### CHINAMEN AGAIN ARRESTED AND PLACED IN COUNTY JAIL

**A new turn to the opium and gambling cases—Celestials must obtain more bail to retain their liberty**

A few weeks ago Hop Lee and Sing Lee, as proprietors of an opium joint and gambling house on Mill street, and sixteen other Chinese as being inmates of the resort were committed to jail to stand trial at the February sitting of the court. The Chinamen were represented by Burton L. Gerow. A number of the prisoners put up cash for bail, while one day last week the remainder were admitted to bail by a few interested citizens going as bondsmen. As all were liberated from jail to appear at the next sitting of the court the celestials once more went back to their laundry work. It has been learned that when the eighteen Chinese were placed in jail the commitments on the charge of being proprietors of an opium joint and for being inmates of the said place, were the only papers sent in to jail with them, and those for the gambling charge had not been sent in. Yesterday police officers were handed the latter commitments and during the afternoon started out to round up the eighteen Chinese. Up till last night five of the number had been gathered in. It is expected that the others will be taken today. As soon as E. L. Gerow the counsel for the Chinese heard that his clients were being lodged in jail again, he made arrangements for the bondsmen to appear at the courthouse, and another bond was entered into for the second charge, with the result that last evening four of the five Chinese lodged in jail were allowed out again.

It is further stated that Mr. Gerow has given notice that he intends to appeal on both the opium and gambling charges. There was much excitement caused among the Chinese when it was learned that they were being again taken back to jail and the telephone wires were almost twisted with the Chinese language for a time as the news was no doubt flashed from one laundry to another.

### PROPOSALS FOR HAVING Y.W.C.A. HERE

**A large building to house amalgamated clubs—Miss Saunders talks.**

A large audience attended an address given in the High School assembly hall last evening by Miss Dna Saunders, national secretary of the Young Women's Christian Association. A. M. Belding acted as chairman for the evening, and in a few well chosen words he introduced Miss Saunders to the people.

Miss Saunders talked over the possibility of establishing a Y. W. C. A. here. The Girls' Club and other such institutions could be amalgamated and brought together into one strong association, and after the war more definite steps could be taken in the fitting up of a properly equipped building.

The Travellers' Aid would then be identified with the Y. W. C. A., instead of with the Playgrounds Association as it is now. This is the way in all the large cities in Canada and the United States.

Miss Saunders then told of the good work that is being done by the Y. W. C. A. all over Canada and the United States and said that if the two or three small groups that are doing the work here would co-operate and form a Y. W. C. A. better work might be done.

A big building, fitted with gymnasium, class rooms, dormitories, etc., could be built for the accommodation of the girls and for strangers in the city.

No definite steps to procuring the building will be taken, however, till after the war is over.

The address was much appreciated by those present and Mr. Belding on behalf of the people thanked Miss Saunders for the talk.

### ENTERTAINMENT IN CHURCHES FOR THE SOLDIER BOYS

**St. David's and St. Stephen's Sunday schools open to the men.**

The boys of the 52nd were entertained at two of the Presbyterian churches of the city last night. St. David's and St. Stephen's, and many took advantage of the programmes offered for their benefit.

In St. David's an impromptu programme was carried out and much enjoyed by all present. A. R. Cruikshank presided and solos were rendered by Mr. Morgan and Mrs. A. E. Logie. Readings were given by Mrs. Carrie Baillie and Mr. Togood. Music and games were also supplied and many of the young ladies of the church were present and helped to entertain the soldier boys of which there were about one hundred. These programmes are carried out each Thursday evening in St. David's Sunday school room and at the close refreshments are served to the boys.

The Sunday school room of St. Stephen's was also the scene of musical entertainment. The cadets of the church, headed by Piper McEachern and the drummers, marched to the armory and escorted the soldiers to the rooms. Here many ladies made the boys welcome and a splendid programme was carried out. Solos were sung by Miss J. T. Downey and H. O. Bonk and a quartet composed of Mrs. F. A. Godsoe, Miss McArthur, Mr. Dunn and Mr. Griffith rendered some songs. Charles Ross of the Cadets gave a fine demonstration of the Highland Fling. Cecil Mitchell presided and Miss Gilchrist accompanied the singers. About one hundred soldiers were present and enjoyed the programme to the greatest extent. At the close of the programme the whole gathering joined in many patriotic airs led by the Cadets. Refreshments were then served and the soldiers were escorted back to the armory by the pipe band.

**MILITARY GUARD WAS THE CENTRE OF ATTRACTION**

**Soldiers caused large crowd to collect in Charlotte street last night.**

About ten o'clock last night a large and curious crowd of people blocked traffic in front of a lodging house conducted by Charles Sweet at 109 Charlotte street, or about opposite the Dufferin Hotel, and the majority of the crowd made numerous comments as to what the trouble was, or what was going on in the building. The cause of the crowd collecting was when a military guard were seen entering the place. Not long after the guard entered they came out of the house and went along the street on patrol duty leaving the curious ones still wondering what had been the trouble. It was learned, however, that the military police had an idea that the house might be a resort of soldiers and entered the place for the purpose of seeing if any soldiers were there who should not have been. Accordingly there was no great necessity of a crowd of citizens gathering about the place and the guard was rather amused to witness the commotion which was created.
