BUSH AND LAMY WON AT SARANAC

Three Thousand People Saw Some Great Skating Yesterday.

Saranac Lake, N. Y., Feb. 3.—Three thousand persons witnessed the preliminary events of the international out-door amateur skating championships held under the auspices of the Saranac A. A., on the Pontiac rink today. The weather was cold and the ice hard.

Edmund Lamy, the amateur champion, who competed despite rumors that he would not be allowed to do so, cleverly won the four heats in which he started. The question of Lamy's eligibility was raised because he competed in races at Cleveland before he registered with the National Skating Association, it was charged.

Fred. H. Tucker, chairman of the racing and registration committee of the Eastern Amateur Skating Association, said today that Lamy violated no rule of the association, and therefore he would be permitted to start.

O. B. Bush, of the Edmonton-Alberta Hockey Club, also had a clean score, and A. Anderson, Western Skating Association, won three of his heats. The races will continue tomorrow.

SKATING RACES FOR CITY CHAMPIONSHIP

Marathons Will Carry Out a Plan Which Should Furnish Good Sport.

In connection with the Marathon sports on Wednesday next it has been decided to have the first race for the city championship on that night. The championship series will consist of four races, viz.—220 yards, 440 yards, 880 yards and one mile—and will be held on Wednesday, Feb. 10, and the three following Saturdays—Feb. 13, 20 and 27.

The first in each event will receive five points, the second three, and third one point. The winner of the greatest number of points will be entitled to the city championship, which carries with it what is considered the best silver cup ever donated in the city for skating races. This cup is given by the Marathons and should cause keen competition. These races are sanctioned by the A. S. A. of Canada, who also donate the second prize, a handsome gold medal.

The first race will be the 440 yards, and is expected to draw all the best skaters of the city.

Arrangements for the sports are well in hand and many entries are expected within the next few days. These will be received at the Victoria rink and also at P. O. box 96. A relay race has been added to the list of events and is open to any of the city clubs.

HILTON BELYEA WON

Hilton Belyea, the speedy West End skater, carried off the honors in the Victoria rink, Westville (N. S.), last Saturday night, when he defeated Wm. McDonald, the champion speed skater of Westville, in a mile race. The rink was crowded and the contest caused considerable excitement. At the crack of the pistol McDonald sprang into the lead and held it for three laps, when he had a bad fall, dislocating his shoulder. He was carried off the ice and removed to his home.

Belyea was given a great reception as he finished. McDonald is a speedy skater and made a great showing against Belyea.

WAS A GREAT PITCHER

John Clarkson, the baseball pitcher, who, with King Kelly, of "Slide, Kelly Slide," memories, used to win baseball championships for Boston in the years ago, was taken to the McLean Hospital Tuesday afternoon, suffering from pneumonia. He was taken ill while visiting his parents, in Winthrop.

James W. Hefferman, the old Williams pitcher, is to coach the University of Syracuse baseball team this spring. Hefferman, since leaving college, has pitched with success in the Southern and New York State leagues.

The Southern Athletic Club of New Orleans has announced that "Cyclone" Johnny Thompson of Chicago and Young Loughrey of Philadelphia had signed articles for a 10-round bout Feb. 23.

"Pop" Anson and Jerry Denny had a great time in New York the other night jollying each other over the old-time games they played against each other.

THISTLE JUNIORS AGAIN VICTORIOUS

They Defeated the St. Andrew's Juniors Last Night by 127 to 90

The junior Thistles and St. Andrews curlers played their second match last night at both rinks. The St. Andrews for the second time were defeated by a score of 127 to 90.

The juniors in many of the rinks showed bad form, and the great need of practice, the great game cannot be learned in a day, and as some of the curlers only show up when there is a match game on, no wonder they make a poor showing. "A good lead is as good as a good skip."

The feature of last night's play was the great game between Skips J. Roy Tromson and Harry McBeath; it was a fight to the finish, each scoring 14 points.

Skip F. F. Burpee made 28 points to 12 over J. L. McAvity.

The following is the score of each skip:

Myles	13	Rankine	16
Thomson	14	McBeath	14
Machum	21	Howard	10
Orchard	21	Wetmore	10
Burpee	28	McAvity	12
Gregory	7	Skinner	17
Stevens	23	Clark	11
Total	127	Total	90
Majority for Thistles			37

TEE SHOTS.

It was good curling between Skip Rankine and Myles.

Burpee snowed McAvity under 28 feet. Skip Howard did not curl up to his usual standard, and Lockhart, as mate, was not much better. Look at that score, 21 to 10!

Bobbie Orchard put it all over Wetmore to the tune of 21 to 10.

Only two Thistle rinks lost.

Joe had the ice in the pink of condition last night.

Machum and Patterson are a great combination.

Doc. Skinner made Skip Gregory look sick.

