If you are particular in your dress give us a chance to suit you

Sewing Machines

This Cut gives you some idea of the ROTARY SHUTTLE that goes with the new improved machine called THE STANDARD. This shuttle runs around the bobbin, does not stop or start at all while sewing. Other machines stop and start twice to every stitch. Think of the extra wear this makes. Has both lock and chain stitch and many other improvements. Send for catalogue and learn them

\$25.00 to \$50.00

J. R. Webster.

1901. A. No. 774

In the Supreme Court.

Between—John Dagan, Plaintiff
Bessie Fowler, sole administratrix of the Estate of the late Joseph W. Fowler, deceased. Defendant.

To be sold at PUBLIC AUCTION by the Sheriff of the County of Kings, or his Deputy at the Court House in Kentville, in the County of Kings, on

Wednesday, May 1st, 1901

At the hour of twelve o'clock noon, pursuant to an order of foreclosure and sale made herein and dated the twenty-sixth day of March A. D. 1901, unless before the day of sale the amounts due to the plaintiff herein for principal and interest and costs be paid to him or his solicitors.

ALL the estate, right, title, interest, claim, demand, property and equity of redemption of the above named Joseph W. Fowler, deceased, and of all persons claiming by through or under him in, to and out of all that certain piece or parcel of Land situate near the village of Morden in the County of Kings and bounded and described as follows (viz): Commencing on the Bluff Road on the east line of land formerly known as Bishop Land but now in the possession of Hugh McMillan and thence easterly along said road to Morden Brook thence Southwardly along the centre of said brook to land in possession of William and Henegar Ritchie thence westerly along said Ritchie land to the Bishop land now in possession of Hugh McMillan thence northwardly along said McMillan line to the road the place of beginning containing about sixty acres more or less. Also that certain lot of land and premises situate in the village of Morden in said County of Kings and bounded and described as follows (viz): Beginning at the east corner of Grove Street and measuring on said Grove Street two hundred feet to William Fowler's line then running south at right angles to William Fowler's line sixty-six feet thence easterly one hundred and ninety feet thence running north sixty-six feet with the appurtenances. Terms of Sale—Ten per cent deposit at the time of sale balance on delivery of deed.

STEPHEN BELCHER
T. R. ROBERTSON, Sheriff
of Shafter & Robertson
Plaintiff's Solicitor
Kentville, N.S., March 27, 1901.

Map of Canada—We have received an excellent map of the Dominion of Canada from the Toronto Lithograph Company, Limited. The map is mounted on canvas with pretty wooden frame and is ready for hanging. It measures twenty-four inches by nineteen. The names of places are particularly clear and exact.

The exaggerated stories which are being told of the small pox raging in Kentville would be amusing if such stories were not told with the purpose of injuring the business of the town, to the advantage of other places. Travellers at different places have been told that the town was under strict quarantine and that if they came to this town they would not be able to leave. At no time have the authorities considered it necessary to take such measures to protect the public and the town is not now nor is it expected to be quarantined. People come and go at pleasure as long as they do not come in contact with or near the two buildings under quarantine. With the precaution already taken, no one in the town is afraid of its spreading and people come and go from all sections of the county. Only one case took place at Church Point and it is believed that the two cases already reported will be the extent of the disease in Kentville. It was brought here from some outside place and it is as liable to be brought into any other place as here. Kentville has been the first place to catch it and we must suffer the consequences. If the scare that people have received will cause the public to take extra precautions for the future so as not to have it brought in to other places then they will derive a benefit from our experience.

The shop formerly occupied by the post office department in Arnold's Block has just undergone a renovation and the interior fitted up in first class style. It has been fitted with large plate glass windows and everything has now a bright appearance. Mr H Goucher, tailor moved into the above on Tuesday and now has one of the finest tailor shops that can be found outside the city.

Much sympathy is expressed for the families of Mr. A. C. More and Mr. A. I. Hardy in their affliction. Mr. More's condition remains unchanged and this is about the critical stage. Having a weak constitution and never having been vaccinated makes the disease a dangerous one for him. The other case is quite a mild one.

