7.57 7.67 Chicago Gossip. Marshall, Spader & Co. wired J. Beaty at the close of the market: Beaty at the close of the market:

December liquidation and tears of impending serious trouble between the railways and their employes have oversnadowed everything in the way of news to-day and as a result the market scored a decline of a half to %c. The weakness in the December wheat early at New York, based on tears or weevel in the socks there started liquidation, southwest, where the receipts were becoming more liberal, was also a factor in the bears favor. On the other hand, statistical and crop news was considered quite buillish, receipts neathwest being under those of a year ago while Argentine reported less navorable

while Argentine reported less havorable outleek. Bull news, however, was comparely ignored. We feet that the decime to-day was entirely unwarranted, therefore, cattle, bakers, tub 0 17 0 18

to get in heavily on the Foster. Both are representative New Ontario men.

H. A. Barber is reported to have bought the O'Keefe lot, consisting of the southwest quarter of the south ha!f of lot 9, concession 5, Coleman, near the Silver Queen mine.

Silver Leaf is one of the strong stocks to day in Cohell The Larges.

Silver Leaf is one of the strong stocks to-day in Cobalt. The Lawson vein is famous thruout the district, and has been opened up on the Silver Leaf from the dividing line to the Silver Leaf shaft. The ore is being sacked, and Superintendent Clark says it will run between 4000 and 5000 ounces of silver to the ton. A shipment of this ore is predicted within ten days.

Down at Portage Bay there are the Shields, the Maloney, the Trombly, the Fleming, at all of which good development work is being done. The McKinnon & McDonald has been the sensational property of the district. This property has been reported as sold. S. Law-rulce, a well-known expert, made the report which was very favorable. A seam of black sand was found between two layers of rock and it carries free gold in its entire length. The seam has been trac-
