

P. E. I. LETTER.

Sent up to the Supreme Court for Trial. Thought Passage from Barbados With Malicious Aids Backward...

CHARLOTTETOWN, May 24—John Bell of this city, was sent up yesterday to the supreme court on two separate charges, viz: stealing hats from the home of Samuel McRae and stealing stationery from Hazard & Moore's store.

The town council of Summerside reports the total value of personal property in that town to be \$18,000, and estate \$1,000,000, total assessment \$9,700.

A rifle club has been organized at Summerside with a membership of 12. The officers are as follows: Captain, Wm. Wilson; secretary, John Campbell; treasurer, A. C. Saunders; committee men, C. W. Bent, Arthur Freeman.

Our riflemen who propose attending annual picnic in St. John will soon be in possession of two quick firing machine guns, a six and a twelve pounder, which are being sent here by Capt. Moore, D. O. C. on tomorrow's steamer.

W. W. Clarke has received a letter from a Liverpool firm offering to send a steamer to this port direct from Liverpool about June 20th. The steamer will carry 200 head of cattle and 1000 cubic feet of freight space.

The ship James W. Capt. Murchison, arrived here yesterday after a very rough trip from St. John's, Newfoundland. They were out 31 days and much of that time without a rudder, drifting and willing the wind to the best advantage.

Charles Town is proud of her new school building, which was opened on Monday night. The building is a handsome and commodious structure, and is well adapted to the needs of the community.

In speaking of the cold, backward spring, J. J. O'Reilly told the writer some interesting facts concerning the weather of 48 years ago. The first snow reached Charlottetown for the first time in May 10th.

The National History Society greatly appreciates the gift of a contribution towards the purchase of a monument in memory of her deceased husband. The articles were brought to Charlottetown from St. John's by Dr. McNeill, who presented them to the society.

Recent deaths in P. E. Island include: Mrs. Donald McNeil of Orwell, aged 85; Alex. McNeil of Dunlop; Belle McNeil of Southport; Mrs. Thomas Cole of New London, aged 81; George L. Hearn of Charlottetown, aged 81; James Green of Clinton, aged 81; John Dingwall of Little River, aged 81; James Acorn of Dundas, aged 81; Mrs. Nicholas McNeil of Bonshaw, aged 81; John McNeil of Alberton, aged 81; Mrs. Ewen McNeil of Charlottetown; Margaret Campbell of Brookfield.

A Buenos Ayres paper speaks of a scheme regarding a scheme submitted by Joseph Oulton, formerly of Alberton, for impounding the waters of the St. Lawrence and utilizing them for purposes of irrigation. The scheme, if properly carried out, would be productive of immense benefit to the province, and Mr. Oulton and any company which he might form for its execution would be justly entitled to a large remuneration for its execution.

MONTREAL, May 24—A committee of the street railway employees presented their demands to the company today. The demands include an hour's reduction of duty and an hour's reduction of duty and an hour's reduction of duty.

OTTAWA, May 24—In the commons today, in answer to Mr. Clarke, Hon. Mr. Blair stated that the railway department would not investigate the accident on the Lake Erie and Detroit railroad, where the company's heavy negligence on the part of the company. No official had been permanently appointed to investigate railway accidents, as the person with peculiar qualifications had not yet been found. A temporary official had been selected to inquire into the recent accident on the Intercolonial.

Mr. Lemieux moved for all papers in connection with the claim for her share of the fisheries award. Clancy's bill to amend the election act passed its third reading. It provides that a person who by force, threats, abduction or false pretenses prevents any voter from exercising his franchise is guilty of an indictable offence and is liable to a penalty of \$200, which may be increased by the court on conviction.

Mr. Monk's bill respecting the government and defeated on its second reading on a vote of 10 to 14. The measure had the support of most every board of trade in Canada. Mr. Hinkler's bill respecting the railway commission was vigorously opposed. It sought to enforce compulsion to act under their charters within a specified time. The Dominion Coal Co. and other corporations who have leased properties would be held out by its provisions. The bill was withdrawn.

Hon. Mr. Fitzpatrick has given notice of a bill which promises to materially increase the profits of the agricultural provinces. Intercolonial railway, according to the auditor general's ruling, must be certified by the King's printer as not exceeding the cost of printing. This could not be given, but Fitzpatrick's measure will obviate the necessity for it.