Mr. A. S. Harris sold a fine dark grey horse to a Mr. Cochrane and sent him away on the train on Tuesday.

KENTVILLE BOARD OF TRADE

Quarterly meeting of the Kentville Board of Trade took place Tuesday evening 2nd inst. W. P. Shaffner in the chair. Minutes of annual meeting read and declared approved.

Matter in re P. O. Lobby was reported as satisfactorily settled. Communication between Board and V. T. Co. This matter had been advanced a stage but waited further action on the part of the V. T. Co. The negotiations with the K. E. Light Co. for an all night service were also reported with prospect of a successful issue.

Communication from London Chamber of Commerce in regard to the enactment of a general insolvency law for the Dominion. From Halifax Board of Trade with resolution to the end that the 33-1-3 Customs rebate on goods manufactured in Great Britain should be allowed only when such goods are landed at Canadian ports. From the Digby Board of Trade asking the co-operation of this Board in re daily Steamer service between Digby and St. John's, N. B. From the Hon. Sydney Fisher in re exhibits for Glasgow International exhibition.

A letter from the promoter of the publication of a book on Nova Scotia to be compiled by H. R. McLeod Esq., was also read and it was resolved that the work should have public approval.

Secretary Calkin called the attention of the Board to the condition of the streets in the town. Pointing out the fact that the present system was pretty generally condemned. A lively discussion ensued, taken part in by nearly all present and the following resolution was passed.

Resolved—That in the opinion of this Board the department of the Street Service of this town is badly defective and inefficient. That for the liberal amount of money annually expended upon our street a general improvement should appear, whereas, in fact our streets are going from bad to worse, year by year. That immediate action should be taken by our Town Council to institute reforms in this part of our town's services, and that the suggestion made by Mayor Yould in his annual report receive early consideration.

Attention was called to the fact that the D. A. R., had no slute for loading animals at Kentville and instances were given where people from this town were driving cattle to Port Williams to load them there as certain drovers would not load here. On motion it was resolved that this be brought to the attention of the D. A. R., and a committee W. M. Carruthers, J. E. Burgess and H. L. Cole was appointed to present the claim for a proper slute here.

On motion of W. M. Carruthers it was resolved that the secretary forward to the Postmaster General the request of the Board to have a lock mail box placed at the station for depositing letters to go on mail trains.

Mr. H. L. Cole mentioned that many travellers who were coming to Kentville on business had been stopped at other places by the report that Kentville was quarantined, and that people who came here would not be allowed to leave. The board resolved on motion, that the city and local papers be asked to state that Kentville had not been quarantined and was not likely to be, that people could come and go with pleasure and that all reports to that effect were false.

Meeting then adjourned.

Frank Reardon of Halifax has assigned.

See auction ad. of Live Stock April 10, S I Parker, Aylesford on page 8

Mr. and Mrs. Ira R. Solomon have our thanks for wedding favors.

The first issue of the Advance of Hantsport under the management of Mr. S. A. Marchant appeared on Wednesday.

The rumor that the Dominion Coal Company is about to be absorbed by the Dominion Iron and Steel Company is officially denied.

The portable saw mill at Chipman Corner owned by Clinton Bigelow has made things quite lively here this winter. Over one hundred thousand feet of plank and deals and two hundred thousand feet of stave have been cut from A. S. Harris' land.

TOWN COUNCIL

The regular meeting of the Town Council was held last Wednesday evening. The Mayor, Councillors McDougall, Yould, Cogswell, Eaton Redden, and Recorder and Clerk all present.

Mayor Yould reported that he in company with Rec. Webster were in attendance at the Local House when the discussion of the Court House bill was going on and after a few explanations it was thrown out. Recorder Webster reported that he had prepared the Railway and Health Inspector's bill and had forwarded them to the house.

The following bills were read and ordered paid.

