Ontario Government Wants Indeterminate Sentences.

10

Domision Government to be Asked to Legislate.

Toronto, Ont., Jan. 7 .- It is understood that communications have passed between the Ontario Government and the Hon. A. B. Aylesworth, Minister of Justice, in reference to the adoption of Justice, in reference to the adoption of the indeterminate sentence in the Pro-vince. Ontario is about to establish a prison farm, to be a means of reform-ing those convicted in the courts, rather than a penal institution. In connection with this new step, it is desired to give Ontario Judges power to send first of-fenders to the farm, to be released on parole when it is believed that they will lead upright lives for the future. In or-der to adopt such a plan, it is necessary der to adopt such a plan, it is necessary that the Dominion Parliament pass legislation, and it is probable that the cial committee of the Legislature v investigated prison methods and advo cated in its report the reforms to be in-augurated in the spring, will wait on the Minister of Justice as a deputation. It said that Mr. Aylesworth is person lly favorable to the use of the indeter ally favorable minate sentence minate sentence. The special committee consisted of Mr. J. H. Downey, M. P. P. Findley McDiarmid, M. P. P., George Pat tinson, M. P. P., and John Dargavel, M. D. D.

WHOSE BODY ?

Doubts as to the One Found in Columbus Church Stoves.

Detroit, Mich., Jan. 7 .- With many nors in circulation about the country side to-day near Columbus township where a dismembered body was found yesterday stuffed nito the Methodist Church stove, there is no positive de-velopment toward solving the mystery. Many persons have expressed doubt that the body is that of Rev. J. H. Car-michael, as at first supposed. Two mea are missing from the neigh-

michael, as at first supposed. Two men are missing from the neigh-borhood. They are Rev. Mr. Carmichael and Gideon Browning, a carpenter, who lived near the minister and for whom the officers are searching. The authorities say that so far as they know there had never been any serious trouble between Browning and little

the minister.

On Tuesday afternoon Browning, it is alleged, left a Grand Trunk train at a nearby village of Hickey, and inquired the way to the Methodist Church in Columbus township.

No reason is known why Rev. Mr. Carmichael should have gone to the church unless he had an appointment there.

A BIG PLANT

Will be the Largest Locomotive suffering from is very serious in view of his weakened condition.

here to-day by the officials of the corporation. The plant, say the officers, will be one of the largest locomotive factories in the United States, with a praboble output of 1,000 locomotives a year. It will also be the first locomo-tive plant to be erected west of Pitts-

burg. A report that the new plant was to be for the manufacture of steel for the present factories of the company, in-stead of for building loc motives, was denied at the offices of the company to-

day. The deal for the purchase of the new factory site was made yesterday, when the locomotive company bought 130 acres of land from the Gary Land Co. company's present plants. The new factory will employ 12,000 to 15,000 workers.
