

forestree SPEWS

By SLIZZ

Howdy, Rowdies. Bless your hearts you all came by last week to help plant the little seedlings. My gosh, and none of those rat-fink cops caught us smokin' some weed behind the pines. A big round of applause goes out to Fatso, Prusser and Thugs who planted the most trees and for smoking the most dope.

Like, you'se all know that Forestree Weekend is coming soon and I want to take this opportunity to announce to Bunny and Briget that their help in planning all the events (and drinking all my beer) was appreciated.

Like these are the events that will be happening during Forestree Weekend '83. The more the merrier, but don't come without your plait jacket, baseball cap, axe and beer.

- Friday 12 noon Tickets go on sale for the bear skin Rug and date with Bunny and Briget.
- Friday 8 pm-1 am It's the Spruce Bud Worm dance, Mr. and Mrs. Budworm will also be chosen and they will reign over the remaining events.
- Saturday 9 am Wood carving competition - no sharp knives allowed as this is also the start of the annual "dope-off".
- Saturday 3 pm Movie "Woody Woodpecker meets Deep Throat" in Rm. 137. Admission one beer.
- Saturday 8pm-1am "Slammerfest" in the UNB woodlet. Need, I like, say more?
- Sunday 8 am Tree Worshipping ceremony.
- Sunday 12 pm Pancake brunch with maple syrup. \$2.00 per person, like, bring your spigot.

Like, sounds fun and I hope all my good buddies will be there. When I look through my magic mirror I see, "Panta, The Good Sheeheard, Lunch Bowl, Brain and Dug, and of course Bunny and Briget." So hey, party hardy and all that there.

Imperial Gonad missing

By KILLER GNOME/SP
Bumswickan Staff

The Supperware Party/SP held an emergency meeting yesterday to decide upon what action shall be taken on the mysterious disappearance of its Imperial Gonads.

Michelob Crinkle, the Imperial Gonad of the SP/SP, was reported missing when he failed to show up at the latest FLAG meeting.

Various solutions were put forth, some of which were either illegal or fattening.

One of the members suggested that they should hire

a spray plane to spray Fredericton with orange juice. Rumour has it, that any member of the Supperware Party/SP, when

sprayed with orange juice becomes extremely sexually aroused and cannot be restrained by any force known to man. Hopefully the Imperial Gonad would escape, the member stated, but then another member mentioned that he may vent his lust on innocent small furry animals, and thus the idea was abandoned.

One other member suggested the membership should enmasse search the

city reciting the FRUIT CHANT of the Supperware Party/SP and hopefully he would be able to answer the call.

Others suggested they enlist the aid of the Student Pansies to track him down using their Killer Chihuahua tracking dogs. That idea was scraped for obvious reasons.

The final solution was to abandon their intrepid leader and elect a new Imperial Gonad.

"It seemed to be the easiest thing to do!" said a high ranking member of the SP/SP.

Finnihadie replaced

John Meager announced today that following pressure from SRC president John Bodfish, former SRC President, Gerhard Finnihadie would be replaced as chairman of the Student Campaign.

Meager said that Bodfish jumped up and down and threatened to hold his breath if Finnihadie was allowed to remain as chairman.

Bodfish informed Meager

that Finnihadie had something he wanted and he felt he should have it because he took his other job. Bodfish said he wanted everything Finnihadie had as President.

In an interview with the Bums, Bodfish confided that Finnihadie was a "bad boy", at least that was the image he was successful in giving him, and he thought he had him out of politics. Bodfish said he thought he could do

a better job because, "UNB understood him and that he was UNB."

Meager said Finnihadie did a good job but Bodfish could be a real "poop" if he didn't get his way. Meager hoped that Bodfish could make the campaign successful. Meager also informed the Bums that Bodfish threatened to take his job away. Bodfish denied this saying he never says bad things about people and that he hated sports.

Energy efficient homes abound

To many students, finding adequate housing is a difficulty, especially if you live in Fredsville. There are exceptions, as the BUMS found out. Shawn Hachey and Scott Lush are two such exceptions, they found an energy efficient home which they can afford.

According to Hachey, they save alot of money not paying electricity because they don't have any. In fact, they also don't have to pay for heat because they don't have a stove or a furance.

Scott Lush looks at their rented house as a must for any student who appreciates the simple kind of life. When Lush brings home a date, he doesn't have to worry about the noise his date makes because they are in the woods. Also, Lush feels that women students would love their house because it never has to cleaned. The nearby river floods every month or so and washes away anything

undesirable. Other features of the house is the indoor/outdoor bath room. What goes in the toilet flows out underneath the floor to the river. The bedrooms each have their own natural light fixtures. The only problem is when it rains. The house is carpeted with wall to wall moss, which Hachey feels is great in case

you run out of grocery money.

Both Hachey and Lush agree that they happened upon a bargain and they encourage students to look around a little harder if they want to find a good deal. Renting in Fredsville is not a problem, says Lush, if you take the time to look.
