

A LETTER FROM A TRURO SOLDIER

Belgium, February 10th. Dear — I have not heard from you for some time, so I thought I would write today.

I am in the Fourth Division and it is to be the last division to be demobilized. I guess we are doomed to be here a while yet.

The day the armistice was signed we were in city of Valenciennes and naturally all were glad to hear the good news.

We marched with full pack containing all our possession, which made a respectable load to carry.

We were all billeted near the city of Mons, and later near Charleroi I visited both cities which are worth seeing.

I have been in Brussels twice and thoroughly enjoyed myself each time. The only trouble is that it takes a pile of money to live there, and you know soldiers are not millionaires.

Early in December we arrived in the Village of Gistoux in Belgium. We spent both Christmas and New Years there.

About two weeks ago some of our company was brought down here for guard duty on a ration dump. It is a much nicer place and more lively.

We are still doing guard duty at Mont St. Guibert. Each man has four hours on and twenty four off duty.

As I was off duty yesterday I walked back to Gistoux to get some reading matter at the Y. M. C. A.

The Minister of Agriculture was requested to take this matter up and to appoint some one to consult with the Maritime Stock Breeder's Association in regard to improved facilities for marketing.

The Pantry Sale in favor of the Returned Soldiers Fund was a Grand Success netting the sum of \$179.23.

The thanks of the committee are due the management of First Presbyterian Church for the use of their Hall and to all who assisted in making the sale possible by their contributions, and patronage.

We are having real nice crisp and cold weather, just like Canadian weather. There is a little snow on the ground and the air is clear and cold.

Yours sincerely, NEIL D. WILES.

A PLEASED PATRON.

Mr. D. Martin, who deals in general merchandise at Orangedale, N. S., got a bit of printing done at the Truro News Job Rooms, and he knows what artistic printing is like, it was nice to receive a few days ago this testimonial:

"I wish to thank you for the absolutely correct rendering, which was letter perfect, and the mechanical setting equally pleasing."

TRURO WAS THERE IN FULL FORCE.

There was big Canadian picnic, frolic and reunion at Santa Monica, Calif. Feb. 8 and 9.

At great gathering there were registered from: Nova Scotia 184, P. E. Island 98, Cape Breton 233, New Glasgow 7, Pictou 2, Amherst 40, Truro 62.

It was a big day for the "Canucks" Dr. Fringle was there and was given a great reception.

His Remedy and Book Sent Free. Captain Collings sailed the seas for many years; then he sustained a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years.

"Follow Men and Women, You Don't Have To Be Cut Up, and You Don't Have To Be Tortured By Trusses."

Captain Collings made a study of himself, of his condition—and at last he was rewarded by the finding of the method that so quickly made him a well, strong, vigorous and happy man.

Anyone can use the same method; it's simple, easy, safe and inexpensive. Every ruptured person in the world should have the Captain Collings' book, telling all about how he cured himself, and how anyone may follow the same treatment in their own home without any trouble.