T. L. Dodge	\$35.00
K. Sharp	5.50
R. W. Eaton	11.90
J. H. Hiltz	15.00
T. P. Calkin	.35
T. P. Calkin	.94
N. S. Carriage Co.	5.00

This was followed by the Clerk reading a resolution in regards to the condition of the Street Service and asked that the Council give the matter early consideration. On motion it was received. It was however followed by a lengthy discussion. Councillor Cogswell moved the following.

Resolved that in the opinion of this Council a superintendent of Streets and Water works should be engaged who will devote his whole time to these departments of the public service and who will be willing himself to perform manual labor. The above was lost.

Councillor McDougall read a communication from Mr. Hemon in regards a sprinkler for the town. The price of one would be \$175 delivered at Halifax. On motion the Clerk was instructed to wire Mr. Hemon an offer of \$175 to have same delivered at Kentville.

On motion the Street Committee was ordered to look after and arrange a dumping ground for the town as early as possible.

Running for Mayor

Mr. T. L. Reid formerly of this county, who for a long time has resided in Yates Centre, Woodson County, Kansas and filled several public offices there is running for Mayor of Yates Centre on the Citizens ticket. The Advocate of that town of March 29 says: "No one presumes to say that T. L. Reid will not make an excellent mayor. He is a first class business man and all of his financial interests are in Yates Centre. He is enterprising and as his place of business is located near the square he can give any city business his personal supervision."

We are glad to hear of our former citizens aspiring to prominent public positions and shall watch with interest the result of the election and if the best man wins we know he will be our Nova Scotian.

Mr. C. C. H. Eaton of Canard sold to J. A. Leaman for the Easter market 33 head of fat cattle. We understand the price received by Mr. Eaton was \$1,950.00. This is a pretty fair figure for one of our farmers to receive for beef sales made in one week.

Australian Elections

MELBOURNE, April 3.—The Australian federal elections are proceeding. The Victorian members of the House of Representatives consist of nineteen supporters of a high tariff and four supporters of a low tariff. Five of the Federal senators who will represent Victoria are protectionists and one is a free trader. The returns from New South Wales are incomplete. Thus far sixteen free traders and eleven protectionists have been elected. Only incomplete returns have been received from Queensland, South Australia and West Australia.

WALSH BROS. — HALIFAX

DEATH OF DR. CHERINGTON

Dr. Leroy J. Cherrington, a well known citizen of Salem, died at his home, this afternoon after a short illness. He came to Salem about 1890, from Lowell, and established quite a practice as a hygienic physician, with treatment by the Swedish movement cure, electricity, massage and Dr. Butler's system of health exercise. He was a very affable and genial gentleman and had hosts of friends. He enjoyed an extensive reputation as a lecturer on health and disease. He joined John Endicott lodge, A. O. U. W., April 6, 1893, was a member of Pentucket lodge of Masons of Lowell and was to take his final degree in Washington Royal Arch next Friday evening. He was about 56 years of age, and he leaves a widow.—Salem Exchange

[Dr. Cherrington and wife, Dr. Terry of Providence, Miss Dodge, Mrs. Alden and Mrs. Kenyon spent a month in Kentville in Sept. 1899, guests at the Aberdeen, and made a host of friends. For a great many years the above party had always taken their vacation together, and this is the first break by death. Dr. C. quite often wrote to parties here, and all the party looked forward to again meeting in Evangeline Land. His many acquaintance here will learn the sad news with regret.—Ed.]

Mr. and Mrs. Geo. Robinson and child arrived from Cambridge Mass., on Wednesday. Mrs. Robinson and daughter remanied at Aylesford the residence of Mr. Robinson's father and Mr. Robinson came through to Kentville to go to Cornwallis where he will reside on the farm purchased from Joshua Porter. It is good to have these Nova Scotians returning to take up their residence here.

BORN

At Wolfville, April 2nd, to Mr. and Mrs. Geo. Ellis a daughter.

DIED

Eaton—At Calais, Maine, Friday March 29th, Clement B. Eaton Esq. of St. Stephen N. B., in his 77th year. Funeral took place on Sunday.
