Speaking of Thomas Cammack, now in jail at Woodstock, the St. Andrews Beacon says: "James Cammack, whose son the murderer is, kept a tavern on the St. George road between the Boobee and Digamoo rivers. One of his sons, Samuel Cammack, is still a resident of that section. Other members of the family reside at Eastport and Deer Island."

C. C. Richards is visiting his brother, T. M. Richards, in this city. Mr. Richards reports that the temperature has been 86 in the shade at Edmondston. The hay crop up north, he says, is about one-third short. On's are poor, but potatoes and root crops are good. The water is very low in the river, says Mr. Richards, and there are about twenty million logs hung up above Grand Falls.

It is improbable that any artillery practice will take place at Fort Dufferin until next week. The fog is so dense and constant that shooting cannot be done until the fog lifts. Yesterday, the camp commander, Col. Wilson, inspected the artillery stores in the city. At the camp there are about eighty artillerymen from the permanent force, Quebec. The local companies will not have practice at the fort until next week. The guns are being placed in position.

EQUITY COURT. Baird & Peters Induction Against the Fredericton Agricultural Society Extended.

There was a short session of the equity court this morning. The interim injunction in the case of Baird & Peters v. Agricultural Society, District No. 24, Fredericton, was extended to August 14th.

The injunction restrains the Agricultural Society from granting to J. J. McGuffigan, Ltd., the mercantile Dock street, prize medals which the plaintiffs allege were theirs by right. Esamhill, J. J. Sanford appeared for Baird & Peters.

The bill in the case of P. A. Landry, sole executor of the late Harry's estate, of Kent county, vs. Simond, Andrew and Jeanne Richard, was taken pro confesso against Andrew Richard, on account of an appearance, and against Simond Richard, counsel consenting.

The bill is for the foreclosure of a mortgage amounting to \$231.81. The usual order of the sale of the property was made, proceeds to be devoted to payment of costs and liquidation of mortgage. All interested parties were given leave to bid in the property.

DOG KILLED BY STREET CAR. And Body Left to Disfigure the Street for Hours.

A fairly large black dog was struck by a street car yesterday afternoon on Main street, near the corner of Acadia and suffered greatly till a bullet from a policeman's revolver ended the poor animal's misery. The dog was crushed and was crushed out and presented a sorry sight. For hours the carcass, with the skin torn, the limbs crushed and with blood oozing from the hair, laid near the track and in full view of pedestrians and under the windows of neighboring houses. This continued all after dark when the carcass was removed. The people residing in the vicinity are very judgment and while they realize that the police had no means of removing the sorry spectacle, think that the street car should have moved more quickly.

DROWNED IN CONNECTICUT. Brother of St. John Boy Meets Sad Death.

Harold Hatfield, of Norton, a young man employed with C. Flood & Sons, received the sad news by telegram last night that his brother Gilbert had been drowned at East Hampton, Conn.

Mr. Hatfield wired at once for particulars, but none have as yet been received. The deceased, who was a lad of about eighteen years of age, had been employed in Hampton for the past eight years. He leaves another brother besides the one in St. John, and one sister.

The remains will be buried in East Hampton.

COL. WILSON ILL. Col. Wilson, the commanding officer of the artillery, now in camp at Fort Dufferin in ill at the Head Private Hospital and is being attended by Dr. S. S. Skinner. It is expected that Col. Wilson will be able to attend to his duties in a couple of days. During his absence Lt. Col. Benson is in command.

The British schooner Schafur Brothers, 183 tons, loaded coal at New York for Halifax at \$1.10.

INJUSTICE DEFEATED.

Emmerson Forced to Withdraw Outside Workmen.

Star's Exposure and Labor Men's Protest Compel Government to Employ St. John Men.

After the Star appeared on the streets yesterday afternoon and the government heeled were made acquainted with the fact that some Westmorland county men had been brought here to do a work that should have been done by St. John men, there was a wild scramble to have the men dismissed. Every man that thought he had a pull wired Hon. Mr. Emmerson, all anxious that the credit of having these men sent away and the work given St. John men should be given them.

Hon. H. A. McKeown seems to have the inside track and Daniel Mullin's friends are depressed and disappointed, realizing what a glorious opportunity Mr. Mullin lost to cover himself with glory.

It was stated this morning that in consequence of the telegrams sent Emmerson, word had been received to send the men home, but at noon today they were still at work though they did not know what minute they might be ordered back to their own county. The general feeling is that the men will be sent back on tonight's train, as it is stated on good authority that the minister promised to do so.

The police, however, do not seem to put much faith in any of Emmerson's promises, as the men have been reported, and if they continue to work at the job will be taken before the magistrate and be made to take out a license. The men reported are West Sutherland, Simon White, Cyril Gaudet, D. Dupe, Frederick White, D. Landry, Timothy Dupe and J. Shannon.

It was stated today that the boss, Thomas Shannon, would be made to take out a license. Tonight at the regular meeting of the Trade and Labor Council the action of the government in employing outside men on work in this city will possibly be condemned by resolution.

