A Physician's Testimony for Labatt's Ale

"We find that the ale uniformly and well agreed with the patients, that it stimulated the appetite, and thereby increased nutrition. The taste, likewise, is always highly spoken of. In nervous women, we found that a glass at bedtime acted as a very effective and harmless hypnotic."—SUPERINTENDENT OF LARGE U. S. HOSPITAL.

The shadow of death is over us all, and always. "No sooner do we begin to live in this dying body," says St. Augustine, "than we begin to move ceaselessly towards death." From our very birth the shadow of death is over us and there is never a moment in our earthly journeyings when the sky of our life is wholly free from the gathering clouds of death. At times the

The NORTH AMERICAN LIFE

is practically a mutual Company, having the protection afforded by a Guarantee Fund of \$300,000, of which \$60,000 is paid up. While the guarantors are allowed interest on this paid-up portion only, they are liable for five times this amount. In this way policyholders have the advantage of additional security, while at the same time participating to the full extent in the surplus of the Company. The Board of Directors consists of Policyholders, as well as guarantors, so that both are represented and equally interested in the Company's management.

light is brighter, and again the shadow is heavier. * * * In the thought of death, we walk by fear, rather than by sight. For the subduing of our fears, we have need of help from Him who has shared in our human experiences, and has triumphed over all that imperils us, that He "might deliver all them who through fear of death were all their lifetime subject to bondage."

The Fall Canvass

of The Great-West Life Assurance Company commenced by a Business for August approximating \$1,500,000—the largest month's Business yet written.

Over \$53,000,000 of Insurance is now held in force - and the present year promises to be considerably the most successful of eighteen successful years.

There must be good reasons for this rapid and consistent progress. The reasons are found in the low premium rates - the liberal conditions - and the high profit returns characterizing the Policies of
