# Backache Is A Sure Sign of Kidney Trouble.

If your back aches with a dull, sore pain—or if sharp, shooting pains "almost double you up"—or if you have to stop work sometimes and lie down to ease your back—then your Kidneys certainly are affected and you need GIN PILLS.

Liniments and plasters won't cure the trouble—at best they give only temporary relief because their medication never reaches way into the Kidneys. But

go right to the Kidneys. A few hours after taking the first dose of Gin Pills, you see as well as feel, that Gin Pills have reached the Kidneys and have started in on their work of healing and curing the distress.
