JUNCTION NOT AGREED

Matters Seem as Far From Settlement as Ever-Liberal Candidate Speaks.

TORONTO JUNCTION, Sept. 29 .-The prospects of complete harmony the town officials with regard to the raising of the Dundas-street tracks, are not as bright at present as they were a few days ago. Manager Fleming of the railway company has sent a statement to Mayor Baird outlining a proposal to make a "loop" on Dundas-street along Keele and Annettestreets, in return for which he asks the town for certain concessions. According to one of the Junction councilmen, the concessions that Mr.Fleming asks for are exorbitant, and out of all proportion to the benefit the town would receive from his proposed "loop." Tho the mayor and council discussed the matter a few days ago, they have not decided on any definite course to pursue. "I think the contractor will have to raise the tracks when the progress of the paying work."

It cled with pleasure the spirit of friend-lines which existed between all denominations in the Junction churches. He hoped that this spirit might grow and some day lead to a Christian union of all denominations.

The male quartet of the church choir then gave an excellent selection, while a collection was taken up.

Mayor Baird outlining a collection was taken up.

Mayor Baird then spoke on behalf of the town and thanked the congregation for their enterprise in putting up a building which would be an ornament to the town.

Dr. Gilmour of the Central Prison, who is a member of the trustee board of the church, gave some reminiscences of the first Methodist Church building, which stood so long on the corner west of the present structure.

Fev. Dr. German, chairman of the district, and Mr. Rice, collector of customs, also spoke.

The Sterling Business College, to be opened on Oct. 1, will be conducted under absolutely individual teaching system. The railway company would prefer to make the loop at the present time, and are neglecting to raise the tracks on Dundas-street till they try to make some definite arrangements for the carrying out of the work they contemplate.

The speaker also encouraged married men to show wised domestic happiness to be lasting. Some men thought that they were model husbands just because they were regular and punctual in dealing out to their wives their weekly cash allowance. Kipling's recessional, "Lest We Forget," was beautifully rendered by Mr. Rechab Tandy. At the Annette-street Methodist Church to-night, an interesting account of the progress of the W. M.
