Arrival of Dr. LA MERT in St. John, N. B. DR. LA MERT, of Bedford Square, London, Member of the Royal College of Surgeons of England; Licentiate of the Royal College of Physicians of Edinburgh, &c.; Author of "SELF-PRESERVATION: THE SCIENCE OF LIFE" and "SECOND LIFE" - begs to intimate to his Patients and the Public, that he has arrived in St. John, N. B., on a Professional Visit, and that he may be personally consulted daily from 9 till 1, and from 6 till 8 o'clock, at Mrs. Stevens', 79 Princess Street, until the 18th October.

After this date Dr. LaMert will proceed to Quebec, his address and period of stay in which city will be duly announced in the Lower Canadian Journals. Dr. LaMert's studies have been almost exclusively devoted to the cure of the various diseases of the Kidneys, Bladder, Urinary and Generative system; embracing the whole category of disorders incidental to these organs - and particularly these: Nephritis and Physical Debility, the result of intemperance, and the unusual facility to contract Impotence and Sterility, and prematurely induce all the concomitants of Old Age.

In making this intimation Dr. LaMert wishes to point out the advantage that invariably result from a personal interview, and the unusual facilities that will be afforded to those who are desirous of procuring their cures under his care, who may now be in correspondence with him: the eligibility of the occasion that will present itself of clearing up any doubts that may exist in regard to their cases, and would particularly in cases where the importance of their putting themselves as quickly as possible into personal communication with him - during his necessarily limited stay, which under no circumstances can be prolonged beyond the dates hereafter to be announced.

In order that no obstacle may be presented to the completion of the treatment in such cases, Dr. LaMert will be provided with each individual case in the Colonies that has come under his care during the past three years. The Collaboration fee is \$1. Those who contemplate availing themselves of Dr. LaMert's services are recommended, in the interim, to procure from one of the undersigned Local Agents his work on

Self-Preservation: The Science of Life and Functional Weakness, more particularly in reference to the Infirmities and Disorders of the Generative System, with numerous Engravings and Descriptive Cases.

The object of the work is not to maintain particular hypotheses but to enable every one to understand for himself the structure and functions of the organs concerned in the fulfilment of the Physical Obligations of the Married State; to acquaint him with the consequences arising from excesses; to prevent unnecessary misapprehension from unfounded fears, and to indicate, when those cases are well founded, the means of speedy relief.

"Self-Preservation" may be had in a sealed envelope, price 20 cents, of Messrs. Child & Co., St. John, N. B.; E. G. Fuller, Express Agent, Halifax, N. S.; and Mr. James P. Ward, Sydney, Cape Breton. Letters in all cases must be prepaid. September 30-31.

Liver Complaint, Liver Complaint, Bilious Complaints, Sick Headache, Bilious Complaints, Sick Headache, Acidity, Acidity, FLATULENCY, LOSS OF APPETITE, FLATULENCY, LOSS OF APPETITE, Debility of the System, Debility of the System, HEARTBURN, WATER BRASH, HEARTBURN, WATER BRASH, FEVER AND AGUE, FEVER AND AGUE, THE OXYGENATED BITTERS, THE OXYGENATED BITTERS

This remedy is just what it purports to be, a "remedy for Dyspepsia." Though containing no alcohol, yet it will retain its virtue in any climate. It is highly concentrated, - a teaspoonful is half a tumbler of water constituting a dose. Among all the remedies ever discovered for these ever wrought such great and permanent cures, or which can produce so many and unexceptionable certificates from the reports of its healers. A single dose often subdues the disease, and a permanent cure is usually followed.

From a highly respected Physician in Madras. SOUTH PARM, Madras, Dec. 25, 1858.

Messrs. S. W. FOWLE & CO., Gentlemen: For several years past I have had a knowledge of the operation of the OXYGENATED BITTERS in some cases of Dyspepsia and General Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remedies had been used without benefit. I do not hesitate to recommend them.

Respectfully yours, WILLIAM A. RIST, M. D.

THE OXYGENATED BITTERS. THE OXYGENATED BITTERS.

Letter from Stearns Foster, Esq. STODDARD, N. H., Sept. 20, 1858.

Messrs. S. W. FOWLE & CO., - Gent.: I was for many years, a great sufferer from DYSPEPSIA and WATERBRASH, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Henslow, to make use of the OXYGENATED BITTERS. The first bottle produced but a slight alleviation in the disease, and had it not been for the urgent request of my physician, I should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most perfect, for the various forms of Dyspepsia, that has ever been produced. Yours, STEARNS FOSTER
