

STAND BY THE ACTION TAKEN

Delegates Chosen at Recent Liberal Meeting

Will Try to Have Convention Tonight Endorse Action of Assembly Several Nights Ago

A decision to stand by the action they had taken and to support the delegates to the Ottawa convention whom they had elected, was reached at a meeting of the delegates to the Liberal convention recently held at the call of J. Fred Belyea, who re-assembled last evening in the Moose Hall, Charlotte street.

In support of this attitude it was decided by the meeting that the delegates and their friends should attend the convention which is to be held this evening in the Seamen's Institute at the call of Premier Foster. A motion that those present who were willing to go to the convention and there support the action of their own convention and their own delegates should signify their intention by standing up also was adopted, although not unanimously.

The course of action outlined by several speakers was that they should endeavor to secure by majority vote at tonight's meeting the endorsement of their own delegates, failing which they would look to Ottawa for endorsement. The matter of credentials for their delegates also was discussed and a telegram was ready from the secretary of the national committee announcing that the certificates had been forwarded to the prime minister. Premier Foster was communicated with by telephone and he replied that he had the certificates and would hold them until after tonight's convention was held. If a different set of delegates were elected, he then would await advice from Ottawa regarding which delegates were to receive the credentials.

The chairman opened the meeting with a request for nominations for delegates to the Ottawa convention to fill the two places allotted to Albert county, as the latter section of the constituency had not chosen representatives. It was decided that no action should be taken.

In this matter but that, if the Albert county section did not elect delegates, the two substitutes receiving the highest number of votes at the last convention would fill the vacancy.

When the meeting opened the chairman, J. Fred Belyea, announced that it had been called on account of the laxness of the Albert county delegates in not selecting their representatives for the Ottawa convention, and also to consider their attitude towards the convention to be held on Thursday evening. He announced that he was ready to receive nominations to fill the two vacancies.

Michael Kelly objected to this procedure as improper, in view of the right given the Albert county delegates to choose their own representatives.

The secretary read the instructions issued from Ottawa and Mr. Kelly remarked that although the premises given general supervision over matters, he did not see that they had any right to call conventions.

J. A. Barry pointed out that there was no provincial Liberal organization in New Brunswick, and it thus became the duty of the chairman of the local organization, in co-operation with the defeated candidates, to call a convention as had been done.

The chairman maintained the right of the convention to name whom it pleased. The chairman said that he was entitled to go by virtue of his office.

John Gorman urged the desirability of a reunion within the party and suggested that action be delayed while the delegates should attend the convention tonight.

Dr. Emery remarked that, if the Albert county delegates did not wish to elect their own delegates for Ottawa, that the two highest substitutes should take their places.

The chairman said that, in that case, Charles Owens and H. N. Coates would be the delegates.

Dr. Emery said his idea was that the matter should remain in the hands of the present and if no delegates were elected by the Albert county section of the convention, the substitutes should fill the vacancies.

On motion, this suggestion was confirmed. The question of credentials for delegates was then taken up and the secretary said he had written the general secretary in Ottawa and had received in reply the following telegram:

"Our letter June 28. Delegates' certificates to go by virtue of his office. You should have them. Telegram him regarding delay."

"Gen. Sec. Nat. Lib. Conv." Apparently Mr. Hayden did not realize that there was any question regarding the regularity of the procedure here.

The chairman suggested that they should appoint a committee to interview the premier and see what he was doing with the credentials.

Mr. Kelly—"That comes like a thunderbolt out of a clear sky. If the premier received the certificates before July 4 he should have put them in the hands of our secretary. We should take a firm stand to maintain the legality of the steps we have taken and let the hands of the convention and protest that it is illegal, that June 30 having passed, it is no longer legal to elect delegates."

Dr. Emery announced that he still was stumped with the party. He and Dr. Broderick had called the convention after due consideration. Hon. Mr. Veniot had told him that he thought that the premier had the matter in hand. They had given the premier an opportunity to call a convention and when he delayed they had acted with the Albert county delegates present at the last convention to elect delegates to the party.

Councillor J. O'Brien announced, that, as a delegate elected at the last convention, he intended to go to Ottawa, whether he was endorsed by another convention or not.

J. A. Barry made the same announcement. J. M. Elmore commended this stand, saying that they would "show Premier Foster where he was." He believed Mr. McKenna would recognize the delegates.

Coughs, Colds, Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhazone is breathed into the sore, irritated throat and bronchial tubes that its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhazone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully soothing vapor of Catarrhazone instantly reaches the furthest recesses of the lungs, produces a healing curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and falls entirely to help the throat or lungs.

Catarrhazone Just Breathe It

To permanently cure your winter ills your coughs sneezing and Catarrh, by all means use a tried and proven remedy like Catarrhazone. But beware of the substitute. Large outfit lasts two months, small size 80c, trial size 50c, at dealers everywhere.

longer is legal to elect delegates. This convention tomorrow night means that our convention is to be ignored, and who has the right to turn down Doctors Broderick and Emery who made such sacrifices in the interests of the Liberal party and those who took off their coats and fought for their principles without hope of victory? Why should we go out of our way for those who deserted us?

Our way for those who deserted us? Our way for those who deserted us? Our way for those who deserted us?

A delegate asked if confirmation by an illegal convention would improve matters. Another delegate said they should go and ask Premier Foster his authority for calling a convention.

Dr. Emery. Dr. Emery announced that he still was stumped with the party. He and Dr. Broderick had called the convention after due consideration. Hon. Mr. Veniot had told him that he thought that the premier had the matter in hand. They had given the premier an opportunity to call a convention and when he delayed they had acted with the Albert county delegates present at the last convention to elect delegates to the party.

