

# Books for the School Library

## The Little Cousin Series

THIRTY VOLUMES

*Each volume illustrated with six full-page plates in tints, from drawings by L. J. Bridgman and Blanche McManus. Cloth, 12mo, with decorative cover, per volume, 60 cents.*

The books are the most interesting and delightful accounts possible of the children in other countries. The daily home life of each little cousin is described, his mode of dress, his work and his play, the quaint customs of his people, and some of the adventures he is sure to have. The information contained is absolutely accurate, and the stories are so charmingly written that the readers do not realize how much information they are really obtaining.

The stories are written in a charmingly interesting style, well calculated to hold the attention of the youthful reader. They are especially adapted for supplementary reading in schools—*Journal of Education*.