WANT HALIFAX OARSMEN AT REGATTA IN BOSTON

Effort Will be Made to Secure a Representation for 4th of July Races.

Boston, Feb. 3.—A determined effort will be made to secure a representative body of Halifax oarsmen to come to Boston next July and compete in the 4th of July regatta of the New England Amateur Rowing Association. At the annual meeting of the association tonight it was announced that the annual regatta would be held on July 4 this year and the ways and means committee declared it would call upon the mayor for the purpose of securing, if possible, an appropriation by the city to defray the expenses of bringing the Nova Scotia oarsmen here.

In deciding to sail for England on Feb. 20, John Driscoll will lose a chance to pick up a small fortune in this country. But it appears that for the last six years Driscoll has taken part in a boxing tournament for charity at his home in Cardiff, Wales, on the 1st of March, and he does not intend to be absent. He told his manager, Charley Harvey, that he would not miss boxing for charity, as usual, on the other side, even if he "lost a million dollars here." When Driscoll reaches England he will probably remain there for a while, as Owen Moran intends to follow him in order to get a fight at the National Sporting Club for the British featherweight title. Moran and Driscoll are under the same management here, and if they met in this country the bout would be decided on its merits, as there is bitter rivalry between them, but it is thought best to let them settle the question of supremacy on the other side of the Atlantic.

P. E. ISLAND BOXER OUTPOINTED LEWIS

Bill McKinnon Had the Better of the Bout With Harry Lewis in Boston on Tuesday

Bill McKinnon, the middleweight, formerly of Prince Edward Island, but now of Boston, added greatly to his reputation Tuesday night by outpointing Harry Lewis, claimant of the world's welter-weight championship, in 12 fast rounds at the Armory A. A., Boston. McKinnon had a great advantage in weight over the Philadelphian, but the extreme cleverness of the latter prevented his heavier opponent from getting the full advantage of this difference.

McKinnon surprised even his warmest admirers by the manner in which he used his left hand, and often actually beat Lewis to the mark when leading with lefts. McKinnon was the aggressor throughout, Lewis resorting to ring generalship in order to get away from the heavy drives aimed at head and body. A favorite move of the Philadelphian was to feint McKinnon and then cause the latter to lead with the left. A swift backward move made Bill overreach, and then Harry met him with terrible body drives. As it was, the punches, landing, as they did, solidly, only seemed to make McKinnon fight the harder.

All in all, the contest was easily one of the most satisfactory the members of the organization have yet seen. There was just enough mixing of cleverness and slugging to keep the fans on edge.

Lewis proved to be a wonder in his way. He conceded a lot of weight, and the awkward cleverness of McKinnon was a splendid foil for his more finished style. Lewis tried his left at times with effect, and almost invariably followed with a right to the body. At long range he did well, but at infighting the superior strength of the Roxbury representative told, and this helped give the latter the lead on points.

McKinnon, time after time, was led into making misses, but he invariably recovered himself quickly and got to business at once. He rushed Lewis at times to the ropes, and when in close banged away with both hands at the body and jaw. Lewis did some superb blocking, and in this respect he was the better of the pair. As a result McKinnon showed some slight bruises, and was bleeding at the nose when the bout ended. Puffed lips and a few abrasions of the skin over the forehead were the only visible marks on Lewis.

LETTER FROM "MIKE TWIN"

Writing to the Times Sporting Editor the Welterweight Champion Says He May Take a Trip to Paris.

Cambridge, Mass., Feb. 2, 1909.

To the Sporting Editor of Times:

Just a line to let you know that I am at home at present and taking things easy. I may meet Jimmie Gardner or Harry Lewis, at the National Club, in New York, around Feb. 18, and Jack may box Billy Papke or Hugo Kelly. We are thinking of going over to Paris to see what it looks like, and as Willie Lewis is there, we ought to draw a packed house. I had an offer to box at the Armory A. A., but turned it down as Jack was handed a raw deal in his two bouts there. He made Marvin Hart quit and they gave it to Hart and he made a punching bag out of Bill McKinnon, and they called it a draw. They should have Jack Powers to referee here and the sports would get a square deal and the boxers would get what is coming to them.

MIKE (TWIN) SULLIVAN.
Welter Weight Champion.

WANTS TO MEET MARSHALL

Benjamin Murphy of West St. John, writes to the Times that he is prepared to meet Jimmie Marshall in a glove contest before any recognized club, at 115 lbs. ringside. An answer is requested through this paper.

Jim McSherry, a promising heavyweight, will make his debut against Sailor Burke at ..ew York Feb. 12.

MICMACS AND TIGERS LAST NIGHT'S WINNERS

Two Good Games in the Intermediate Hockey League—How Marysville Will Line Up Friday.

