YORK LAW ASSOCIATION HOLD ANNUAL MEETING

The thirty-third annual meeting of the County of York Law Association was held on Monday afternoon in the library of the association at the city hall.

The formation of a lawyers' club was approved of, as was also a change in the name of the association to the Toronto and York Law Association. The trustees were also authorized to provide a memorial to members of the profession taking part in the war.

It was unanimously resolved that crown attorneys for the City of Toronto and the County of York should be paid a sufficient salary to enable them to dispense with private practice, and that steps be taken by the trustees to secure legislation with that object in view.

The following officers and trustees were elected for 1919: Past president, D. Urquhart; president, D. T. Symons, K.C.; vice-president, H. W. McKie; treasurer, George C. Campbell; secretary, W. J. McCallum; historian, George Bell, K.C.; trustees—Edward Bayly, K.C.; I. L. Baird, Gideon Grant, R. J. Macdonald, J. P. MacGregor, W. E. Murphy, Frank Denton, K.C.; H. A. Newman and A. R. Clute. Auditors—J. C. MacFarlane and A. G. F. Lawrence.

BAR WELCOMES JUSTICE LOGIE TO THE BENCH

At the opening of the assizes yesterday morning H. T. Beck, on behalf of the bar, welcomed Mr. Justice Logie who has recently been appointed a member of the Supreme Court of Ontario. The fact that Justice Logie had come from a high military command where he had rendered distinguished services was a remark upon by Mr. Beck. He referred to the distinguished men, who in time past had been members of the supreme court, and to the cordial relations that had always existed between the bench and the bar.

Justice Logie in a few appropriate words replied and while he said he did not expect to measure up to the brilliant qualities of the men who had preceded him, he hoped that he would prove a useful justice. No further observations were made by Mr. Beck. He observed, would find him lacking in courtesy and to all who came before him seeking justice, consideration and justice would be granted. He further remarked that prior to accepting the appointment he had given it serious consideration.

SPECIAL HORSES AT AUCTION.

Several car loads of specially selected high-class heavy draught and general purpose mares and geldings, including a number of well matched pairs, have just arrived at the Union Stock Yards for private sale. There are a number of extra good looking express and delivery horses in the collection; also one exceedingly some young Arabian horse, five years, 16 hands, 1400 pounds. A coach horse type with a wonderful head and neck, and grand quarters for service, well as activity purposes, it would be hard to find his equal at any price.

MOTOR LICENSES EXTENDED.

Motor car owners may continue to operate their cars to the end of 1918 license number until the beginning of the month of February without fear of molestation from the police. After that date the police have received orders from the department to check up at their own discretion all drivers of cars who do not carry the new 1919 license number. So far, 4,000 licenses have been issued to drivers in this city, which is a slightly higher number than a year ago at this time. There are many automobile owners who still require to secure licenses in the few remaining days of this month.

MENACE NOW OVER.

The visitors' book at the parliament buildings, which has been closed since February, 1918, has been opened again. At the time of the fire in the parliament buildings at Ottawa the local buildings were closed to all visitors and strangers. Now, however, anyone can enter the buildings and look around after he has signed his name in the visitors' book.

FINED FOR LIQUOR SELLING.

John Cooper was fined \$200 and costs in police court yesterday morning on a charge of keeping liquor for sale. The police found five gallons in the cellar of Cooper's home.

HAD BOTTLE ON STREET.

Charles McCahey, arrested for having a bottle of whiskey on the street, was fined \$300 and costs when he appeared before Magistrate Denison in police court yesterday morning.

FINED FOR GAMBLING.

Thirty-six Chinamen were each fined \$5 and costs for gambling on Sunday, when they were tried before Magistrate Denison in police court yesterday morning. Wong Wing, keeper, was fined \$50 and costs.

SIR HERBERT AMES AT CANADIAN CLUB

Best Gift to the Returned
Soldier is a
Job.

