Special Circular to the Trade.

Toronto, January 20th, 1894.

RADAM'S MICROBE KILLER having made such immense headway during the last six years throughout America, Australia, Great Britain, and Canada, with sales constantly increasing, it has been found necessary that some one uniform package should be used, to be handled exclusively by the Trade; and, therefore, all arrangements have been now perfected by which we can supply the Trade with the remedy in 40-oz. square glass bottles, amber color, with the "name and trade mark" blown in the glass on one side, and the other three sides covered with a handsome label. Each label will have on it the "trade mark" and give the names of the ingredients used in the manufacture of this wonderful medicine, also explicit directions how to use, and the price, \$1.00.

Retail druggists are requested to order through their wholesaler, if desirable, or direct from headquarters. The price to the Trade will be \$7.50 per dozen bottles net, 5% off 30 days. No orders for less than a dozen will be filled, however, from the factory.

P. S.—Of course we shall also continue to put up the remedy in wine gallons, same as heretofore. Prices on application.

Very respectfully,

WM. RADAM MICROBE KILLER CO. (Limited),
