PHILADELPHIA, May 7th, 1896.

The Wells Light Mfg. Co.,
No. 41 and 45 Washington Street, New York City.

Gentlemen:

We are pleased to state that we have used your Wells Light on a broad construction work during the past few years. We have found these lights to give perfect satisfaction for night work on heavy masonry and about steam shovels.

They are easy to move about. The expense while in operation is very reasonable, and we consider them far superior to an electric light plant for our work.

Yours very truly,

CHARLES A. SIMS & CO.
