gave the
windlass another turn, "if I had any
brains, d'ye think I'd be pulling up
this bucket?"

Why Refer
to Doctors
Because we make medicines
for them. We give them the
formula for Ayer's Cherry
Pectoral, and they prescribe it
for coughs, colds, bronchitis,
consumption. They trust it.
Then you can afford to trust it.
Sold for over 60 years.

Ayer's Cherry Pectoral is a remedy that
should be in every household. It is
made of the best ingredients and
is recommended by the highest
authorities.
Ayer's Pills greatly aid the Cherry
Pectoral in breaking up a cold.

SEASONABLE JOKE.

The game warden of Colorado was
walking out in the mountains the
other day, when he met a hunter with
his gun. The officer suggested that
that ought to be a good country for
hunting.

"It certainly is," said the hunter,
proudly. "I killed one of the finest
bucks yesterday. I ever saw, and he
weighed over 200." It was the season
when deer may not be shot without
subjecting the hunter to a heavy fine.

"Well, that is a fine one," said the
warden, "and do you know whom you
are talking to?"

"Being assured that he did not, the
officer said:
"Who, I am the chief game warden
of Colorado. The hunter was only taken aback a
moment, when he said:
"And do you know whom you are
talking to?" The warden did not
know.

"Well, sir," said the hunter, appar-
ently relieved, "you are talking to
the biggest liar in the whole state of
Colorado."—Kansas City Star.

PAT'S OPINION.

There had been a very destructive
fire at an East-end clothing establish-
ment, and when the insurance com-
pany's inspector arrived on the scene,
a good deal of discussion arose as to
what could have been the cause of the
conflagration. Both gas and electric
light had been used in the place, and
finally it was agreed that the out-
break was to be attributed to one or
the other of these.

"Well," said one partner, "it
strikes me it is the electric light."

"No," said the other, "not about the
gas lights."

And so the discussion started again,
and the inspector decided to have an
outside opinion. The Irish porter of the
establishment was called. "Now,
Pat," said the inspector, "we want
your idea as to the cause of this fire.
Mr. Kotak blames the gas lights, and
Mr. Tirkloff the gas lights. What is
your opinion?"

"Faith, sir," said Pat, reflectively,
"if an indolent to think it must have
been the gaslights!"

A SHORT JOURNEY.

A gentleman whom we will call
Jones entered a carriage on one of
the Clyde side lines the other day,
and found that his travelling com-
panions for the next twenty minutes
were some half-dozen Irishmen, evi-
dently "just over." At a certain stage
of the journey tickets were collected,
but the collector did not interrupt
Jones, whom he knew to be a season-
ticket holder, in his reading of a
newspaper.

When the train was in motion again
Jones was startled by receiving a re-
sounding slap on the knee from the
man opposite, who at the same time
exclaimed:

"And how did you do it?"

"Do what?"

"Why," exclaimed the Irishman,
"how did your honor dodge the col-
lector-man?"

"Oh," said Jones, smiling, "I sup-
pose I was allowed to pass on account
of my good looks."

"By me soul, thin, you'll not be
travelling far," was the crushing re-
port.

HER AIM.

A man who runs a truck farm in
Virginia tells of the sad predicament
in which a colored man named Sam
Moore, who is in his employ, recently
found himself. Sam had had con-
siderable difficulty in evading the on-
slaughts of a dog from a neighboring
farm. Finally, the dog got him. A
Sam kicked at him.

Sam's wife, hearing a tremendous
rattle, rushed to the rescue of her hus-
band. When she came up the dog had
fastened his teeth in the calf of Sam's
leg and was holding on for dear life.

Seeing a stone in the road, Sam's
wife was about to hurl it when Sam,
with wonderful presence of mind,
shouted:

"Mandy! Mandy! Don't throw that
stone at de dawg! Frow it at me,
Mandy!—Youth's Companion.

PAT'S SAFETY.

A farmer was one day walking over
his farm, when he called out: "What
on earth are you doing at the top of
that tree, Pat? Don't you see it's a
hanging out down?"

"Yes, your honor, but the last time
I've had a tree cut down, it fell on top
of me, and, besorra, I'll be safe this
time!"

Mrs. Sibley—"What do you want to
leave us for, Nora? I'm sure we've
treated you as one of the family."

Nora—"Indeed, an' you have, an' an'
an' I've stood it long enough."

The Natural Cure
For Rheumatism

"Fruit-a-tives" remove from the blood the poison
which causes Rheumatism.

Rheumatism means
poisoned blood. The
kidneys, bowels and skin
should rid the system of
waste matter. If either
of these vital organs
become weakened
or diseased, the
body cannot throw
off this waste fast
enough.

One of these body
poisons is UREA,
which is eliminated
both by the kidneys
and skin. If the
skin action is poor
—if the kidneys are inflamed
—urea stays in the system—
is changed into uric acid—
carried by the blood to the
nerves and joints—and causes
Rheumatism.

"Fruit-a-tives" cure Rheu-
matism because they eliminate
urea, by increasing the action

of bowels, kidneys and skin.
This is the only possible
way in which Rheumatism can
be cured to stay cured. And
"Fruit-a-tives" is the only
remedy in the world
that completely
eradicates the
disease from the
system.

"Fruit-a-tives"
will cure
almost any case
of Rheumatism,
Sciatica,
Neuralgia.

These tonics and antiseptics are added
and the whole made into tablets, one a
box—4 for \$2.50. At all dealers or from
Fruit-a-tives Limited, Ottawa. 111
