

Pernicious anemia, fatal ..	211	PROSTATE, HYPERTROPHY OF ..	570
fatal ..	392	complicating vesical calculus ..	147
and arteriosclerosis ..	108	with gastric symptoms ..	170
mental symptoms ..	481	Prostatic enlargement for cancer ..	570
neuronal ..	482	end-points of suprapubic and	
neuronal due to ..	526	perineal ..	573, 574
post-anesthetic ..	5, 7	for hypertrophy ..	572
Pelomyelitis, chronic anterior ..	488	Prostatic calculi ..	575
and poliomyelitis ..	346	tuberculosis, relation to cephalo-	
Polyneuritis, heavy toxic, Poly-		edema ..	229
neuritis ..	372	with vesical tuberculosis ..	148
POLYCYTHÆMIA ..	569	Proctitis complicating gonorrhea ..	282
Polydactyly ..	526	Proctitis, origin, metastasis ..	124
Polyorthomyelitis, acute, with ..	124	Proctitis ..	15
Polyposis, effect on a third of re-		Pseudoganglion ..	64
moval ..	132	Pseudobulbar paralysis ..	166
Polyserous, peritoneal ..	546	PSOAS ABSCESS ..	575
Polyuria ..	197	no spinal curv ..	155
in acute nephritis ..	506	PSORIASIS ..	577
Polysplenic atrophy ..	64	Puberty, influence on epilepsy ..	229
artery, function of ..	307, 308	neural disturbances of ..	173
Portal cirrhosis (see Liver, Cir-		Pubis, fracture of ..	279
rhosis) ..	404	Peritoneal infection, gonorrheal ..	287
Post-anesthetic brachial paralysis ..	523	insanity ..	470
toxic ..	42	intercurrent diseases with ..	471
after appendectomy ..	85	PUERPERAL SEPSIS ..	578
Potassium iodide, influence in ac-		pericarditis complicating ..	543
tiniomyosis ..	40	Puerperium, dangers of thrombosis	
test in nephritis, technique ..	513	during ..	727
Pott's disease (see Spinal Curv-)		permeous aneurysm beginning at	
vature) ..	247, 248, 249	Pugilist's 'mark,' shock from blow	
rarity of good results ..	239, 263	on ..	1
Pregnancy, toxæmia in ..		Pulmonary actinomycosis ..	10
vomiting of ..	5	change in impaired ventricular	
albuminuria of ..	46	contractility ..	447
with appendicitis ..	90	complications of appendicitis ..	80, 81
dysentery, peritonitis in ..	539	necrosis ..	417, 419
during typhoid fever ..	711	embolism following appendicitis ..	80
ectopic ..	249	operation for varicose	
and epilepsy ..	224	veins ..	734
influence in chlorosis ..	181	lesions, dangers of anesthetics	
osteomalacia ..	129	in ..	45
influenza during ..	350	oedema after ether inhalation ..	50
jaundice in ..	400	stenosis, congenital ..	334
lethargy and ..	446	and reorganization ..	330
neural diseases of ..	474	PULMONARY TUBERCULOSIS ..	583
with renal stenosis ..	323	artificial pneumothorax in ..	587, 607
color, effect on fertility ..	485	effects of climate ..	588
ovarian tumors and ..	533	factors influencing prognosis ..	587
peritonitis, aneurysm due to ..	553	importance of after-con-	
psychosis of ..	609	ditions ..	589
in relation to diabetes ..	204	neural symptoms of ..	479
scarlet fever and ..	576	occurrence with laryngeal ..	380
and small pox ..	646	pericarditis, complicating ..	544
spinal curv ..	174	peritonitis with ..	562
typhoid fever ..	716	pleuritis a cause of high mor-	
interic morbid ..	527	tality ..	263
vomiting of (see Vomiting of		pneumonic form ..	586
Pregnancy) ..	730	pneumothorax in ..	518
Pressure, baric, after physiotherapy ..		relation to influenza ..	348, 349
baric ..	465	with neural ..	373
effect on asphyxia ..	432	results of tuberculin treat-	
Pre-eclampsia, chlorotrophy ..	188	ment ..	500
pathological etiology ..		surgical treatment ..	590
highly pathy with ..	109	Tuberculosis, relation ..	590
Pre-eclampsia (see Renal Pre-		Tuberculosis, relation ..	590
eclampsia) ..	913	Tuberculosis, relation ..	590
PROSTATE, CANCER OF ..	570	Tuberculosis, relation ..	590