In Queen's rink last night a double-header in the intermediate hockey league was productive of good sport. In the opening game, refereed by B. Gilbert, the Micmacs defeated the Bank of New Brunswick septette 4 to 1 and in the second, between the Tigers and Currie's, the former were victorious by 6 to 3. Kenneth Brown refereed this contest. The next game in the league will be between the Tigers and Micmacs. A date next week will be appointed.

The line-up of the Marysville team, which will clash with the local senior combination on Friday night in the rink, will be: Goal, Fullerton; point, Brogan; cover point, Hovey; rover, Robinson; centre, Robertson; right wing, Arnold; left wing, Dennison. Len Inch, who captained the Crescents for several years, is not available this season. The team have been playing excellent hockey up to date and are anxious to add the scalps of the St. John aggregation to those of the Charlottetown Victorias, U. N. B. and Fredericton. U. N. B. was beaten by Marysville on Monday night 8 to 1.

HOCKEY IN MONCTON

Truly, in Moncton they are hockey mad. Apparently anything goes there. The clubbing bee of Tuesday evening in the Moncton Mohawk-Sackville game, at which a visiting player was knocked unconscious and others more or less injured, was "the brand of hockey that is bound to boom in New Brunswick." The alleged play that resulted in the knockout is referred to as "one unfortunate occurrence." The Moncton Transcript, from whose account of the game we have quoted, hands out the following perfect gem for "decency and fair play." There was a long delay at the outset, and for a time it looked as if there would be no game at all. Official Referee Trites appeared on the ice in a Mohawk uniform to fill the place of Dayton, who was ill, and scarcely in condition to play. Joe Crockett was requested to referee, but the Sackville team objected to Trites playing, as his name was not on the list. The Mohawks finally yielded and Dayton was persuaded to play, and Trites refereed."

The attempt to substitute the official referee for one of the players is worthy of the professional element that dabble in the game in Moncton. Of Dayton "who was ill," we are told later that Dayton put up a fine game on the forward line for the Moncton team, and was going fast all through."

A HOCKEY CHALLENGE

The Brock & Paterson hockey team challenges any commercial team in the city to a game in the Queen's rink at any suitable time.

Chatham, N. B., Feb. 3.—(Special)—In a fast and closely contested game of hockey at the exhibition rink tonight, Chatham lost the junior championship of the province to Sussex by the score of 7—5. The game was played on perfect ice before a large crowd of spectators, who naturally favored Chatham, but still had to cheer for the snappy plays of the boys from the dairy town. The score stood 2—1 at half time, in favor of Sussex, and in the last half the goals were sent in at a lively rate. Twice the score was tied, but Sussex sent in two in quick succession near the last of the game and came out ahead. The line-up was:

Chatham.		Sussex.
	Goal.	
Watters		Chapman
	Point.	
F. Hayes		Goggin
	Coverpoint.	
Mann		Hunter
	Centre.	
McLean		Courtney
	Rover.

Woods		Fenwick
	Right Wing.

A WARNING TO WOMEN

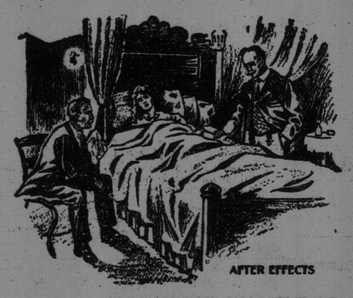
AN EVENING PARTY AND ITS SEQUEL.

How lamentable and yet how true it is that our social pleasures are responsible for most of our ills. This is due largely to neglect and thoughtlessness. A slight chill or cold contracted on leaving an overheated room after the system has been lowered by breathing the poisoned air, develops more rapidly than otherwise. Neglect this cold or cough and you will have sown the seeds of disease which rapidly germinate. Mothers should therefore warn their loved ones to take the greatest care of themselves when forced to mix with large numbers of people in close confinement and at all times (if they would preserve good health) use Psychine, the greatest of tonics.

The pictures given here tell their own story. The timely use of PSYCHINE "The Greatest of All Tonics" has saved many of Canada's fair daughters and her sons from an early grave. The following testimonials prove this:—

CHILD'S LIFE SAVED!

Mrs. E. Obediah of Ohswekin, Ont., declares that PSYCHINE saved her child's life. It was then suffering from pneumonia. This was in March, 1907. On August 11th, 1908, 17 months after, she wrote: "The condition of my family's health is decidedly good. I give PSYCHINE to each member of my family, eight in number, and consider their good health is due to PSYCHINE which we recommend and believe to be the greatest of Tonics. My husband and myself pin our faith to PSYCHINE because it has done so much for us in times past when hard pressed with sickness. I would be glad if you referred me to any skeptical person and you can use my name for this purpose."



MOTHER AND BABY BENEFITED.

