MISREPRESENTATION.

STATE BOARD OF HEALTH OF NEW YORK,
ALBANY, Feb'y 11th, 1885.

THE Board considered the proceedings of the Royal Baking Powder Co. (or whoever was responsible for its publication) in advertising the boards action, through its analyst, in support of their Powder, and unanimously adopted the following resolution;

Resolved, That the advertisement of the Royal Baking Powder Co., quoting the State Board of Health of New York as recommending through one of its analysts, its purity, etc., is a misrepresentation.

True copy from minutes of State Board of Health of New York, Feb'y 11th, 1885.

Signed LEWIS BALCH,
Albany, June 30th, 1886.—3i Secretary.

Analyzing the Advertisements.

THE ROYAL BAKING POWDER COMPANY imply in their advertisements that the New York State Board of Health endorse their Powder as the only Pure Baking Powder in the market. The following copy of a letter sent them by direction of the New York State Board of Health explains itself:

FEBRUARY 6th, 1885.

To the Manufacturers of Royal Baking Powder:

Gentlemen,—In numerous advertisements of your wares it is made to appear that this Board has declared your Powder to be pure—indeed the only Pure Baking Powder in the market. Such a misrepresentation is wholly unwarranted by the report to which your advertisements refer, and if Dr. Love has given any certificate specifying the qualities of your product, it was in his private capacity, and not as analyst of this Board. I have, therefore, to request that [illegible] connecting the State Board of Health with any pretended special advertisement of your Powder, and that if you publish Dr. Love's name you omit the title of analyst to this Board—a position he does not occupy.

I am your obedient servant,
ALFRED LUDLOW CARROLL, M.D.,
Sec. and Ex. Officer,
New York State Board of Health.

Interesting to All.

THE following analysis (made by the Dominion Analyst) of three BAKING POWDERS sold in this market should put a stop to the unjust efforts of the Royal to mislead the public into supposing that it is the only pure Powder. These impartial tests show that other Powders are as pure and wholesome.

W. SAUNDERS, Dom. Analyst, London, Ont., reports:

Royal—Contains Alkaline Carbonate—a mixture consisting mainly of Bi-Carbonate of Soda and Cream of Tartar—adulterated with about 20 per cent. of Starch.

W. F. BEST, Dom. Analyst, St. John, N. B., reports:

Pure Gold—Contains Cream of Tartar, Carbonate of Soda and Flour—fresh and pure.

WOODILL'S { Nov. 10, 1882—Not adulterated; same as usual. April 7, 1883—Not adulterated same as usual. June 4, 1884—Fresh and pure; same composition as usual.

MAYNARD BOWMAN, Dom. Analyst, Halifax, N. S., reports:

WOODILL'S { Of good quality; contains nothing injurious.
