

LISTOWEL STANDARD.
FRIDAY, JULY 2, 1880.
THE HON. JOHN BENTLEY ROBINSON, M. P. for West Toronto, has been appointed Lieutenant-Governor of Ontario. The choice is an excellent one.

TORONTO HALL: There are now three consecutive meetings, and if the condition of the country is in the slightest degree such as is depicted by the Reform press, all the seats should be carried by the Opposition. The Reform party in Ontario were represented by Reformers, whom the election counts have elected for improper practices by themselves or their agents, while West Toronto is regarded as vacant by the appointment of its representative to the Lieutenant-Governorship of the province. The two Reform seats will be held by a Conservative candidate, but the popular belief is that the Reformers will not even run a candidate in West Toronto, although they have the consent of a majority of 211 at the general election in 1874. All political precedents are upset by the experience of the present Dominion Government, for in the case of the Opposition gaining strength, it has steadily lost seats. Conservatives can afford to await calmly the verdict of the electors.

RE-CONSIDERED.—The Public School Board have at the last meeting come to their senses. The resolution depriving the teachers of their holiday pay has been reconsidered, and the injustice is not to be perpetuated. Did we feel disposed to make capital out of this humble confession of their inability and short-sightedness, certainly a most favorable opportunity is presented; but we shall refrain from doing so. When we acknowledge that the country has been retrogressed, and that the Board have not only a right to be satisfied to see them pursue their course, without torturing their feelings by excusing them, but also a duty to point out the error which they are committing, and to advise them to rectify it, we cannot avoid the impression that the Board have not only a right to be satisfied to see them pursue their course, without torturing their feelings by excusing them, but also a duty to point out the error which they are committing, and to advise them to rectify it.

LOCAL OPINION EXAMINER.—The question of the liability of the various school districts or municipalities included in said District previous to its dissolution by action of the County Council, for the providing of school accommodations has for some time past been much discussed, and concerning which diverse opinions have been held. In order to test the matter at root, the High School Board resolved to obtain legal advice on the question, and accordingly submitted the case to Christopher Robinson, Esq., Q. C. and a gentleman well qualified to render opinion. The Board have lately received Mr. Robinson's opinion, which is to the effect that the various municipalities in said District, as it existed at the time of the commencement of the new school building, are liable for their pro rata share of the cost of the building, and as a result the Board have the power to assess them for such amount. Mr. Robinson's decision may probably cause a little alarm in the townships, especially in the township of Mornington, whose share of the cost should the Board decide to assess the District for the full amount, would be larger than that of the other townships. If this course is decided upon, the town of Listowel will of course be reimbursed the balance of the \$7,000 granted for the erection of the school, and in conducting her pro rata share. Whether the Board will pursue this course, or assess the townships for the amount yet unpaid for the erection of the school—about \$1,500 or \$2,000—remains to be seen. We are inclined to believe that the Board will act in good faith with the townships, and will be prepared to deal with them in such a manner with a view to promote harmony and advance the educational interests of the district.

EXTRA EXAMINATIONS.—The examinations for entrance to the Listowel High School are being held this week. There are 82 candidates. Mr. Crozier, Headmaster, is conducting the examinations. He is being assisted by Mr. Campbell of Harriston. We understand that a slight "unpleasantness" occurred at the school on Tuesday week, in relation to Mr. Clapp, who it would appear is still laboring under the delusion that he is the properly appointed and qualified Inspector of Schools in this town. Mr. Crozier's reply to Mr. Fowler and his instructions to the Board to the contrary notwithstanding—endeavoring to assume control of the examinations—was met by another examiner in Mr. Crozier's place, Mr. Crozier, however, "held the fort," which fact of the examination papers having been forwarded to him through the Educational Department, accompanied with instructions for him to conduct the examinations, bore him out in doing. It is such time that the news was brought to a close, and that the people of this town should know who is the rightful Inspector, or who is the rightful Headmaster, or who is the rightful Headmaster of the school, and who is the rightful Headmaster of the school, and who is the rightful Headmaster of the school.

STEAMER BURNED.
Terrible Loss of Life—A Scene of Heart-rending Distress—Heroism of the Pilot.
Culter Point, L. E., June 25.—The steamer Sawanaka was burned to the water's edge off Culter Point at 3 o'clock this afternoon. The steamer owned by the majority of her passengers, but the pilot, Mr. Sawanaka, was burned to death. The Sawanaka plies between New York, Land's Point and Roslyn, L. I.