Sir Herbert Ames addressed the Canadian Club at luncheon yesterday, as chairman of the national war savings committee. He pointed out that our favorable trade balance beginning three years ago represented a larger sum than the total cost of the war to us. At present the situation was serious, he said, but hopeful. There had never been a time in our history when it was so essential that we should not have an army of unemployed. Applause followed his statement that of all the things that were done for the returned soldier, the best was to give him a job.

Sir Herbert explained fully the operation of the war savings and thrift stamps, and commended their use to the public.

BREACH OF PROMISE APPEAL DISMISSED

The decision of a jury was upheld yesterday by a judgment given out at Osgoode Hall in the appeal made by F. B. Robins against the \$10,000 verdict awarded Miss Laura Lowery in a trial before Mr. Justice R. M. Meredith, and the case was dismissed with costs. The appeal was made to upset the verdict and secure a new trial. Three different judgments have been issued, and all favor Miss Lowery. The appeal was made on three grounds: that there was no evidence on which the jury could find a promissory contract; that there was no sufficient corroboration of promise, and that the charge of the trial judge was not justified by the evidence. The appeal was argued by Mr. Robins, with whom Justices McLaren and Macge agreed, pointed out that the arguments of W. N. Tilley, one of the appellant's counsel, could not be sustained.

MBRADY CONVICTION UPHOLD.

L. V. McBrady, a well-known lawyer of this city, was convicted and has served his sentence at the jail farm on a charge of obtaining money by false pretences. He entered an appeal against the judgment, but the conviction was upheld. A prominent member of the law society stated last night that proceedings had been undertaken for the removal of McBrady's name from the roll of the society, but, pending the result of the appeal, action had been suspended. He intimated, however, that the matter would probably be taken up again and finally dealt with.

FIRE RECORD FAVORABLE.

Official returns from the provincial fire warden's office indicate that there has been a decided decrease in the number of fires and the material damages during the month of December, 1918, as compared with the same month a year ago. The favorable fire record is partially accounted for by the mild weather that prevailed during the month.

CHARGED WITH BIGAMY.

Francis Carpenter, 175 Jarvis st., a returned soldier, was arrested yesterday afternoon by Plainclothesman Kerr, on a charge of bigamy. Carpenter, recently returned from overseas, marrying a Miss L. Back in December last. His first wife is still living in Toronto.

SOLD MORPHINE, FINED \$50.

Pleading guilty to a charge of selling morphine, Benjamin Cohen, a drug clerk, was fined \$50 and costs in police court yesterday morning. Harvey Hill, Roy Velker and Abraham Gross, held in connection with the same case, were remanded until Feb. 3.

GET YEAR'S IMPRISONMENT.

Raoul Moran and Louis Bergeron were sentenced to one year's imprisonment in the Ontario Reformatory, when they were found guilty in police court yesterday morning of attempted robbery. They were charged with having had a Chinaman up with guns on Richmond street, early Sunday morning.

G.A.C. TAKES UP STRIKERS' CAUSE

G.W.V.A. Officials Advocate
Arbitration in Limb Factory Dispute.

The Grand Army of Canada has taken up the case of the returned men out on strike at the two limb factories in Toronto operating under the supervision of the invalided soldiers' commission, and have offered these men the use of St. George's Hall for their meetings. It was stated last night that the men were unreservedly decided to remain out on strike. They held a large meeting yesterday morning in conjunction with the G. A. C., and it was pointed out by the strikers' committee that the crux of the whole dispute was a question of efficiency versus production, the returned soldier employees at the factories desiring to turn out limbs which would be reasonably useful to the men who needed them, and the invalided soldiers' commission looking more to production and less to quality of work. It was also pointed out that the sentiment of the men in favor of the late superintendent of the factory at the Keens Building was not because of his personality so much as because of his efficiency. Accusations of patronage were leveled against the administration of the I. S. C. The stores department of the Davisville factory had refused to give out issues of clothing to the strikers, and the department foremen at the limb factory had gone out in sympathy with the men.

Night lettergrams are being sent to every orthopaedic institution in the Dominion informing the employees of the decision of the men in Toronto, and also enlisting sympathy for the cause, which, it was pointed out, is greater than the mere question of Burns himself.