Mrs. Wm. Haystead of Falding, Ont., says:—"I was very weak and run down when I commenced using PSYCHINE. I used two bottles and now feel like a new person, I also gave PSYCHINE to my little boy who had pneumonia, with good success. I shall always recommend PSYCHINE."

NO USE FOR DOCTOR NOW.

"I am glad to tell you I have not had to have the doctor since I have used PSYCHINE. I am now in good health, also the family. I used PSYCHINE for my boys who were growing too fast and were always pale and languid. PSYCHINE is now our family remedy," writes Mrs. Agnes Comber, 92 Wellington St., London, Ont.

WHAT PSYCHINE IS AND DOES

PSYCHINE is the greatest strength restorer and system builder known to medical science. PSYCHINE regulates and tones up all the vital organs. It cures stomach troubles, aids digestion, destroys disease germs in the system. The greatest of tonics, it makes the blood pure, rich and healthy, giving renewed vigor and energy to those who are weak and tired and run down.

USE YOUR OWN JUDGMENT!

There are times when a choice has to be made between following the advice of a physician and taking the responsibility of using Psychine without or in opposition to his advice. You have the fullest assurance that you will be perfectly safe and justifiable in taking Psychine irrespective of any physician's advice, and even contrary to it. The physician that opposes its use is either out of date and not in touch with the most successful systems of treatment, or his own interests are put before those of his patient. Such a system of treatment as Psychine, which has thousands of the most wonderful cures standing to its credit, cannot but be endorsed by every physician to whom the life and health of his patient is a matter of first importance. The best physicians, who have without prejudice looked into the great work Psychine is doing for humanity, are recommending it to many of their patients, and are unstinted in their praise of this remedy, the equal of which the world has never seen.

Psychine tones up every part of the system, and cures when all else fails. At all Druggists 50c. and $1.00. DR. T. A. SLOCUM, LIMITED, Slocum Building, Spadina Avenue, Toronto.

FROM SECTION HAND TO HEAD OF RAILWAY

New York, Feb. 3.—William C. Brown, who began his railroad career forty years ago as a section hand on the Chicago, Milwaukee & St. Paul railroad at $1 a day, is now president of the great system of railroads of which the N. Y. Central is the chief line.

Mr. Brown was formerly vice-president of the N. Y. Central, and was elected to the presidency on Jan. 6, to succeed Wm. H. Newman. He stepped into his new office without inaugurating any changes affecting the personnel of the road.

Owing to his recent announcement that the New York Central will expend on improvements in the next twenty years a sum of money equal to the original cost of the road, and because of the presence of E. H. Harriman on the Board of Directors, the future course of the New York Central will be watched with interest by railroad men.

HIS ONE MISTAKE

When the man with the blue goggles on had got through telling a funny story which was laid to President Lincoln, the old veteran spoke up and said:

"Gentlemen, I knew President Lincoln personally, and the return of his anniversary always gives me a few solemn hours. I may say that he made me what I am."

"Tell us the story," was chorused.

"I will. At the battle of Cedar Mountain I was only a lieutenant. The captain of my company was killed, the colonel of the regiment went down and other officers were wounded, and at a critical moment I sprang forward and took command of the regiment. The Confederates were pressing us, but I not only stopped that, but regained our position, and then, with a single regiment, held 20,000 at bay for two hours."

"And Mr. Lincoln heard of it?"

"He did, and sent for me to come to Washington. When I arrived he patted me on the back and gave me a colonel's commission.

It was a minute or more before anyone said anything, and then a man with a cast in his left eye observed:

"I have always heard that Mr. Lincoln never made a mistake as president, but I now realize that he certainly made one."

"In what way," asked the old veteran.

"In not having you cashiered and dismissed from the service at once for not trying to lick the whole Rebel army at once and so ending the war two years sooner."

Something Bigger

He stood on the street corner gazing down the street with great intenseness when an acquaintance came along and slapped him on the back and exclaimed:

"Hello, but are you looking for Lincoln's birthday?"

"N-o, not exactly," was the reply. "I'm looking for something bigger than that."

"Old Abe was a great man."

"Yes, I know that."

"Never had a president like him."

"That's what I've read."

"And some folks say there will never be another."

"Yes, I've heard so. Yes, he was a big man, but—but—"

"Mebbe you think you know a bigger?"

"Yes, I think I do. He just passed here and I was looking after him."

"Say, you want to read up on history. Roosevelt is a pretty good man, but even if he was in town you couldn't see him a bigger man than Lincoln. Who do you think you saw?

"Why, I know who it was. It was a police captain in a new uniform. Gee! But he was great! He was carrying 45 of the United States on his shoulders and dragging three territories after him!"

HOW HE GOT EVEN.

Cook—I told Dinks a funny story last week but he didn't laugh. I got even though.

Hook—How?

Cook—Last night I overheard him repeating it to a friend—then I had the laugh on him.
