THE CASE OF THE CAMPERS

Controller Loudon and Ald. Burns Disagree as to What Should Be Done About It.

THEY BOTH VISITED THE ISLAND

Accompanied By the Assessment Commissioner, Who Was "Mum" —Matters Before Controllers.

Controller Loudon, Ald. Burns, chairman of the Island Committee, and Assessment Commissioner Fleming took a trip to the Island yesterday afternoon to look over the situation of the "shacks" and tents, with a view to coming to some agreement as to whether the people who have thus located on the Island should be summarily removed or allowed to stay where they are for this season. They walked in the sand across the Heber point, and took a rowboat to another point across the cut made recently by the sand dredge, where the Island Committee, as represented by Ald. Burns yesterday, wants the tents and small cottages removed.

Could Not Agree.

The Controller, the alderman and the Commissioner were somewhat at variance in their opinions. Controller Loudon said the campers and owners of the small cottages should be allowed to stay where they were this season, and they would then have ample time to make arrangements to put up next summer on the new property, chosen by Ald. Burns. He pointed to the comfortable aspect of the places which it was proposed to shift, and said the people who now had their shacks facing on Blockhouse Bay, should be allowed to stay there this year.

He expressed these views to a World reporter, and stated that he was prepared to stand by them.

Ald. Burns Annoyed.

Ald. Burns told The World that a deputation of the campers had told him that they would be quite willing to move from their present location to the new place he had chosen. It is over a quarter of a mile southeast of the comfortable position they now occupy on Blockhouse Bay, and is a little south of the filtering basin. To reach it from anywhere the campers would have to use a boat, but Ald. Burns says that they would be quite willing to do this, as a boat was necessarily a part of a camping outfit. They would have to cross the new cut made by the sand pump, and would be away from the mainland.

Questioned as to why the campers would consent to such a move and as to what would be done with the occupants of the shacks and small cottages, Ald. Burns became annoyed, and refused to be further interviewed.

"Only a Civic Official."

Assessment Commissioner Fleming laughingly refused to be interviewed. "I'm only a civic official," he said, "and my opinions are not yet public property."

From what could be gained from the Assessment Commissioner's demeanor and the expressed views of Controller Loudon, it seemed to be evident that the campers would have to move to the Burns selection, but the "shacks" would remain where they are for this season, as the only way in which they could be removed would be over the ice. With one exception, they looked nice and comfortable when The World man passed them yesterday. They face on Blockhouse Bay. The exception is that of a shack which is owned by a man who is in the hospital at present and, therefore, is unable to make it look as nice as the others.

"Live and Let Live."

Tom Clegg, the genial proprietor of the old hotel which was formerly known as Heber's, was talked to, and he said he had wired in his premises to keep campers and everyone else out, in order to protect his boarders, but he had left a gate at the north end for the campers and cottagers of Blockhouse Bay, and he had no fault to find with them. He said he was an Englishman, and a staunch advocate of the "live and let live" principle, and he had no desire to see his neighbors summarily removed. "If the city wants to be rid of them, that's the city's business, it isn't mine," said Mr. Clegg. "I wouldn't like to be put out on such short notice myself, tho," he added.

A Disunited Committee.

The Island Committee will meet today if a quorum can be obtained. Ald. Burns intimated to The World yesterday that there was a class on the committee which did not want a quorum, but he did not explain further why he himself was not present at the last two meetings he called.

Board of Control.

The Board of Control has again passed on to Council the recommendation that the offer of H. W. Petrie for the lease of the Cyclorama Building be accepted. The Walker House representatives state that the walls of the Cyclorama Building are not safe, and that the city will be held responsible in case they fall on the Walker House property.

Echo of the Indictment.

The application of the Legislation Committee for legislation to force the construction of a pavement by a two-thirds majority of the Council, where ratepayers refuse to allow it to be constructed as a local improvement, was sent on to the Council.

At a meeting of the Board of Control yesterday, the requisition of the Legislation and Reception Committee, for authority to introduce a bill to provide for an inspection of elevators, was referred to the Legal Department for a report as to whether the city could be held legally liable for the result of any accident, after the elevator had been passed by the city official.

Ald. Fleming has directed the attention of the City Engineer to the faulty condition of the new asphalt pavement on Queen-street, between Bolton-avenue and DeGrassi-street. The Barber Company laid the asphalt, and the Engineer will investigate the complaint.

Mr. Kemp's Telephone.

At an afternoon meeting of the Board of Control, in public, it was recommended that two "adding" machines be bought for Treasurer Coady's department, at an outlay of $750. Gregg & Gregg and Gouinlock and Baker reported progress on the new Exhibition buildings. The board could not comply with the request of Mr. A. E. Kemp of Castle Frank for the right of poles for a telephone service, unless Mr. Kemp would agree to see that the wires would be put underground when the city ordered that such be done.