Would Appeal.

An official of the G. A. C. told the gathering at St. George's Hall yesterday afternoon that, if necessary, the G. A. C. would appeal to the governor-general to have properly competent heads placed in charge of the invalided soldiers' commission in the Dominion, and would also ask that insofar as positions within the I. S. C. thru-out the Dominion were concerned, the system of patronage would be abolished.

Sergeant W. E. Turley, provincial secretary for the G. W. V. A. in Ontario, when approached yesterday in connection with the strike, advocated arbitration. J. V. Conroy, organizing secretary for the G. W. V. A. in Toronto, emphatically stated his opinion that the strikers would be best advised to assent to a board of conciliation to thoroughly probe into and decide upon their grievances, and to ask both Martin and Burns to retire while the board was considering their case. "I strongly advise this action because I realize that there are hundreds of maimed returned soldiers who have made great sacrifices as evidenced in their crippled condition, who are in immediate need of the limbs which the other soldiers are making, and that, therefore, work on the strike should be continued at once," said Sergeant-McConroy last night to The World.

Determined.

At the hour of going to press two men, one a returned man with an artificial leg, the other a fellow employee at the limb factory in Toronto, visited The World office, and made their emphatic claim that the strikers at the factories were not seeking the reinstatement of J. E. Burns, former superintendent, to his position on personal grounds, but largely because of his efficiency as evidenced in the production of limbs for the returned soldier. They also pointed out that the men were determined to remain out so long as Mr. Burns was kept out, and that they were sure that the men who were waiting for limbs were behind them in their fight against the present system of patronage prevailing in the department at Ottawa.

It has been fully ascertained that the head tax commonly demanded of all aliens in the United States will not be demanded in the case of returned soldiers of British birth or who are British subjects and enlisted in the C. E. F. as residents of the United States. That is to say, a man who was a resident of the United States but not a naturalized citizen when he enlisted in the C. E. F., will be able to return to the town in the United States where he resided, free of the customary head tax.

Central G. W. V. A. has won the entire series in the campaign on behalf of the Red Shield Fund of the Salvation Army, which lasted three nights, and which netted for the Salvation Army a total of \$14,256.22. West Toronto ran central a close second, and Riverdale ran a good third, with Parkdale trailing close behind the East Toronto branch. The figures for the respective branches were: Central, \$3801.87; West Toronto, \$3,527.74; Riverdale, \$2834.1; Parkdale, \$2556.59; Eastcourt, \$1445.97; Mount Dennis, \$111.25.

The war service gratuity which was to be given only to those discharged after Nov. 11, 1918, or to those discharged before that date who had served in France, will now be given to those who saw service in Britain according to the latest advice (unofficial), at Ottawa. It was stated on all sides today that this move on the part of the government would prove to be an act of real statesmanship, in view of the fact that also some of those who got no farther than Britain might easily have reached the trenches. The majority of those who did not reach Flanders comprised the overseas and the under-age, who enlisted with the finest intentions, and that true statesmanship would always con-

The Grand Army of Canada is considering a co-operative cigar store scheme and will probably put it into operation in a small way very shortly, and in a short while a new paper will be published under the auspices of the G. A. C.

David Thompson, organizing secretary of the Red Triangle in Canada, stated that conditions in the west as he noted them, were perhaps better than in Toronto and the east. He had organized two hutsments, one in Winnipeg, and another in Regina. All available space had been taken up by the end of the first week in both towns, and the Red Triangle was considering the advisability of getting hotel annexes or other convenient places for the overflow in the towns in which they were situated.

A Canadian officer in Siberia suggests comforts that would be much appreciated there as follows, which may be taken to the parliament buildings, Wednesday afternoon, next, from four to six o'clock:

Books, papers and magazines, anything to read. They have nothing, tobacco, pipes, cigars. Indoor games or amusements of any kind, both for hospital patients and for fit men in their barracks rooms, under ordinary service conditions. Any musical instruments, portable gramophones and records. Writing paper and pencils, also small pocket notebooks. Small leather purses to keep paper money in (no silver or copper coins), long and strong bootlaces.

