It uses a genuine, round, highly-polished permanent Sapphire Ball when playing Pathe Discs. This Pathe Sapphire never wears out and does not injure the surface of the record. It is made with an all-wood Sound Chamber, amplifying the music in the fullest manner. It has a superior record repertory, comprising selections recorded in every musical centre. Its Pathe Discs are all double-faced—including all operatic selections. It has a perfect Tone-Control device for expression and volume. In playing Pathe Discs there are no needles to change.

The Columbia Grafonola

We have Columbia Grafonolas that conform to every requirement of cost or surroundings.

Between \$24 and \$475 the price you wish to pay is matched by an instrument that gives you the money's worth, even if measured solely by its intrinsic value. Measured by its musical quality, and its capacity for bringing you "all the music of all the world," the money-value is multiplied beyond any computation.

Most unmistakably, "hearing is believing." So come up today to our music studio. It is part of our day's work, and always our pleasure, to play for you records of any class of music you are fond of, by any artist you are interested in, on any of the various instruments that may appeal to your taste or your purse.