Mr. Fittie's reconciliation bill stands for its third reading, and Mr. Hinkler's bill respecting the railway commission was vigorously opposed. It sought to enforce compulsion to act under their charters within a specified time. The Dominion Coal Co. and other corporations who have leased properties would be held out by its provisions. The bill was withdrawn.

ST. LOUIS, Mo., May 19—L. Pearlstone, a commission merchant here, has received a letter from a relative in Kishineff, Russia, describing the recent massacre of Jews there. The letter was written April 17 and says that the writer and his wife were both badly beaten and nearly killed, but with their lives they managed to escape to the home of their oldest son, who lives in a house owned by a rich man who paid the police to guard his house. His house was protected and not even a window in it was broken.

The writer declares the massacre was perpetrated by robbers who were protected and aided by the police. He describes at some length the terrible scenes of bloodshed and carnage that he witnessed, and concludes by asserting that had the onslaught continued one day longer the Jews would have all been killed, and none left to bury the dead. He said that during the massacre, he had seen his place of concealment, saw police smoking their pipes and calmly watching the robbers butcher the Jews. The cries of the wounded and those who were being killed could be heard on all sides. Stores were looted and every piece of merchandise thrown in the streets. When Cossacks and Hussars arrived quiet was quickly restored and the Jews came forth to bury their dead. Many bodies were so mutilated they had to be buried in boxes without identification.

ST. PETERSBURG, May 18—The report that Lieut. General Raaben, governor of Kishineff, Bessarabia, had ordered the massacre of Jews, occurred a month ago, had been dismissed by the imperial government. The imperial officer to command the militia, it was proposed to appoint a Canadian, but for some uncertainty the government has decided to drop this provision for this year at least.

There is a good joke at the expense of the department of agriculture. On Friday, W. A. Ryan, acting commissioner for the Japan Exposition, applied a trial order from the Japanese government for fifteen tons of Canadian wheat. In some unexplained manner this was converted into fifteen tons of wheat, and was so telegraphed all over the country. The wheat was so plentiful that it was not necessary to apply for a share of the order.

PARLIAMENT.

OTTAWA, May 24—In the commons today, in answer to Mr. Clarke, Hon. Mr. Blair stated that the railway department would not investigate the accident on the Lake Erie and Detroit railroad, where the company's heavy negligence on the part of the company. No official had been permanently appointed to investigate railway accidents, as the person with peculiar qualifications had not yet been found. A temporary official had been selected to inquire into the recent accident on the Intercolonial.

Mr. Lemieux moved for all papers in connection with the claim for her share of the fisheries award. Clancy's bill to amend the election act passed its third reading. It provides that a person who by force, threats, abduction or false pretenses prevents any voter from exercising his franchise is guilty of an indictable offence and is liable to a penalty of \$200, which may be increased by the court on conviction.

Mr. Monk's bill respecting the government and defeated on its second reading on a vote of 10 to 14. The measure had the support of most every board of trade in Canada. Mr. Hinkler's bill respecting the railway commission was vigorously opposed. It sought to enforce compulsion to act under their charters within a specified time. The Dominion Coal Co. and other corporations who have leased properties would be held out by its provisions. The bill was withdrawn.

Hon. Mr. Fitzpatrick has given notice of a bill which promises to materially increase the profits of the agricultural provinces. Intercolonial railway, according to the auditor general's ruling, must be certified by the King's printer as not exceeding the cost of printing. This could not be given, but Fitzpatrick's measure will obviate the necessity for it.

Mr. Fittie's reconciliation bill stands for its third reading, and Mr. Hinkler's bill respecting the railway commission was vigorously opposed. It sought to enforce compulsion to act under their charters within a specified time. The Dominion Coal Co. and other corporations who have leased properties would be held out by its provisions. The bill was withdrawn.

ST. LOUIS, Mo., May 19—L. Pearlstone, a commission merchant here, has received a letter from a relative in Kishineff, Russia, describing the recent massacre of Jews there. The letter was written April 17 and says that the writer and his wife were both badly beaten and nearly killed, but with their lives they managed to escape to the home of their oldest son, who lives in a house owned by a rich man who paid the police to guard his house. His house was protected and not even a window in it was broken.
