

When....

your grain fields are far apart
it is very convenient to have
a Transport Truck, especially
if the roads, lanes or gates are
at all narrow.

The...

MASSEY-HARRIS Transport Truck

is made specially with a view to supporting the Binder in

such a way as to prevent its injury from jolting or straining
when travelling on the rough roads.

It can be easily and quickly
loaded by ONE MAN.

IT PAYS TO HAVE ONE.