SPARTANUS AGENCY HAD HUGE PAYROLL

Berlin, Jan. 27.—The Bolshevik telegraphic agency, "Rosta," which was raided during the Spartacus rebellion, had a staff of seventy persons, including many women, all of whom were drawing liberal salaries. The payroll was headed by the former Police Chief Eichhorn, with 10,000 marks monthly. Eichhorn's wife drew 400 marks a month, while she also was on the city's payroll as her husband's assistant at police headquarters.

Over Three Hundred for Toronto On Grampian, Now En Route

Ottawa, Jan. 27.—The Huer Grampian, with a total of 1,351 Canadian immigrants, sailed on Jan. 24 from Liverpool for St. John, according to advice received at the militia department. The Grampian has seven officers, 79 cadets and 232 other ranks for Toronto military district.

JURY DISAGREE IN WORLD LIBEL SUIT

After long deliberation, the jury disagreed and were discharged in the suit for alleged libel against The Toronto World, instituted by Mrs. Ellen Stone. The plaintiff charged The World with printing a letter which she claimed was not produced as evidence in the trial of Dr. Turner, who was tried for murder after the death of the plaintiff's daughter, Marion Louise Harding, and asked \$2000 damages. A new trial was ordered, and the case will be reopened at the spring assizes.

NORMAN JOLIFFE DISMISSED.

Norman Joliffe, sued by Mrs. Ellen Stone, mother of Marion Louise Harding, who died December 26, 1917, as a result of septic poisoning, was dismissed by Justice Logie yesterday afternoon. His lordship felt that the plaintiff had not been able to produce sufficient evidence. Mrs. Stone was asking for \$2000.

MORE FOOD IS SENT TO HUNGRY VIENNA

Vienna, Jan. 27.—A second train load of foodstuffs from the British army in Italy, left via Venice on Saturday, and it is expected to reach here on Wednesday next. As foodstuffs are still commanding fabulous prices in Vienna, special precautions have been taken to prevent them falling into the hands of profiteers. The greater part of the provisions sent will be distributed free among the poorest of the city's population. In addition, the military mission is continuing to furnish weekly rations for the six hundred British residents here.

Arrangements have now been completed with Italy for the regular shipment of foodstuffs to Vienna. It is hoped that a trainload will arrive almost daily.

State Buxton Discharge Depot Will Send Home Married Troops

London, Jan. 27.—The Canadian discharge depot at Buxton, Colonel Paul Hanson commanding, is for the future to be used for sending home married men with dependents in England. The discharge depot will work in conjunction with the Canadian immigration officials in London, who are now charged with the repatriation of soldiers' dependents. The new arrangement is expected to obviate the dissatisfaction which existed in the past.

ILLICIT STILL SEIZED IN CITY

Complete Equipment Showed
Intention of Commencing
Wholesale Trade.

Information obtained by the Ontario License Board that liquor was being manufactured illicitly in this city led to the seizure on Sunday by officers of the license board and inland revenue department of two stills and a small quantity of whiskey. The stills were located in two private houses in streets which the board refused to name, and were under separate management. While the equipment was not large, it was complete in each case, showing that preparations had been made in anticipation of a wholesale trade. In one house there were ten or twelve gallons of "mash" in an advanced state of fermentation, and composed of a mixture of raisins, malt, wheat, etc. In the other house about three gallons of a similar mixture were found. In addition, a small quantity of liquor was seized, indicating that the entire process had been completed.

The two men who were in charge of the stills were not arrested, but it is understood that the department of inland revenue will prosecute.

British Labor Averse to Law Prohibiting Immigration to U. S.

Paris, Jan. 27.—Geo. Nicoli Barnes, labor representative of the British peace delegation, today told members of the American press that European labor, while it was unable to take any measures to prevent its passage, were strongly against such a law as that proposed by the American Federation of Labor, prohibiting immigration to the United States for some years after the signing of the peace treaty.
