ARRESTED EVERY NIGHT THIS WEEK

Time Some Action Was Taken in the Case of Unfortunate Alexander Almon

It is the opinion of some that in the coming of Alexander Almon here, another instance wherein St. John was used as a "dumping ground for undesirable" has come to light, and what is to be done with him is a question which is agitating the minds of policemen and others who regard his case from a humane standpoint. Since Thursday last the man, who is a native of Ireland, and unable to speak the English language, so as to make himself understood, has been placed in custody five times, and on Thursday last his name appeared twice on the police books. He has been arrested every night this week to date, always on the same charge, "wandering about without satisfactorily accounting for himself."

Rather than allow the unfortunate man to remain in the street all night the police have taken him in charge, with the idea as well that he might be sent back to Montreal, whence he is reported to have been brought. Judge Ritchie, when he first appeared before him, ordered that he be deported.

This morning Almon was again before the court and once again he was told to go. His Honor saying that an effort should be made to send him back to Montreal, where, it is said, he has a family. It is thought that someone should act in the matter as the plight of the unfortunate man, alone, without friends or money, and unable to make himself understood in a strange city, is to be pitied.

Tenders will close on the 24th for fire protection and water supply for the steamers at No. 7 shed. This is for the piping essential for these purposes. Also on the 27th tenders will close for forty buckets for the government dredge fielding.

THOS. POTTS DEAD

A Citizen Who Took Great Interest in the Affairs of St. John—Was 83 Years Old

Many will regret to hear of the death of Thomas Potts which occurred this morning about 2 o'clock at his home, 9 Pagan Place, after an illness of about ten days. Mr. Potts was in the 83rd year of his age, and enjoyed good health up to the time of the illness which ended in his death. About two weeks ago he contracted a heavy cold while out attending a meeting.
Mr. Potts was born in Stonehaven, England, and came to this country when but three years of age, with his parents, Capt. and Mrs. William Potts. Captain Potts conducted a large shipbuilding plant on Courtenay Bay, and when the son grew up he also went into the business, conducting it alone after his father's death. About forty years ago he retired from these activities and entered the public field. When Sir Leonard Tilley was in power, he took an active interest in the affairs of the country, and for several years acted as immigration agent in the old country. On retiring from this he returned to this city and interested himself in civi-politics, representing Dukes ward for several years. In later years he had retired from it altogether, but although not actively engaged, he was always interested in the welfare of the city, and whenever a question arose where the good of the city was at stake, he was always willing to discuss and write for its promotion. He wrote many articles for the press on civic questions. He was a staunch friend of the commission for St. John.
He was twice married. His first wife was Miss Annanda Dunham of this city, who succumbed to illness. He is also survived by one daughter, Mrs. C. E. Harding of this city, one brother Joseph of the city and a sister, Mrs. E. B. Snider of Capleton county. Four grandchildren also survive.
Mr. Potts was an uncle of Alderman Frank L. Potts and Walter Potts, also of this city. The funeral will take place on Thursday afternoon at 2.30 o'clock from his late residence.

ST. JOHN MEN IN QUARANTINE

Passengers of Sobro Held At Bermuda Because of a Case of Smallpox

The passengers of the West India liner, Sobro, including three St. John men, and some members of the crew, are quarantined at Bermuda as the result of a case of smallpox aboard the steamer. Word to this effect has reached Messrs. Wm. Thomson & Co., the agents of the liner here.
The advice is to the effect that the steamer had proceeded from Bermuda on Friday the 17th, and it is supposed that the passengers will have to remain at Bermuda till the end of the present month at least. There was a large number going from Halifax to the St. John men to enjoy the extended sojourn, and John Willet, Thomas A. Binton and George Miller.
It is not known here where the case of smallpox originated, as the steamer was enabled to leave Halifax with a clean bill of health. From the fact that some members of the crew were held it would seem to indicate that it was a member of the ship's company.
Messrs. Pickford & Black have given instructions that all possible be done for the detained passengers.

WILL BE SOCIETY LEAGUE BASEBALL AGAIN

Thos. J. Coughlan is Working Out Organization For the Coming Season

While the grass has not as yet become strikingly noticeable, rumors of baseball affairs for the summer are in the air, and while the plans of many are still in doubt, it is regarded with certainty that the intermediate league among the Catholic young men's societies will be again in evidence, and prospects for its success seem bright.
The league last year was inaugurated with encouraging results, with the F. M. A. emerging victorious and capturing the silver trophy, but the members of the other teams are to be only "waiting for a chance to come back" at them.
The formation of the league has been left with Thomas J. Coughlan, athletic manager of the St. Peter's Y. M. A., and he will enter into communication with the various societies interested so that as soon as the snow has vanished a start may be made on getting grounds into shape. The games will be played on the grounds in the rear of St. Peter's church.
