It cost a farmer in Mornington Tp., Perth Co., \$5 and costs, amounting in all to \$16 for beating an emigrant boy who had got in the habit of leaving the farmer's home. The boy is incorrigible and was sent to the Industrial school.

The Regina Standard of Oct. 5th, has a front page article dealing with the whole wheat prospects in that locality. A farmer near Pense threshed 45 bushels to the acre of No. 1 hard for which he was paid 92c a bushel. All the grain marketed this year so far at Pense is graded as high as No. 1 Northern.

A practical Minto farmer who was offered a bicycle for \$35 said he would rather buy a cow for the same money. The agent explained that he would not look well riding on a cow. "But," said the farmer, "I would look much worse trying to milk a bicycle."

A man named Hazleton, who deserted his wife and four children in Canada 22 years ago, fell out of his hay loft in Texas the other day and on recovering from the shock remembered about his Canadian family of whose existence he claims to have been oblivious for all those years. It sometimes does a man good to take a tumble to himself.

The Guelph Mercury registers a complaint that is likely applicable all over the province since the shooting season opened. It says:—"The woods are rife with hunters, the farmers say that they are anything but welcome on the farm. If they would shoot legitimate game and behave themselves there would be little trouble, but many of them make a mark at any living animal they see. If they can't hit wild ducks on the wing they are bound to shoot tame ducks on the river or ponds, and failing that, they take a stray shot at cattle or sheep."

Not long ago a barber who, having been out late the night before, had a shaky hand the next morning, and cut a customer's check four times. After each accident the barber said as he sponged away the blood: "Oh, dear me, how careless!" and laughed and let it go at that. The patron took all those gashes in grave silence. But when the shave was over he filled a glass at the water cooler, took a mouthful of water and with compressed lips proceeded to shake his head from side to side and toss it up and down. "What is the matter?" asked the barber. "You ain't got the toothache, have you?" "No," said the customer, "I only just wanted to see if my mouth would still hold water without leaking, that was all."

How is it that no matter how dear money is, the banks never pay more than 3% on deposits, and that no matter how cheap cattle are the butchers never charge less than 20c per lb. for beef-steak? These questions were asked in Toronto on Monday by the Evening Telegrams cartoonist, and are pertinent enough to be repeated by every newspaper in the country, and an answer demanded by the public.

SHAKE IN A BOTTLE.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney weather is here, and also tells what to do in case of an attack.

Get the following from any good prescription pharmacy:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful after each meal and at bedtime.

Just try this simple home-made mixture at the first sign of rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost. Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

Many a foolish father has estranged his sons and embittered his old age by failing to understand that at the right moment he should resign mastery and take up the role of a friendly counsellor to grown sons.

Brussels, Ont., Oct. 20.—Sometime between two and three o'clock Sunday morning the post-office was entered by burglars, access being gained by the back window. The safe was blown open and all the contents, consisting of stamps and cash to the value of over three hundred dollars, was taken.

The Toronto Sun warns the farmers against the danger of giving way to sudden panic over the feed situation. That situation is serious enough, but it does not justify the payment of a cent a pound for hay and nearly two cents for grain, on the one hand, or the sale of good cows at \$10 and \$20 on the other.

Fresh meat can be kept nicely for a week or two by putting in sour milk or buttermilk and placing in a cool cellar. The bone and fat need not be removed; rinse well when used.