AN EXPLOSION.
New York, June 25.—The steamer Savannah which ran from Leek's slip up the sound to Glen Cove, L. I., took fire at 4:30 in the afternoon. The fire was caused by an explosion in the engine room, and the middle steamer was soon in flames. The pilot, Charles A. Dana, was burned to death, and the vessel was burned to the water's edge. The pilot, Charles A. Dana, was burned to death, and the vessel was burned to the water's edge.

LASTOWEL HONORABLE.—Out of host of applications for the positions of Head Master and assistant teacher in the Listowel High School, the Board have selected Mr. A. B. McCallum, B. A., and Mr. A. T. Day for the respective positions. Each of these gentlemen have an educational standing which should commendably qualify them for the important charge which the Board has placed in their hands. Mr. McCallum is a graduate of Queen's College, Kingston, and gold medalist, having carried off the gold medal upon two separate occasions. He also gained distinction at the University of Glasgow, which he attended for one year. He has had four years' experience in teaching in this country, and in addition his very favorable scholastic record, is exceedingly well recommended as a teacher. Mr. A. T. Day, who has been appointed assistant teacher, holds a first-class Provincial certificate, Toronto Normal School. He has been teaching for seven years, most of the time we believe at Rockwood. He is also said to be a very successful teacher, having excellent recommendations from public school inspectors and others. In making the appointments we have reason to believe that the Board have looked solely to the interests of the school, and it augurs well for its future prosperity that the members of the Board were unanimous in their choice. The new teachers will assume charge after midsummer vacation, when the new building will be occupied. It is cause for congratulation that our High School Board should be united in matters affecting the welfare of the school, and if they continue to pursue the same wise course which has characterized them in the present

SHOT AT HIS OWN DOOR.
A Constable Murdered at Sea Brook, Twenty Miles from Ottawa.
Ottawa, June 25.—News has reached the city of an attempted murder on the part of Constable Henry Morrison, who was shot at his own door by a man named Henri Comte. The scene of the tragedy occurred at Sea Brook, about twenty miles from Ottawa, on the night of the 20th inst. Morrison, a Constable of the Ottawa Police, was shot in the back by Comte, who was traveling in the direction of the city, but up to the present writing he has not been arrested.

IMPORTANT MOVEMENT.
Urging the Establishment of a Permanent Military Force in the Dominion.
London, June 25.—Gen. Sir Selby Smith, late in command of the troops in Canada, is making a tour of the Dominion, and from all accounts it would appear that his proposition is not altogether lightly to be set aside. The Hon. Secretary of the Colonies, Mr. Mackenzie, has provided the Colonial Office can be made to see clearly through the scheme. No less an authority than Lord Salisbury, Mr. Mackenzie, has also stated in official circles that the present Government, the Marquis of Lorne, is in favor of it to some extent.

LOCAL AND GENERAL.
Quebec City's population is 60,000.
Rev. Mr. Mackenzie, the famous Ritualist, is about to visit America for his health.
The Bill to legalize marriage with a deceased wife's sister was defeated in the House of Lords by 101 to 90.

DRAYTON.
Accidents.—There is an old adage in the district that "it is a sin to be a starm," and this has been well proved in the case of Drayton, Ontario, where a man named James H. Baker was killed by a train on the 2nd inst. Baker was returning home from his work, and was struck by a train on the 2nd inst. Baker was returning home from his work, and was struck by a train on the 2nd inst.

A VISIT TO THE MODEL FARM.
The Ontario Agricultural College has made arrangements with the W. G. Hayward, Esq., to visit the farm at Listowel on the 25th inst. The farm is one of the finest in the county, and is well equipped with all the latest improvements in agriculture. ELMA.
The township council meets at Newry on Saturday.
A meeting of the Elma Conservative Association will be held at Graham's hall, Elma Centre, on Wednesday 17th July, at 8 p. m. A good attendance is requested.

CARTHAGE.
We have received a somewhat lengthy communication from a correspondent at Carthage, who writes that he has been invited to give a lecture on the subject of "The Progress of the Nation" in Carthage. The speaker is a gentleman of high standing, and his lecture is expected to be most interesting.

STRATFORD.
The Watford and Stratford cricket clubs had a match on the 24th. Watford beat Stratford by six wickets and five runs.
The other day Messrs. Macdonald, Macpherson & Co. received an order from their place in the city of Montreal for a quantity of the amount of nearly \$7,000. As the amount was large, they were obliged to send some of the goods by a special train.

HOWICK.
The township council met on the 23rd inst. and discussed the question of the proposed extension of the road to the farm of the late John Smith. The council decided to grant the extension, and to grant the road to the farm of the late John Smith.

DRAYTON.
The river is swollen very high, owing to the large amount of rain which has fallen in the district. The water is running very fast, and it is feared that there will be some damage done to the mills and farms in the district.