Some prominent men, in discussing the affair, resent the presence of these workmen here as an intrusion of outside labor into a market where labor is plentifully obtainable and where employment is by no means every man's blessing.

A union leader who gauges the prevailing opinion in labor circles with correctness, gave utterance to the following effect in the present instance: "It is an unfortunate thing that these outside men should have been brought here. The defence he made that they are moving to other employ, shifted about as needed, but it is to be questioned if eventually it will be in the present instance. If the work were along the line in the county there would be little or no excuse for objection, but since they are in the bounds of a city, where laboring men and tradesmen are constantly available—liberal laboring men and tradesmen, that matter, and numbers of them—can it be wondered that the calmest among us express ourselves somewhat bitterly at such an affront. We are not finding fault with the workmen; it is their privilege and duty to go to work where they may. It should, however, be the privilege of St. John workmen to have the first slice of their own loaf."

MGR. SEARETT AT HOME. TONIGHT.

His Excellency Mgr. Shearrett visited the Patrick's Industrial School at Silver Falls yesterday afternoon. He was accompanied by Bishop Casey, Father Elmore, Father Hebert and Father White, C. S. S. R.

At the school he was received by Mother Patrick, superress, and Rev. A. J. O'Neill, parish priest. The scholars presented Mgr. Shearrett with an address of welcome to which his excellency made a reply and complimented the children on their good appearance.

This morning at 7:30 o'clock Mgr. Shearrett celebrated mass in the convent of the Good Shepherd. He dined with the Benedictine Fathers of St. Peter's parish at one o'clock. This evening a public reception will be held from 7:30 to 9 o'clock in the palace. A special throne has been erected for the purpose.

A FINE VACATION. Just think of the benefits to be gained from a vacation trip on the water. The proper way to take this is to purchase tickets for New York by the S. S. "Prince Arthur," sailing from Exmouth what Yarmouth, every Wednesday on arrival of express trains from Halifax, and you will return to work with a clear brain and a body wonderfully restored.

THIS EVENING. Baseball—Clippers vs. Skowhegan, on Victoria grounds.

Meeting of limeburners and quarrymen in Temple of Honor Hall. Meeting of Court Lee Cabin, I. O. F.

Special meeting of Trades and Labor Council at eight o'clock, Laborers' Hall. All delegates are requested to attend.

THE DETECTIVE'S HOLIDAY. Detective Patrick Eilen has gone on his holidays and expects to spend the next two weeks in some quiet retreat in the country, where for that brief period he may forget the unpleasantness and toil of a police officer's life. Chief Clark has seen that detailed a man to look after the detective's work while away, but it is expected either Officer Crawford or Finley will be appointed to the duty.

PREMATURE ANNOUNCEMENT. Several papers have announced that the annual picnic of the Roman Catholic church at St. Martins took place on Tuesday last and that all enjoyed a good time.

This statement was sent to the city from St. Martins, and Rev. Fr. Poulter takes great exception to it as the picnic was not held, and will not be held till tomorrow, and if the weather is not suitable then the picnic will be further postponed till Monday.

WILL BE A RECORD BREAKER. Albert Cunningham, of Pisarino, is Building a Yacht to Beat Anything in the Provinces.

Albert Cunningham, boat builder, of Pisarino, is building a sloop which he believes will be one of the fastest in these waters. Persons who have seen the sloop on the stocks say that her lines count for great swiftness. Forwarding her dimensions, she is over all 48 feet 6 inches; extreme beam, 15 feet 3 inches; length of keel, 24 feet; load water line, 29 feet; and draught, 5 feet 10 inches. The sloop is a combination of the characteristics of the modern racing yacht and sloop.

Mr. Cunningham says that he will be prepared to race any yacht in the maritime waters, as he believes the light draught and clean cut lines of his new boat will render her invincible.

SHUT OUT OF HOSPITAL. Fredericton Junction Man Refused Entrance—The Reason.

A young man, Ernest Shepherd by name, belonging to Fredericton Junction, was brought to the city yesterday morning by Constable Duplessis, of Sunbury county, and taken to the General Public Hospital. The young man is an orphan and several years old. Constable Duplessis had a written direction from Dr. A. J. Murray, of Fredericton Junction to the effect that the young man be taken into the hospital.

Constable Duplessis says that he took the young man to the hospital twice. In the first instance the young man became frightened and ran away. The constable says that then he was back a second time, but the hospital authorities refused to take him in. The constable says that he then effected and obtained from I. Olive Thomas, the hospital secretary, what he wanted. No further effort was made to gain admittance for the young man.

Constable Duplessis was under the impression that the young man was unjustly treated by the hospital authorities. The Star made inquiries this morning and found that the hospital rules forbid the entrance of patients suffering with syphilis, which is the disease the young man is supposed to have. Dr. Grant of the hospital staff also told the Star that no formal application was made for the young man's entrance nor was the usual permit obtained. No examination of the patient's case was made.