City Hall Notes.

The new Exhibition Fire Hall, which will be supervised by Park Commissioner Chambers, under the day-labor system, was commenced yesterday. The building will cost less than $800, and Mr. Chambers says it will be erected in a very short time.

The building permits issued yesterday were: J. & T. Reid, two houses on Burnfield-avenue, to cost $1100; George Kerr, for a $1000 house on Northumberland-avenue; J. H. Shales, for 6 houses on Dearborn-avenue, to cost $9000; T. H. Kilgour, for a residence on Rathmally-avenue, to cost $2500.

Controller Graham has been asked by some Parkdale ratepayers to use his influence to get the vacant lot adjoining Cowan-avenue Fire Hall for a West End Public Library, instead of an addition to the Fire Hall, as at present contemplated.

The dead end in the extension of Duncan-street water main, south of Adelaide-street, thru the old Upper Canada College property, is the cause of a complaint to the City Engineer from Chief Thompson of the Fire Brigade. The extension, as now proposed, will only go to the intersection of the extension of Pearl-street, and the Chief wants it extended to King-street, to do away with the dead end, and thus give good fire protection for the new factories.

Your Summer Vacation.

If You Are Not In A Condition of Health To Enjoy It Thoroughly,

Paine's Celery Compound

Will Send You Off Happy and Joyous.

In every city and town in the land young and old are already arranging for the "summer vacation" to the seaside, mountains or rural resorts.

Some will leave full of health and vigor; others, suffering from nervous prostration, sleeplessness, headaches, backaches, sideaches, neuralgia, rheumatism and blood troubles, will drag themselves off in the vain hope that a change of air and scenery will secure for them a certain measure of relief and comfort. Such hopes are vain and foolish. The cause of weakness and sickness should, without delay, be attacked at home, before trusting oneself to the many discomforts of popular resorts.

If Paine's Celery Compound be honestly used this month by the ailing, rundown, weak and nervous, they will find that in a few short weeks they will be enabled to leave for a vacation with a surprising amount of new vigor and strength fitted to enjoy themselves, and at the same time be a comfort to those with whom they may associate.

We would urge the necessity of immediate efforts to secure the necessary strength for the enjoyment of a true summer vacation. Paine's Celery Compound will assuredly give you happy results. Try it.

Funeral of Mr. Alex. McKellar.

The funeral of the late Alex. McKellar took place yesterday afternoon from his residence, 148 Dunn-avenue, to Mount Pleasant Cemetery. The services at the house were conducted by the Rev. Messrs. Geggie and McGillivray. The president and directors of the Toronto Carpet Company, in whose employ deceased had been, also the employes of the carpet company and many other friends sent beautiful wreaths of flowers, which were placed around the coffin, which stood in the drawing-room of the family residence. The pallbearers were the officers of the Carpet Company. Among those present were Rev. Mr. Geggie, Rev. Mr. McGillivray, J. P. Murray, Dr. Murray, J. A. Murray, president of the Toronto Carpet Company; Fred B. Hayes, secretary-treasurer Toronto Carpet Company; Ex-Ald. Asher, Major Carlaw, J. Excellent Piano Recital.

On Tuesday evening piano pupils of Miss Celia M. Tufford, assisted by Miss Nellie H. Walmsley, violinist, and Miss Margaret Weir, soprano, gave an excellent recital at the Metropolitan School of Music. The program was generally interesting and at the same time well satisfying from the standpoint of musical education, and it was carried out in an admirable manner. The pupil pianists were: The Misses Helen Scott, Mabel J. Gordon (Cooksville), Alma Anderson, Ethel Lasher, Zola Jessop, Beatrice Turner and Pearl Ruthey. Miss Nellie S. Gansby, a member of the Metropolitan teaching staff, played the vocal accompaniments in a finished and artistic style.

The Upper Canada Tract Society.

The directors met Tuesday night, with J. K. Macdonald, president, in the chair. It was reported that all the native Chinese Christian colporteurs have been mercifully spared and are successfully carrying on their great work in Central China. In Canada four new colporteurs have been appointed and are at work in Bruce, Muskoka and Toronto. Mr. Huntsman has been appointed as missionary to the sailors on the Georgian Bay and up to Sault Ste. Marie.

CITY NEWS.

A Splendid Work.

The work that is being carried on by the Methodist Deaconess' Home in the way of providing outings in the hot weather for the poor deserves the support and encouragement of those who can afford to spread sunshine in the paths of others. The work has received a decided impetus thru the generous gift of the Whitby Park Commissioners, who gave two fine lots situated in Hadenshore Park with a fine stretch of beach in front. The new building will be completed by the first of July. It has accommodation for seventy children. Last summer about 250 women and children were given outings of a week or a month at an average cost of about $2. Nine hundred more were taken to the park or on the lake for a day at a time. Two dollars will keep a child ten days at the fresh air camp and $50 will furnish a dormitory with ten beds. It is a good work and everybody can help a little.