Councillor J. O'Brien announced, that, as a delegate elected at the last convention, he intended to go to Ottawa, whether he was endorsed by another convention or not.

J. A. Barry made the same announcement. J. M. Elmore commended this stand, saying that they would "show Premier Foster where he was." He believed Mr. McKenna would recognize the delegates.

ASK YOUR NEIGHBOR

It has been said that there is now hardly a city, town or village in this country wherein some woman does not reside who has found health in that good, old-fashioned remedy, Lydia E. Pinkham's Vegetable Compound. Therefore, if you are suffering from some ailment, and hardly know what to do for it, and have tried other remedies without help, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. If she herself has never had the need for it, undoubtedly she knows others who were just in your condition and who have been restored to health by its use.

Grant Goes Up For Trial. Sydney, July 9.—Lemuel Grant, colored, of Whitney Pier, was committed by Magistrate W. R. Hearn this morning to stand trial at the next session of the supreme court for the murder of George Mapp, who was shot and killed on June 28 last in a quarrel in which the two participated.

Grant is in custody at the county jail awaiting trial. Mapp was shot and killed in a quarrel in which the two participated. Grant is in custody at the county jail awaiting trial.

The chairman suggested that they should invite all Liberals to join the organization, and he felt it would strengthen the party to elect some of those who would return as members of the executive.

Dr. Broderick said that there was no intention to exclude anybody. Mr. Kelly said Dr. Broderick and Dr. Emery should be present at the convention on Thursday and maintain their stand.

When Mr. Dwyer returned, he announced that he had got in touch with the premier and the latter had informed him that he had received the certificates. In view of the fact that a convention was to be held on Thursday evening, he could not issue the certificates until after that convention. If other delegates were elected, it would be necessary for Ottawa to decide to whom the certificates should be issued.

Mr. McDonald said that this altered the situation and he moved that the motion to attend the convention be rescinded.

Mr. Kelly opposed this. He said that if they were defeated tonight, their position would not be altered; if they won it would strengthen them.

The chairman said he was in favor of the motion. Mr. McMurray objected to the chairman making suggestions. He was in favor of going to the convention.

Motion Lost. The motion was lost by a large majority. Mr. Barry moved that all present who were willing to go to the convention should signify their intention by standing up.

Mr. McDonald said the delegates should be allowed to use their own intelligence. The chairman remarked that there seemed to be some neutrals present, a remark which called forth several protests. The meeting was then adjourned.

THE CABINET MINISTERS

Various Reports From Ottawa—A Denial by Hon. F. B. Carvell

Ottawa, July 9.—Now that unrest and dissatisfaction with existing conditions has risen until it is agitating the cabinet as erstwhile it agitated the country, one is not surprised to know that Sir Thomas White, minister of finance, has placed his resignation in the hands of Sir Robert Borden and that it is a moot point with others as to whether they follow or not. Sir Thomas White's resignation has been prophesied at regular intervals ever since the last session of parliament began. For a time it seemed that the possibility of Sir Robert finding congenial work overseas made the finance minister feel that a continued residence at Ottawa would be more congenial than otherwise it would be.

Sir Thomas is not the only burden on Sir Robert's mind. He can put Hon. Arthur Meighen in that portfolio or Hon. A. K. MacLean though his friends say that the Hon. A. K. does not yearn for the job. It is still a moot point with many as to whether Hon. Frank Carvell will leave the cabinet. He denies absolutely the rumor that he will be made chairman of the court of commerce but he maintains a sphinxlike silence when asked the direct question: "Are you going to resign your portfolio?"

Hon. A. K. MacLean also replied with a witticism when asked if he will attend the Liberal convention to be held at Ottawa. "Sir Thomas' resignation, if not withdrawn, changes the whole cabinet situation some or Sir Robert's difficulties are solved in that he will be able to keep some of his older ministers a while longer. There is little doubt but that Hon. Arthur Meighen will succeed Sir Thomas and it is stated that it is already decided if Sir Thomas does not come back that Hon. J. A. Calder will become minister of the interior, colonization and immigration, the two departments to be amalgamated."

Judge Doherty, minister of justice, decided not to come to Ottawa and has wired Ernest J. Todd, high secretary, on behalf of the members of Court O'Garra, No. 1572 made a presentation to the chief ranger, Lester W. Mowry, who has recently joined the benedictines. Mr. Todd alluded to the long and faithful work rendered to the court by the chief ranger, having in the past held many important positions in the court since his initiation into the order. His rejection to the present position showed the esteem in which he is held by the members. The gift was a beautiful cut glass pitcher and glasses. Mr. Todd, on behalf of G. A. Mitchell, A.S.C.R., of Toronto, manager of the organization department, also presented Mr. Mowry a handsome gold I. O. P. signet ring, as a slight token of the esteem in which he and his work is held at headquarters, and expressing the wish that his life may be of great prosperity and happiness. Mr. Mowry made an appropriate reply.

Another Report. (Canadian Press.) Toronto, July 9.—A special despatch to The Star from Ottawa, says: William Pether, of White's Cove, returned last Saturday from overseas. A reception was given for him at the home of Mrs. R. B. Ferris, 284 Britannia street, on Monday night when he was welcomed home by his friends. Gunner Ferris went overseas with the 9th Siege Battery and has seen considerable service in France.

Has Nothing in View. Toronto, July 9.—(Canadian Press.)—Sir Thomas White, who is at his home in Toronto for a few days, stated tonight that reports which have appeared in the press to the effect that he had been offered and had accepted an executive position with some insurance company were entirely without foundation and were unfair to the men occupying the positions which have been mentioned. The minister stated that he had made no financial plans whatever for the future.
