FIRST STEAMER FOR CUBA SAILS FRIDAY

Shipments of Potatoes Expected to be Large This Year—Probably Two Lines of Steamers

The Thomson-Cuba line will inaugurate their season on Friday next with the sailing of the steamer *Frangois*. The steamer will sail for Bridgetown, N. S., tomorrow night, arriving here Wednesday. It is the intention to run a monthly service, a boat sailing the first of each month.

At present there is but one Cuba service in sight, though it was said this morning that the *Frangois* is to be replaced by the *Frangois* in the second venture.

Judging from reports received from up-country districts the export of potatoes will be larger than ever before.

THEFTS BREAK INTO FREDERICTON STORES

Secured \$15 in Cash and a Quantity of Goods—No Boxing in Marysville—Mrs. Alfred Grant Injured

Fredericton, N. B., Sept. 19.—Sometime during Saturday night thieves broke into Emsick Bros. establishment and rifled the cash drawer of its contents, amounting to \$15. They also entered Robert McDonald's barber shop next door and stole 200 cigars, two razors and some towels.

The thieves drank a quantity of soft beer. The police are working on the case.

A council will meet tomorrow evening to deal with the application of the John Palmer Company for concessions.

Mayor Hatt, of Marysville, will prohibit a boxing match between Colbert Burke and Billy St. Claire, advertised to take place in that town this week.

Mrs. Alfred Grant was knocked down by a bicycle ridden by Joseph Church on Government Lane Sunday and had two ribs fractured. As the bicyclist was using the sidewalk contrary to law it is likely he will hear more of the matter.

Alexander Clark and wife, leave this evening for a trip to the Pacific coast.

LOOKS LIKE GOOD GAME SEASON

There were quite a few carcasses of moose and deer in the market this morning, and it is expected that game of this sort will be very plentiful this season.

Most of the carcasses were those shipped by traders along the railways, to whom a sale had been made by successful hunters. The moose meat sold at 20 cents a pound while venison ranged from 6 to 20. So far this season about 100 local licenses have been issued.

Very Fine Apples

Charles Dickson of Central Norton has sent to the Times-Star samples of three kinds of apples grown in his orchard that leave no doubt of the ability of orchardists there to compete successfully with Nova Scotia or any other province. These are samples of the McMahon, the Wolf River and the Alexander. All are of large size and rich color, smooth, free from scab, and of remarkably fine quality. They are apples of the sort that would bring a high price in any market.

POLICE MAGISTRATE UTTERS A WARNING TO THE DRUNKARDS

Tells of the Misery That Has Been Caused to Men and Their Families From Drink

Four prisoners appeared this morning in the police court, Edward Fearn, Charles McCarthy, Henry Donnelly, and George Wilson. The first was fined \$4 and the last three \$5 each on charges of drunkenness.

Police Magistrate Ritchie made a few remarks of a striking nature when dealing with one of the men, after telling him that he was hardly in condition to spend some time in the cells.

"The sin, shame and disgrace which you men bring upon yourselves, and the sorrow you cause your families should make you stop drinking," said his honor. "I have warned poor, unfortunates before me time and time again. It might be a surprise to you if I were to tell you what ends some of these poor fellows have met. Without mentioning names, I could refer to a number of them who have been found dead in different places, whose deaths were rushed by rum. But still you continue to drink just the same and to say anything against rum and the liquor habit is to be styled a 'crank.' I am only giving you a warning, but I hope you will be prepared for your entrance into the next world."

THE MINTO FIRE

Central Railway Round House Totally Destroyed But \$2,000 Insurance Will Cover Cost of Re-building

J. R. Stone and L. B. Archibald, Central Railway Commissioners, who have been in Minto in connection with the fire there, returned on Friday. Mr. Stone told a Times reporter today that the round house was totally destroyed. There was insurance, however, he said, to the extent of \$2,000, and they believe that they could replace it for that amount. Asked as to the origin of the fire, Mr. Stone said that so far as they could ascertain it was caused by a cleaner dropping a portion of his lighted torch when going for oil.