Police Court Record

William Steed, who had been disorderly on a Bathurst street car, was fined $2 and costs or 30 days in the Police Court yesterday. Alfred Inch, the barber charged with stealing $600 from John Brown, was remanded till Tuesday. Michael McLaughlin was convicted of vagrancy and fined $10 and costs or 30 days. A bench warrant was issued for the arrest of William Heffernan, charged with non-support. The case of Salvador Estiero, charged with stealing $205 from the firm of Alvarez & Estiero, was dismissed. A number of persons brought into court at the insistence of the Medical Health department were fined $5 or 10 days.

Horse's Leg Broken.

A wagon of the William Ryan Co. was backed against the sidewalk on Melinda-street yesterday, a 60-pound weight being attached to the horse. The animal took fright, and in running away the weight swung around, striking the foreleg of a Dominion Brewery horse, breaking it below the knee. The injured horse was killed and the Ryan horse captured at Church and Colborne streets, where it ran into an express wagon.

KEEP TAX ON COAL.

Chancellor of Exchequer Says Exports Have Beaten Record.

London, June 11.—In the course of the debate on the finance bill in the House of Commons to-day, the Chancellor of the Exchequer, Sir Michael Hicks-Beach, said he was not opposed to the principle of a graduated income tax, and added that he would consider the suggestion to refer the matter to a committee of experts.

Replying to a motion, providing for the abolition of the export tax on coal, the Chancellor of the Exchequer said he could not possibly entertain it, since the coal exports for the first five months of the present year had been the highest on record.

NO MORE SECRET SESSIONS.

Trustees Think the Teachers' Committee Should Have Open Doors.

The secrecy that has in the past surrounded the sessions of the Teachers' Committee of the Public School Board will be the subject of discussion at the meeting of the Managing Committee to-morrow afternoon. There is a disposition upon the part of the full board to make the meetings of the Teachers' Committee public in future. This has not been done in the past because of the annoyance liable to be incurred from the friends of those who desire appointments under this committee. As a member expressed it in conversation with a representative of The World, the committee had been importuned by many persons in the past for appointments the moment the resignation of a teacher was known to be in the hands of the committee.

Most of these resignations come from the female teachers, who are constantly getting married or quitting the service for other reasons. This has been the potent factor in the past that has caused the sessions of the committee to be kept secret. However, many members have come to the conclusion that the interests of the service would be better served and all persons interested be better satisfied if the Teachers' Committee have all its sessions public, tho they appreciate that the members are liable to be subjected to more or less annoyance from the source mentioned.

COL. LYNCH, M.P., LOCKED UP

Arrested Yesterday Morning at New Haven and Taken to London Police Station.

BAIL REFUSED BY THE MAGISTRATE

Matter Comes Up in the House of Commons, But is Allowed to Drop.

London, June 11.—Col. Arthur Lynch, who fought with the Boers in South Africa, and who was in November last elected to represent Galway in the House of Commons, was arrested this morning on his arrival at New Haven from Dieppe, France. Col. Lynch, who was accompanied by his wife, was brought to London and was afterwards taken to the Bow-street Police Station.

Charged With High Treason.

Subsequently Col. Lynch was arraigned at Bow-street Police Court on the charge of high treason and was remanded until Saturday, June 14, after formal evidence of his arrest had been presented.

The prisoner, who was described on the charge sheet as a "journalist," sat in the dock apparently unconcerned until the magistrate asked him if he had anything to say in reply to the charge. The colonel, who is tall, erect and of military bearing, then arose, grasped the iron railing in front of the dock, hesitated and finally, almost inaudibly, replied, "No, sir."

Col. Lynch, who did not apply for bail, was taken to the cells, where he was searched. Nothing but a small sum of money was found on his person.

Matter in the House.

The Irish Nationalists, in the House of Commons to-day, heckled the ministers on the subject of the arrest of Col. Lynch. They wanted to know why the colonel had not the same right to surrender as other burghers. The government leader, A. J. Balfour, tersely replied: "He is not a burgher."

John Redmond, the Irish leader, and J. G. Swift MacNeill (Nationalists) then turned to the Secretary of State for Home Affairs, Mr. Ritchie, and asked him why he had not fulfilled his ministerial duty in informing the House of Col. Lynch's arrest on the charge of high treason.

Mr. Ritchie denied that it was his duty to so inform the House, but when the Irish members appealed to the Speaker, William Court Gully, the latter upheld the Nationalist contention that the usual practice was to inform the House of Commons of such an incident thru the Speaker.

Further questions were ruled out of order, and the subject was dropped.

Can't Grant Bail.

Lieut.-Col. John Philip Nolan (Nationalist) applied this afternoon for the release of Col. Lynch on bail, but the magistrate said he had no power to grant the request.
