

Consumption Conquered

A F. E. ISLAND LADY RESTORED TO HEALTH.

Attacked with a Hacking Cough, Loss of Appetite and General Feeling of Lassitude—Pink Pills Restored Her Health After Doctor's Failed.

From the Charlottetown Patriot.

Times without number have we read of the wonderful cures effected by Dr. Williams' Pink Pills, but generally the testimonials telling the tale had laid the scene in some of the other provinces. This time, however, the matter is brought directly home, and the testimony comes from a much respected and Christian woman. Mrs. Sarah Strickland, now residing in the suburbs of Charlottetown, has been married many years, and blessed with a large family and although never enjoying a robust constitution had, until a year ago, been in comparatively good health. About that time she began to feel "run down," her blood became thin and a general feeling of lassitude took possession of both her mind and body. Her family, and friends viewed with alarm the gradual development of her illness, and when a cough—at first incipient, but afterwards almost constant, especially at nights—set in, doctors were summoned and everything that loving, tender care and medical skill could do was resorted to in order to save the affectionate wife and mother, whose days appeared to be

Joking their Mother on her Appetite.

numbered. Her appetite was almost completely gone. Food was partaken of without relish, and Mrs. Strickland was unable to do even the ordinary, lighter work of the household. She became greatly emaciated and in order to partake of even the most dainty nourishment a stimulant had at first to be administered. While this gloom hung over the home and the mother sorrowfully thought of how soon she would have to say farewell to her young family, she was induced by a friend to try Dr. Williams' Pink Pill. Though utterly discouraged, and almost disgusted with medicine, she yielded more in a friendly way than in a hopeful spirit. After using the pills for a short time a gleam of hope, a wish to get well again took possession of her and the treatment was cheerfully continued. It was no false feeling but a genuine effort. Nature was making to reassert itself, and before many boxes were used the family were joking their mother on her appetite, her disappearing cough and the fright she had given them. The use of the Pink Pills was continued for some time longer and now Mrs. Strickland's elastic step and general, excellent health, would lead you to imagine that you were gazing upon a different woman, not one who had been snatched from the very jaws of death. She was never in better health and spirits, and no matter what others say she is firm in her belief that Pink Pills saved her life and restored her to her wonted health and strength.

Dr. Williams' Pink Pills are an unfailing cure for all troubles resulting from poverty of the blood or shattered nerves, and where given a fair trial they never fail in cases like that above related. Sold by all dealers, or sent postpaid at 50 cents a box, or 6 boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N.Y. See that the registered trade mark is on all packages.

KEY-BOARD

ADVANTAGES UNDER INVESTMENT CONTRACTS.

A great variety of plans of insurance on the tontine and semi-tontine systems, under various names, have been introduced by life insurance companies operating in Canada and elsewhere, but there are none containing the special advantages offered under the compound investment and investment annuity plans or the 7-per-cent. guaranteed income bond of the North American Life Assurance Company, of Toronto, Ontario. A compound investment policy may be secured by the applicant therefor, who can select a period of fifteen or twenty years, and, in the event of his death during the first ten years, the full amount of the policy is payable; if death occur after that, and within the investment period, there is payable, in addition, a mortuary dividend of the eleventh and subsequent premiums paid thereon. An additional feature under this valuable contract is that after the policy has existed for ten years the company will, if desired, loan the insured the remaining annual premiums as they mature, in order that the policy may be kept in force until the completion of the investment period, simply requiring the payment of current interest on the premiums so loaned.

The investment annuity contract provides for the payment of the face of the policy in 20 or 25 equal annual instalments in the event of death. A much lower rate of premium is chargeable on this than on the regular plans of insurance on account of the payment of the face of the policy being extended over a period of 20 or 25 years.

Under the 7-per-cent. guaranteed income bond, which can be secured by the payment of fifteen or twenty annual premiums, the insured is guaranteed an annual income of 7 per cent. should he survive the term named in the bond, in addition to which several other valuable options can be selected.

For further particulars and pamphlets explanatory of the above-named plans, apply to Wm. McCabe, F. I. A., managing director North American Life Assurance Company, 22 to 28 King street west, Toronto, Ont., or to any of the company's agents.
