The premier's organ says that this lateryiew "is an invention, etc."

I beg to return thanks to my patrons for their favors of 1901, and as the year has come to a close the most important feature of any business is to make the next year more successful than the last. With that special object in view I have selected my stock from best houses in the Dominion of Canada and United States and bought it at the lowest prices, so as to still enable me to acrease my business by selling goods cheaper than I ever did before.
