My dear Mr. King:

Mrs. Coman asks me to
write you about compensation for the
work you do kindly propose to do
for us this summer. I believe I
told you in the spring that we would
give the same we paid Mr. Afford.
\$66 $\frac{2}{3}$ ch. and now I believe he asked
us. I do not know why the sum is
an hour less, but he did. Besides
we pay the Am. Soc. postage and
returning. It occurs to me that
a note from me as President may
be of service to you as it was to Mr.
Afford so I enclose me.
